Watch: The Health Data Revolution

During this Forum webcast, experts discussed the health data revolution, including the potential for future discovery, practical steps to enable progress, and
research about the malaria parasite and its abilities to outwit drugs.

Lessons from Katrina
Karen DeSalvo, former health commissioner of New Orleans, said difficulties after Katrina propelled the city to reshape its health care system to become more community-based and responsive to people's basic health care needs.

Around the School
A call for the CDC to track eating disorders
Eating disorders affect millions of Americas, but they are not tracked by the CDC. Listen to a podcast interview with Bryn Austin, who is spearheading efforts to increase monitoring of eating disorders.

Raising money for earthquake relief
A group of Harvard Chan students and the Harvard Chan Middle East North Africa Student Group held a benefit on November 30 to support relief efforts in Iran after the devastating November 12 earthquake in that country.

Call for applications: Center on the Developing Child’s Djokovic Science and Innovation Fellowships
This one-year fellowship provides financial support, training, and workshops to advanced Harvard University doctoral students whose independent research aligns with the Center’s mission, which is to drive science-based innovation to achieve breakthrough outcomes for children facing adversity. Applications are due on December 22 by 5:00 PM ET.

Season of Giving toy drive deadline is December 15
The Harvard Longwood Campus community is helping families in need by participating in the Phillips Brooks House holiday toy drive. The drive will run through December 15. The goal is to provide books, games, toys, art supplies, and sports equipment to children in need. Faculty, staff, and students are invited to donate new, unwrapped gifts for children of preschool through high-school age. See a full list of toy collection boxes here.

**Harvard Art Museums shop discount**
Harvard Chan faculty, students, and staff will receive a 15% discount in the Harvard Art Museums shop through December 15. The shop offers a curated selection of art books and unique objects, including handmade jewelry, scarves, stationery, and books for children of all ages. It is open 10:00 AM-5:00 PM every day.
