Congratulations to HSPH's Harvard Heroes!
HSPH's Karen Brown (Office of Student Services), David Havelick (Epidemiology), Debbie Mattina (Faculty Affairs), and Bethany Maylone (Health Policy and Management), will be honored June 12 in Sanders Theater.

Masculine boys, feminine girls more likely to engage in cancer risk behaviors
The most feminine teen girls are more likely to use tanning beds and be physically inactive, and the most masculine boys are more likely to use chewing tobacco and cigars, compared with gender-nonconforming teens.

Thrive: A Conversation with Arianna Huffington on Redefining Success
Watch a video of last week’s Forum event with reformed workaholic Arianna Huffington. She told an HSPH audience to unplug, get some sleep, and give to others, all as a way to get more out of life.

Event Highlights
Earth Week
Sebastian's Café goes vegetarian
April 22

EcoOp Sustainability Seminar
Triumphs in Environmental Health Since the First Earth Day
Doug Dockery, chair, Department of Environmental Health
April 23, 12:30-1:30 PM
Kresge G2

Longwood Sustainability Fair
Take the Stairs participants: Pick up appreciation gifts, raffle prizes
April 24, 11:30 AM-1:30 PM
HSPH Kresge Atrium, HMS Courtyard Café

Countway Garden Volunteer Day
April 25, 12:00–1:00 PM
Register

Saturated or Not: Does Type of Fat Matter?
Teach-in and live webcast hosted by the Department of Nutrition and moderated by Corby Kummer of The Atlantic
April 25
2:30–4:30 PM
Kresge G1

The Harvard Pop Center 50th Anniversary Symposium
Open house and reception
April 28
4:30–6:00 PM
Symposium
April 29
9:00 AM–1:30 PM
RSVP

Cutter Lecture: Hormonal
See photos from the recent HSPH Fellowship Celebration, which honors the School's most generous financial aid donors and the students they support.

**Health Reform Watch**

Professor Katherine Swartz speaks with Reuters about the challenges ahead for the next Secretary of Health and Human Services, following the resignation of Kathleen Sebelius.

**Shuttle service on Patriot's Day/Marathon Monday, April 21**

The regular Fenway Midday service will be replaced by a Red Sox Midday service with two components:

a) **Lansdowne Midday Route**: The shuttle will leave the LMA, making the regular midday stops and then return to the LMA via Boylston Street, making regular stops at the East Campus (Simmons Gym), Citizens Bank near Deaconess, 70 Francis Street, and Binney Street stops, before returning to the BIDMC West Campus to begin its next run. This shuttle will display a Lansdowne sign on the dashboard.

b) **Kenmore Midday Route**: The shuttle will leave the LMA, making regular stops as far as the Kenmore Lot—it will NOT continue on to Lansdowne and the other Fenway parking facilities. On the return trip to the LMA, the shuttle will depart Overland Street and make all of the regular stops on its return trip to the LMA. This shuttle will display a Kenmore sign on the dashboard.

**BIDMC/DFCI Midday Express** will run its regular route. The regular Fenway PM service will run with the same two components as the Red Sox Midday service (described above) until the ballgame is over—at which time, it will return to regular PM service. This shuttle will display a Fenway sign on the dashboard.

**M2 Cambridge Shuttle**: The MASCO M2 shuttle (LMA/Cambridge) will be diverted to Mass Ave. and Huntington whenever Kenmore Square is closed for the marathon. Passengers from Kenmore Square and the Fenway T-stop will have to find alternative transportation. Expect delays.

**Traveling abroad? Set yourself up for a safe trip**

Before you go, visit Harvard's Travel Tools site to register your itinerary and learn about how the University can help you if an emergency occurs.

**HSPH India Health Partnership**

HSPH has developed a new partnership with Indian scientists and public health experts to facilitate faculty and student exchanges and collaboration.

**Educational work-life seminars and webinars**

Upcoming seminars offer tips for managers, home buyers, and parents-to-be.

**Carcinogenesis Across the Life Course**

Robert Hoover, National Cancer Institute

May 7

4:00–5:00 PM

Kresge G1

**Beyond the Affordable Care Act: What Works Best in Public Health? A Symposium on Comparative Effectiveness Research in Prevention**

May 15

8:45 AM–1:00 PM

Martin Conference Center, Harvard Medical School
