Dear Professor Frenk,

It is with great sadness that we have learned of the death of Prof. Dimitrios Trichopoulos. On behalf of the European Research Council, we would like to express our deepest condolences to his family, friends, colleagues and students for the loss of this great scientist. He was a very valuable panel member whose contribution to the panel related to "Diagnostic tools, therapies and Public health", was exemplary. He supported whole heartedly the spirit and the work of the ERC. We will greatly miss his enthusiasm and knowledge but will keep our fondest memories of him with us, as we continue with the mission to support some of the best scientists, a mission that we know he shared with us.

Yours sincerely,

Prof. Jean-Pierre Bourguignon
President of the European Research Council

Pablo Amor
Director of the European
Research Council Executive Agency
