The recipient will be announced in the coming weeks.

Better communication, less violence
Steven Hafner, SD '18, is constantly asking the question “why?” And at the School, he’s directing that question to the issue of violence against Native American women.

Malaria parasite's essential doorway into red blood cells illuminated
Researchers have identified a protein on the surface of human red blood cells that serves as an essential entry point for invasion by the malaria parasite — opening up a promising avenue for treatment and prevention.

Why Public Health? Charles Upton
In the latest installment of our video series, Charles Upton, MPH ’15, discusses how his interest in injury prevention led him to Harvard Chan.

School community gathers to remember Freddie Gray
On May 1, the School community gathered for a moment of silence in honor of Freddie Gray, a 25-year-old black man who died on April 19 while in police custody.

Time to do self-evaluations in ePerformance
All stages of the performance assessment process must be completed by May 29. Click the link above for tips and the dates of training sessions for staff and managers.

Traveling internationally? Log your trip on the Harvard Travel Registry
Providing your itinerary and contact information enables the University to communicate with you and provide medical and security assistance, if needed. The website also offers country-specific security guides.
