

Dear Colleagues,

It is my pleasure to announce the 2017 recipient of the Sarah K. Wood Award for Outstanding Staff Performance.....

Catherine Barber
Research Manager
Harvard Injury Control Center

This award was established by friends and admirers of Sarah K. Wood in tribute to her many years of exceptional service to Harvard University and the Harvard T.H. Chan School of Public Health. Catherine is an excellent example of someone who demonstrates all of the qualities represented in this award. We will further recognize Catherine at the School's Commencement awards program later this month. We hope you will join us to support Catherine at the event.

Many thanks to all who took the time to nominate and to the School-wide recognition committee for their work on this award! For more information on this award and other types of staff recognition at the School, click [HERE](#).
