

Merging PDFs

Mac:

1. Open both the PDF version of your dissertation and your signed, scanned signature page in Preview
2. Select **View - Thumbnails** in the toolbar of your dissertation PDF
3. Drag the signature page PDF over to the top (first page) of dissertation PDF thumbnails
4. Release your mouse
5. Verify that the signature page is in the right location and save
6. You may now upload your merged dissertation to ETDs @ Harvard

PC:

1. Open your dissertation in Acrobat
2. Select **Insert pages** from the **Document menu** on the toolbar
3. Select the signature file when prompted by the **Select file to insert** popup
4. Select **Before First** page as the location for the signature page to appear and select **OK**
5. Verify the signature page is in the proper location and save
6. You may now upload your merged dissertation to ETDs @ Harvard
