Kresge 502

Occupational Eye Injuries:
What to look for...

Presenter:  Kevin Loh, MD, MPH & Soni Mathew, MD, MBA
Residents, Occupational and Environmental Medicine
Harvard T.H. Chan School of Public Health

Discussant:  Vincent J. Patalano, MD, Chief of Ophthalmology,
Cambridge Health Alliance, Cambridge, MA

Learning Objectives: Participants will be able to 1) identify common occupational eye injuries; 2) describe which injuries can be managed in-house; and 3) to explain which eye injuries need urgent/emergent referral to an ophthalmologist vs. routine eye clinic follow-up.

Sponsored by the Harvard-NIOSH Education and Research Center (T42 OH008416), the Environmental and Occupational Medicine and Epidemiology Program, the Harvard-NIEHS Center for Environmental Health (P30 ES000002), the Department of Environmental Health, and funded in part by the National Institute for Occupational Safety and Health.

Harvard T.H. Chan School of Public Health is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Harvard T.H. Chan School of Public Health designates this educational activity for a maximum of 1 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity. If physician participants wish to claim less than 1 AMA PRA Category 1 Credits™, please notify program staff prior to the conclusion of the activity.

All are welcome to attend. ♦ Light lunch and drinks available or bring your own.
