Celebrating the life and career of James H. Ware

James H. Ware, the Frederick Mosteller Professor of Biostatistics and Associate Dean for Clinical and Translational Science at the Harvard Chan School, passed away Tuesday evening after a long battle with cancer. We invite everyone to join us in celebrating Jim Ware’s life and career and his profound impact on the School and public health. On Friday, April 29, a symposium will be held from 2:30–5:30 PM in Snyder Auditorium (Kresge G1) with a reception to follow in Sebastian’s Café from 5:30-7:30 PM. If you are unable to attend, there will be a live webcast of the symposium.

Event Highlights

Location change for Harvard University Health Services urgent care
Due to construction at the Smith Campus Center in Cambridge, Harvard University Health Services (HUHS) will be moving its urgent care services to the HUHS Law School Clinic at Pound Hall, 1563 Massachusetts Avenue, for evening, overnight, weekend, and holiday hours beginning in June.

Share feedback on the MBTA
MASCO is interested in your feedback on the MBTA services to and from the Longwood Area. Please use their online feedback form to share information on your experiences – both good and bad. MASCO will then share this information with representatives from the MBTA so that they can work to improve service.

Commencement awards
Nominate a deserving student, staff, or faculty member for the School's 2016 Commencement awards.

childhood cancer report overall health similar to middle-aged in general population

Improving health among homeless people
Jill Roncarati, SD '16, is working to help so-called "rough sleepers"—those who sleep outside for months at a time.
