

Dear Colleagues,

It is my pleasure to announce the 2016 recipient of the Sarah K. Wood Award for Outstanding Staff Performance.....

David Havelick
Program Manager
Epidemiology

This award was established by friends and admirers of Sarah K. Wood in tribute to her many years of exceptional service to Harvard University and the Harvard T.H. Chan School of Public Health. David is an excellent example of someone who demonstrates all of the qualities represented in this award. We will further recognize David at the School's Commencement awards program later this month. We hope you will join us to support David at the event.

Many thanks to all who took the time to nominate and to the School-wide recognition committee for their work on this award! For more information on this award and other types of staff recognition at the School, click [HERE](#).

Best,
Linda
