

Weekly Funding Opportunity Announcement
ARCHIVE OF ALL CURRENT OPPORTUNITIES
Thursday March 10, 2016

NIH Funding Announcements

NEW RFA's:

Title	Announcement Number	Issuing Organization	Release Date	Opening Date (SF424 Only)	Expiration Date	Activity Code(s)
*NEW: NIH: Developing a Food Protection Rapid Response Team (RRT) (U18)	RFA-FD-16-032	FDA	03-09-2016	03-16-2016	05-17-2016	U18
**NEW: Limited Submission – NIH: Implementation of the Animal Feed Regulatory Program Standards	RFA-FD-16-022	FDA	03-09-2016	03-16-2016	05-17-2016	U18
**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at orsd@hsph.harvard.edu						
*NEW: NIH: Systems Biology of Aging (R01)	RFA-AG-17-004	NIA	03-09-2016	09-07-2016	10-08-2016	R01
*NEW: NIH: NIDA Translational Avant-Garde Award for Development of Medication to Treat Substance Use Disorders (UG3/UH3)	RFA-DA-17-015	NIDA	03-09-2016	06-28-2016	07-29-2016	UG3/UH3
**NEW: Limited Submission – NIH: Network for Emergency Care Clinical Trials: Strategies to Innovate EmergENCy Care Clinical Trials Network (SIREN) - Network Clinical Center (Hub) (U24)	RFA-NS-16-016	NINDS	03-09-2016	05-01-2016	06-02-2016	U24
**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at orsd@hsph.harvard.edu						

**NEW: Limited Submission – NIH: Network for Emergency Care Clinical Trials: Strategies to Innovate EmergENcy Care Clinical Trials Network (SIREN) - Data Coordinating Center (DCC) (U24)	RFA-NS-16-015	NINDS	03-09-2016	05-01-2016	06-02-2016	U24
**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at orsd@hsph.harvard.edu						
**NEW: Limited Submission – NIH: Network for Emergency Care Clinical Trials: Strategies to Innovate EmergENcy Care Clinical Trials Network (SIREN) - Clinical Coordinating Center (CCC) (U24)	RFA-NS-16-014	NINDS	03-09-2016	05-01-2016	06-02-2016	U24
**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at orsd@hsph.harvard.edu						
*NEW: NIH: Immunity in Neonates and Infants (U01)	RFA-AI-16-001	NIAID	03-07-2016	06-29-2016	07-30-2016	U01
*NEW: NIH: Learning Disabilities Innovation Hubs (P20)	RFA-HD-17-003	NICHD	03-04-2016	04-13-2016	05-14-2016	P20

NEW PA's:

Title	Announcement Number	Issuing Organization	Release Date	Opening Date (SF424 Only)	Expiration Date	Activity Code(s)
*NEW: NIH: Methods for Prevention Packages Program IV (MP3 IV) (R01)	PAR-16-124	NIAID	03-09-2016	05-07-2016	06-08-2018	R01
*NEW: NIH: Physical Activity and Weight Control Interventions Among Cancer Survivors: Effects on Biomarkers of Prognosis and Survival (R01)	PAR-16-122	NCI	03-09-2016	05-05-2016	09-08-2018	R01
*NEW: NIH: Physical Activity and Weight Control Interventions Among Cancer Survivors: Effects on Biomarkers of Prognosis and Survival (R21)	PAR-16-123	NCI	03-09-2016	05-16-2016	09-08-2018	R21
*NEW: NIH: Early-Stage Preclinical Validation of Therapeutic Leads for Diseases of Interest to the NIDDK (R01)	PAR-16-121	NIDDK	03-09-2016	05-05-2016	05-08-2019	R01

*NEW: NIH: The Application of Big Data Analytics to Drug Abuse Research (R01)	PA-16-119	NIDA	03-09-2016	05-05-2016	05-08-2019	R01
**NEW: Limited Submission – NIH: Research Initiative for Scientific Enhancement (RISE) (R25)	PAR-16-118	NIGMS	03-04-2016	04-24-2016	05-26-2018	R25
**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at orsd@hsph.harvard.edu						
*NEW: NIH: Increased Knowledge and Innovative Strategies to Reduce HIV Incidence-iKnow Projects (R01)	PAR-16-117	NIAID	03-03-2016	04-15-2016	05-09-2018	R01

Previously Announced – National Institutes of Health

****Denotes a Limited Submission Opportunity (LSO)** – If you are interested in applying for any of the LSOs listed below, please inform ORSD at orsd@hsph.harvard.edu. Visit the ORSD [website](#) for more information about Limited Submission opportunities.

****Limited Submission – NIH: NIOSH Centers of Excellence for Total Worker Health (U19)**

Closing Date: November 30, 2019

CLOSED: A candidate has been identified to move forward as the Harvard Chan nominee for this award.

****Limited Submission – NIH: Outstanding New Environmental Scientist (ONES) Award (R01)**

Closing Date: February 28, 2018

CLOSED: A candidate has been identified to move forward as the Harvard Chan nominee for this award.

****Limited Submission – NIH: NIOSH Occupational Safety and Health Training Project Grants (T03)**

Closing Date: November 4, 2019

CLOSED: The Harvard Chan School has an existing NIOSH training grant.

****Limited Submission – NIH: NIOSH Occupational Safety and Health Education and Research Centers (T42)**

Closing Date: November 21, 2019

CLOSED: The Harvard Chan School has an existing NIOSH training grant.

****Limited Submission – NIH: NLM Institutional Grants for Research Training in Biomedical Informatics and Data Science (T15)**

Closing Date: April 19, 2016

CLOSED: A candidate has been identified to move forward as the Harvard Chan nominee for this award.

****Internal Coordination Required – NIH: Shared Instrumentation Grant (SIG) Program (S10)**

Closing Date: May 17, 2016

****Internal Coordination Required – NIH: High-End Instrumentation (HEI) Grant Program (S10)**

Closing Date: May 17, 2016

****Limited Submission – NIH: Bridges to the Doctorate (R25)**

Closing Date: September 26, 2018

****Limited Submission – NIH: Institutional Research and Academic Career Development Awards (IRACDA) (K12)**

Closing Date: September 20, 2018

****Limited Submission – NIH: Silvio O. Conte Digestive Diseases Research Core Centers (P30)**

Closing Date: July 8, 2016

****Limited Submission – NIH: Environmental Health Sciences Core Centers (EHS CC) (P30)**

Closing Date: May 7, 2016

****Limited Submission – NIH: Consortium for Food Allergy Research: Leadership Center (UM2)**

Closing Date: July 1, 2016

****Limited Submission – NIH: Consortium for Food Allergy Research: Clinical Research Units (UM1)**

Closing Date: July 1, 2016

****Limited Submission – NIH: NIH Blueprint Training in Computational Neuroscience: From Biology to Model and Back Again (T90/R90)**

Closing Date: March 19, 2016

**** Limited Submission – NIH: Data Coordinating and Operations Center for the IDeA States Pediatric Clinical Trials Network (U24)**

Closing Date: April 16, 2016

****Limited Submission – NIH: Clinical Sites for the IDeA States Pediatric Clinical Trials Network (UG1)**

Closing Date: April 16, 2016

****Limited Submission – NIH: Innovation Corps (I-Corps™) at NIH Program for NIH and CDC Phase I Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Grantees (Admin Supp)**

Closing Date: March 22, 2016

****Limited Submission – NIH: Diabetes Research Centers (P30)**

Closing Date: June 15, 2016

****Limited Submission – NIH: International Centers of Excellence for Malaria Research (U19)**

Closing Date: April 16, 2016

****Limited Submission – NIH: Academic-Community Partnership Conference Series (R13)**

Closing Date: November 18, 2016

****Limited Submission – NIH: Child Neurologist Career Development Program (CNCDP) (K12)**

Closing Date: June 15, 2016

****Limited Submission – NIH: Addressing Health Disparities in Maternal and Child Health through Community-Based Participatory Research (R03)**

Closing Date: November 22, 2016

****Limited Submission – NIH: Centers for Agricultural Safety and Health (U54)**

Closing Date: December 2, 2017

****Limited Submission – NIH: Dominantly Inherited Alzheimer Network (U19)**

Closing Date: May 26, 2016

****Limited Submission – NIH: Biomarkers for Older Controls at Risk for Dementia (BIOCARD) Study (U19)**

Closing Date: May 26, 2016

****Limited Submission – NIH: Cancer Center Support Grants (CCSGs) for NCI-designated Cancer Centers (P30)**

Closing Date: January 8, 2017

****Limited Submission – NIH: National Primate Research Centers (P51)**

Closing Date: January 26, 2017

****Limited Submission – NIH: Limited Competition for the Renewal of the National Cell Repository of Alzheimer’s Disease (NCRAD) (U24)**

Closing Date: September 26, 2017

****Limited Submission – NIH: Clinical and Translational Science Award (U54)**

Closing Date: May 26, 2018

****Limited Submission – NIH: Superfund Hazardous Substance Research and Training Program (P42)**

Closing Date: April 4, 2016

****Limited Submission – NIH: Science Education Partnership Award (SEPA) (R25)**

Closing Date: June 23, 2016

****Limited Submission – NIH: Biomedical/Biobehavioral Research Administration Development (BRAD) Award (G11)**

Closing Date: August 20, 2016

****Limited Submission – NIH: Institutional Training for a Dental, Oral and Craniofacial Research Workforce (T90/R90)**

Closing Date: September 26, 2017

****Limited Submission – NIH: Ruth L. Kirschstein National Research Service Award (NRSA) Institutional Training for a Dental, Oral and Craniofacial Research Workforce (T32)**

Closing Date: September 26, 2017

****Limited Submission – NIH: NEI Center Core Grant for Vision Research (P30)**

Closing Date: October 1, 2016

****Limited Submission – NIH: Institutional Development Award (IDeA) Program Infrastructure for Clinical and Translational Research (IDeA-CTR)(U54)**

Closing Date: October 1, 2016

NIH: Small Vessel Vascular Contributions to Cognitive Impairment and Dementia (VCID) Biomarkers Development Projects (UH2/UH3)

Closing Date: May 11, 2016

NIH: Small Vessel Vascular Contributions to Cognitive Impairment and Dementia (VCID) Biomarkers Consortium: Coordinating Center (U24)

Closing Date: May 11, 2016

NIH: Pragmatic Strategies for Assessing Psychotherapy Quality in Practice (R01)

Closing Date: June 9, 2016

NIH: Cooperative Study Group for Autoimmune Disease Prevention (U01)

Closing Date: June 30, 2016

NIH: Stimulating Peripheral Activity to Relieve Conditions (SPARC): Pre-clinical Development of Existing Market-approved Devices to Support New Market Indications (U18)

Closing Date: May 3, 2016

NIH: Characterization of Circulating Pro- and Anti-Geronic Proteins and Peptides (R01)

Closing Date: February 3, 2017

NIH: Center without Walls for the Identification and Validation of Molecular Mechanisms Contributing to Tau Pathogenesis and Associated Neurodegeneration in Frontotemporal Degeneration (FTD) (U54)

Closing Date: May 11, 2016

NIH: Bioengineering Research Partnerships (U01)

Closing Date: January 8, 2019

NIH: Optimization of Monoclonal Antibodies for Eliminating the HIV Reservoir (R01)

Closing Date: January 10, 2019

NIH: Spermatogenic Stem Cell Culture Systems to Preserve and Restore Reproductive Capacity in Males (R01)

Closing Date: June 6, 2018

NIH: Maximizing Access to Research Careers Undergraduate - Student Training in Academic Research (MARC U-STAR) (T34)

Closing Date: May 26, 2018

NIH: Biomarkers Discovery In Parkinsonism (U01)

Closing Date: September 7, 2018

NIH: Biomarkers for the Lewy Body Dementias (U01)

Closing Date: May 11, 2016

NIH: Services Planning Research in the Appalachian Region to Address Adverse Health Consequences Associated with Increased Opioid Injection Drug Use (R03)

Closing Date: April 29, 2016

NIH: Cooperative Agreement to Develop Targeted Agents for Use with Systemic Agents Plus Radiotherapy (U01)

Closing Date: December 15, 2017

NIH: Modeling of Infectious Disease Agent Study Research Projects (R01)

Closing Date: May 8, 2019

NIH: Rapid Assessment of Zika Virus (ZIKV) Complications (R21)

Closing Date: May 1, 2019

NIH: Cancer Tissue Engineering Collaborative: Enabling Biomimetic Tissue-Engineered Technologies for Cancer Research (U01)

Closing Date: December 1, 2018

NIH: Limited Competition: NIGMS Legacy Community-Wide Scientific Resources (R24)

Closing Date: October 19, 2018

NIH: NIAID SBIR-Technology Transfer Direct Phase II (R44)

Closing Date: June 24, 2016

NIH: SBIR Phase II Bridge Awards to Accelerate the Development of Cancer Therapeutics, Imaging Technologies, Interventional Devices, Diagnostics, and Prognostics toward Commercialization (R44)

Closing Date: July 14, 2016

NIH: T4 Translation Research Capacity Building Initiative in Low Income Countries (TREIN) (U24)

Closing Date: June 16, 2016

NIH: Assessing Human Placental Development and Function Using Existing Data (R01)

Closing Date: April 7, 2016

NIH: Assessing Human Placental Development and Function Using Existing Data (R21)

Closing Date: April 7, 2016

NIH: Multidisciplinary Research in Vulvodynia (R21)

Closing Date: May 8, 2019

NIH: Multidisciplinary Research in Vulvodynia (R03)

Closing Date: May 8, 2019

NIH: Multidisciplinary Research in Vulvodynia (R01)

Closing Date: May 8, 2019

NIH: NARMS Cooperative Agreement Program to Enhance and Strengthen Antibiotic Resistance Surveillance in Retail Food Specimens (U01)

Closing Date: May 2, 2020

NIH: Cooperative Research Agreements Related to the World Trade Center Health Program (U01)

Closing Date: December 4, 2019

NIH: Accelerating Research on Intervertebral Disc (ARID) (R01)

Closing Date: February 6, 2019

NIH: Accelerating Research on Intervertebral Disc (ARID) (R21)

Closing Date: February 17, 2019

NIH: Basic Biopsychosocial Mechanisms and Processes in the Management of Chronic Conditions (R21)

Closing Date: December 7, 2016

NIH: Improvement of Animal Models for Stem Cell-Based Regenerative Medicine (R21)

Closing Date: May 8, 2019

NIH: Improvement of Animal Models for Stem Cell-Based Regenerative Medicine (R01)

Closing Date: May 8, 2019

NIH: Stimulating Peripheral Activity to Relieve Conditions (SPARC): Technologies to Understand the Control of Organ Function by the Peripheral Nervous System (OT2)

Closing Date: September 30, 2016

NIH: Pre-application: Stimulating Peripheral Activity to Relieve Conditions (SPARC): Technologies to Understand the Control of Organ Function by the Peripheral Nervous System (OT1)

Closing Date: May 17, 2016

NIH: Mechanistic Ancillary Studies to Ongoing Interventional Clinical Trials (R21)

Closing Date: April 4, 2016

NIH: Mechanistic Ancillary Studies to Ongoing Interventional Clinical Trials (R01)

Closing Date: April 4, 2016

NIH: Mechanistic Basis of Diffuse White Matter Disease in Vascular Contributions to Cognitive Impairment and Dementia (VCID) (R01)

Closing Date: April 20, 2016

NIH: Targets of Low Dose Alcohol in the Brain (R21)

Closing Date: April 22, 2016

NIH: Targets of Low Dose Alcohol in the Brain (R01)

Closing Date: April 22, 2016

NIH: Small Business Alzheimer's Disease Research (R41/R42)

Closing Date: April 6, 2019

NIH: Small Business Alzheimer's Disease Research (R43/R44)

Closing Date: April 6, 2019

NIH: Local Food Producer Outreach, Education, and Training to Enhance Food Safety and FDA Food Safety Modernization Act (FSMA) Compliance (U01)

Closing Date: April 22, 2016

NIH: Native American Tribes Outreach, Education, and Training to Enhance Food Safety and FSMA Compliance (U01)

Closing Date: April 22, 2016

NIH: Regional Consortia for High Resolution Cryoelectron Microscopy (U24)

Closing Date: April 7, 2016

NIH: Limited Competition for the Continuation of CoFASP (Collaboration on Fetal alcohol Spectrum Disorders Prevalence) Diagnostic Classifications (Collaborative U01)

Closing Date: April 11, 2016

NIH: Small Business Alzheimer's Disease Research (R41/R42)

Closing Date: April 6, 2019

NIH: Small Business Alzheimer's Disease Research (R43/R44)

Closing Date: April 6, 2019

NIH: Noise-Induced Synaptopathy in the Human Auditory System (R01)

Closing Date: January 25, 2017

NIH: The Neural Mechanisms of Multi-Dimensional Emotional and Social Representation (R21)

Closing Date: June 4, 2016

NIH: The Neural Mechanisms of Integrated Emotional and Social Representation (R01)

Closing Date: June 4, 2016

NIH: Imaging and Biomarkers for Early Cancer Detection (U01)

Closing Date: December 12, 2018

NIH: Oocyte Mitochondrial Function in Relation to Fertility, Aging, and Mitochondrial Diseases (R21)

Closing Date: May 8, 2019

NIH: Oocyte Mitochondrial Function in Relation to Fertility, Aging, and Mitochondrial Diseases (R01)

Closing Date: May 8, 2019

NIH: Initiative to Maximize Research Education in Genomics: Courses for Skills Development (R25)

Closing Date: January 26, 2019

NIH: Building Complex 3-Dimensional in Vitro Human Musculoskeletal and Skin Tissue Models (R43)

Closing Date: October 19, 2016

NIH: ENCODE Data Coordinating Center (U24)

Closing Date: March 22, 2016

NIH: Expanding the Encyclopedia of DNA Elements (ENCODE) in the Human and Mouse (UM1)

Closing Date: March 22, 2016

NIH: ENCODE Data Analysis Center (U24)

Closing Date: March 22, 2016

NIH: Characterizing the Functional Elements in the Encyclopedia of DNA Elements (ENCODE) Catalog (UM1)

Closing Date: March 22, 2016

NIH: Computational Analysis of the Encyclopedia of DNA Elements (ENCODE) Data (U01)

Closing Date: March 22, 2016

NIH: Supplements to Promote Clinical Research Studies on Pediatric Burkitt Lymphoma in Low- and Middle-Income Countries (Admin Supp)

Closing Date: April 16, 2016

NIH: NIA Clinical Research Project Planning Grant Program (R34)

Closing Date: March 17, 2019

NIH: Feasibility Studies to Build Collaborative Partnerships in Cancer Research (P20)

Closing Date: January 30, 2018

NIH: NIDCD National Human Ear Tissue Laboratory Resource for Hearing and Balance Research (U24)

Closing Date: April 1, 2016

NIH: Genome Sequencing Center for the Gabriella Miller Kids First Pediatric Research Program (U24)

Closing Date: April 1, 2016

NIH: Use of 3D Printing for Creation of Implantable Devices (R21/R33)

Closing Date: March 18, 2016

NIH: Research to Action: Assessing and Addressing Community Exposures to Environmental Contaminants (R01)

Closing Date: May 8, 2019

NIH: International Research Ethics Education and Curriculum Development Award (R25)

Closing Date: May 18, 2018

NIH: Education and Health: New Frontiers (R21)

Closing Date: January 8, 2019

NIH: Education and Health: New Frontiers (R03)

Closing Date: January 8, 2019

NIH: Education and Health: New Frontiers (R01)

Closing Date: January 8, 2019

NIH: International Bioethics Research Training Program (D43)

Closing Date: May 19, 2016

NIH: NIH Pathway to Independence Award (Parent K99/R00)

Closing Date: May 8, 2016

NIH: Clinical Development of Minimally-Invasive Bioassays to Support Outpatient Clinical Trials of Therapeutics for Substance Use Disorders (R21)

Closing Date: September 8, 2018

NIH: Clinical Development of Minimally-Invasive Bioassays to Support Outpatient Clinical Trials of Therapeutics for Substance Use Disorders (R01)

Closing Date: September 8, 2018

NIH: Behavioral and Integrative Treatment Development Program (R03)

Closing Date: January 8, 2019

NIH: Behavioral and Integrative Treatment Development Program (R01)

Closing Date: January 8, 2019

NIH: Behavioral and Integrative Treatment Development Program (R34)

Closing Date: January 8, 2019

NIH: NIDCR Small Research Grants for Data Analysis and Statistical Methodology Applied to Genome-wide Data (R03)

Closing Date: January 8, 2019

NIH: Behavioral Science Track Award for Rapid Transition (B/Start)(R03)

Closing Date: January 8, 2019

NIH: BRAIN Initiative: Next-Generation Invasive Devices for Recording and Modulation in the Human Central Nervous System (U44)

Closing Date: April 27, 2016

NIH: BRAIN Initiative: SBIR Direct to Phase II Next-Generation Invasive Devices for Recording and Modulation in the Human Central Nervous System (U44)

Closing Date: April 27, 2016

NIH: Novel Assays to Address Translational Gaps in Treatment Development (UG3/UH3)

Closing Date: October 25, 2018

NIH: Small Grants for New Investigators to Promote Diversity in Health-Related Research (R21)

Closing Date: January 8, 2019

NIH: Ancillary Studies to the NIDDK Intestinal Stem Cell Consortium (R01)

Closing Date: January 8, 2019

NIH: BRAIN Initiative: New Concepts and Early - Stage Research for Large - Scale Recording and Modulation in the Nervous System (R21)

Closing Date: March 16, 2016

NIH: Tropical Medicine Research Centers (U19)

Closing Date: June 4, 2016

NIH: U.S.-China Program for Biomedical Collaborative Research (R01)

Closing Date: March 18, 2016

NIH: Applied Research Toward Zero Suicide Healthcare Systems (R01)

Closing Date: November 3, 2016

NIH: Systems Biology Approaches in HIV/AIDS and Substance Use (R01)

Closing Date: April 5, 2016

NIH: NHLBI Outstanding Investigator Award (OIA) (R35)

Closing Date: April 16, 2018

NIH: NHLBI Early Investigator Award (EIA) (R35)

Closing Date: April 16, 2018

NIH: Development and Translation of Medical Technologies to Reduce Health Disparities (SBIR) (R43/R44)

Closing Date: July 7, 2016

NIH: Innovative Technologies for Cancer-Relevant Biospecimen Science (R21)

Closing Date: September 27, 2016

NIH: Advanced Development and Validation of Emerging Molecular and Cellular Analysis Technologies for Basic and Clinical Cancer Research (R33)

Closing Date: September 27, 2016

NIH: Advanced Development and Validation of Emerging Technologies for Cancer-Relevant Biospecimen Science (R33)

Closing Date: September 27, 2016

NIH: Innovative Molecular and Cellular Analysis Technologies for Basic and Clinical Cancer Research (R21)

Closing Date: September 27, 2016

NIH: Research Projects to Enhance Applicability of Mammalian Models for Translational Research (R01)

Closing Date: May 8, 2017

NIH: Collaborative Research Projects to Enhance Applicability of Mammalian Models for Translational Research (Collaborative R01)

Closing Date: May 8, 2017

NIH: Natural History of Disorders Identifiable by Screening of Newborns (R01)

Closing Date: May 9, 2019

NIH: NIDCD Early Career Research (ECR) Award (R21)

Closing Date: October 27, 2018

NIH: Availability of Administrative Supplements to NIGMS Predoctoral Training Grants (Admin Supp)

Closing Date: April 1, 2016

NIH: Revision Applications for Assay Validation For High Quality Markers For NCI-Supported Clinical Trials (U10)

Closing Date: October 7, 2017

NIH: Mechanism for Time-Sensitive Drug Abuse Research (R21)

Closing Date: November 9, 2018

NIH: Improving Diabetes Management in Pre-teens, Adolescents and/or Young Adults with Type 1 Diabetes (DP3)

Closing Date: June 23, 2016

NIH: Improving Diabetes Management in Children with Type 1 Diabetes (DP3)

Closing Date: June 23, 2016

NIH: Understanding Barriers and Facilitators to Type 1 Diabetes Management in Adults (DP3)

Closing Date: June 23, 2016

NIH: Environmental Influences on Child Health Outcomes: Patient Reported Outcomes Research Resource Center Core (ECHO PRO Core) (U24)

Closing Date: April 16, 2016

NIH: Environmental Influences on Child Health Outcomes (ECHO) Data Analysis Center (U24)

Closing Date: April 16, 2016

NIH: Environmental Influences on Child Health Outcomes (ECHO) Pediatric Cohorts (UG3/UH3)

Closing Date: April 16, 2016

NIH: Environmental Influences on Child Health Outcomes (ECHO) Coordinating Center (U2C)

Closing Date: April 16, 2016

NIH: Risk of Adolescence and Injury in HIV Susceptibility (RAIS) (R01)

Closing Date: March 17, 2016

NIH: Global Noncommunicable Diseases and Injury Across the Lifespan: Exploratory Research (R21)

Closing Date: February 23, 2017

NIH: Small-Cell Lung Cancer (SCLC) Consortium: Innovative Approaches to the Prevention and Early Detection of Small Cell Lung Cancer (U01)

Closing Date: November 18, 2017

NIH: Small Cell Lung Cancer (SCLC) Consortium: Coordinating Center (U24)

Closing Date: November 18, 2016

NIH: Small-Cell Lung Cancer (SCLC) Consortium: Therapeutic Development and Mechanisms of Resistance (U01)

Closing Date: November 18, 2018

NIH: Limited Competition: Exposure Analysis Services for the Environmental Influences on Children's Health Outcomes (ECHO) Program (Admin Supp)

Closing Date: April 16, 2016

NIH: National Institute on Aging Genetics of Alzheimer's Disease Data Storage Site (U24)

Closing Date: September 26, 2018

NIH: Administrative Supplements to NIH Awards for Validation Studies of Analytical Methods for Natural Products (Admin Supp)

Closing Date: April 16, 2017

NIH: Psychosocial and Behavioral Mechanisms in Bariatric Surgery (R01)

Closing Date: April 15, 2016

NIH: Development of New Technologies and Bioengineering Solutions for the Advancement of Cell Replacement Therapies for Type 1 Diabetes (R43/R44)

Closing Date: June 29, 2016

NIH: Human Immunology Project Consortium (U19)

Closing Date: March 18, 2016

NIH: Drug Discovery For Nervous System Disorders (R01)

Closing Date: January 8, 2019

NIH: Drug Discovery For Nervous System Disorders (R21)

Closing Date: January 8, 2019

NIH: Image-guided Drug Delivery (R01)

Closing Date: November 23, 2018

NIH: Revision Applications for Validation of Mobile/Wireless Health Tools for Measurement and Intervention (R01)

Closing Date: January 8, 2019

NIH: Exploratory/Developmental Bioengineering Research Grants (EBRG) (R21)

Closing Date: January 8, 2019

NIH: Advancing Erythroid Cell Biology (R01)

Closing Date: January 8, 2019

NIH: NEI Clinical Study Planning Grant Program (R34)

Closing Date: January 8, 2019

NIH: Pulmonary and Cardiovascular Consequences of Inhaled Nicotine (R01)

Closing Date: May 8, 2016

NIH: Limited Competition - Stimulating Peripheral Activity to Relieve Conditions (SPARC): Foundational Functional Mapping of Neuroanatomy and Neurobiology of Organs (OT2)
Closing Date: June 16, 2016

NIH: Pre-application: Stimulating Peripheral Activity to Relieve Conditions (SPARC): Comprehensive Functional Mapping of Neuroanatomy and Neurobiology of Organs (OT1)
Closing Date: January 16, 2018

NIH: Limited Competition - Stimulating Peripheral Activity to Relieve Conditions (SPARC): Comprehensive Functional Mapping of Neuroanatomy and Neurobiology of Organs (OT2)
Closing Date: June 15, 2018

NIH: Improving Outcomes in Cancer Treatment-Related Cardiotoxicity (R01)
Closing Date: January 8, 2019

NIH: Improving Outcomes in Cancer Treatment-Related Cardiotoxicity (R21)
Closing Date: January 8, 2019

NIH: NHLBI Clinical Trial Pilot Studies (R34)
Closing Date: January 8, 2019

NIH: Ancillary Studies to Major Ongoing Clinical Research Studies to Advance Areas of Scientific Interest within the Mission of the NIDDK (R01)

Internal Funding Opportunities

[Harvard Chan School Internal Funding – McLennan Family Fund: Dean’s Challenge Grant Program](#)

Application Deadline: March 11, 2016

Each year, the Dean will identify a set of global health issues that will be key priorities in the selection and award of challenge grants. The topics will be targeted to attract proposals from a variety of faculty across departments, resulting in cross-cutting, multidisciplinary approaches to addressing public health issues of top priority. This year, two priority topics have been identified: (1) **Big Data in Health**, and (2) **Obesity, Metabolic Diseases and Nutrition**. Grant applications that align with the Dean’s priority topics will be given special consideration; however, any faculty member who has a novel approach or innovative idea in need of seed funding is encouraged to apply.

[Internal Funding – Nutrition Obesity Research Center at Harvard: Pilot & Feasibility Projects](#)

Application Deadline: April 1, 2016

The overall goal of the Pilot and Feasibility Project (PFP) is to stimulate innovative research relevant to nutrition or obesity. We hope that this program will be a mechanism through the Center to encourage basic investigators to extend their studies into nutrition/obesity, often in collaboration with investigators in the Center and directly focused on clinical/translational problems.

Non-Federal Funding Opportunities

****NEW: Limited Submission – Pew Charitable Trusts Scholars Program**

Internal Deadline: April 5, 2016

Sponsor Deadline: November 2, 2016

This award will be competed at the university-level and the University Committee on Biological Sciences (UCBS) will select the internal candidate. The application process for the Harvard Chan School and Harvard Medical School is managed by the HMS Foundation Funds and Chan School applicants should apply through the Harvard University Funding Portal (HUFPP). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

****NEW: Limited Submission – Searle Scholars Program**

Internal Deadline: June 20, 2016

This award will be competed at the university-level and the application and selection process will be managed by the OVPR via HUFPP (Harvard University Funding Portal). Harvard University, as one institution, can nominate two applicants for this opportunity. The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

***NEW: The National Academies of Sciences, Engineering, and Medicine: Gulf Research Program Synthesis Grants**

LOI Deadline: April 27, 2016

Application Deadline: June 22, 2016

This funding opportunity seeks projects that will use environmental data in combination with individual-level or population-level

socio-cultural, economic, and/or health data to either (1) advance the development of tools, methodologies, and approaches for understanding interactions between the environment, social systems, and human health; or (2) integrate existing data to generate novel insights and address important questions. Proposed projects should address one of two themes: (1) Coastal Communities; (2) Human Exposure.

[*NEW: Institute Merieux: Merieux Research Grants](#)

Application Deadline: May 20, 2016

These research grants are designed to promote and identify innovative projects. They provide investigators (junior, senior, in the medical or scientific community) in public and private laboratories with the funding needed to conduct projects on infectious diseases, cancer and cardiovascular diseases, nutrition, food and water safety.

[*NEW: The Gerber Foundation: Research Grants in Pediatric Health](#)

Concept Papers: June 1, 2016

The Gerber Foundation's mission focuses on the nutrition, care and development of infants and young children. Grant-making interests are focused on nutrition and/or health-related research having a significant impact on issues facing infants and young children from the first year before birth to age 3.

The Foundation is particularly interested in fresh approaches to solving newborn or pediatric problems or emerging issues with a predictable time frame to clinical application. Projects should be focused on issues faced by care providers that, when implemented, will improve the health, nutrition and/or developmental outcomes for infants and young children.

[**Limited Submission – Gordon and Betty Moore Foundation: The Moore Inventor Fellows](#)

Internal Deadline: March 21, 2016

Sponsor Deadline: May 1, 2016

This award will be competed at the university-level and the application and selection process will be managed by the OVPR via HUFPP (Harvard University Funding Portal). Harvard University, as one institution, can nominate two applicants for this opportunity. The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[**Limited Submission: William T. Grant Scholars Program](#)

Internal NOI Deadline: March 16, 2016

Sponsor Deadline: July 6, 2016

The William T. Grant Scholars Program is for early-career researchers (applicants must have received their terminal degree within seven years of submitting their application) in the social, behavioral, and health sciences. We encourage Scholars to tackle important questions that will advance theory, policy, and practice for youth. We are focused on youth ages 5 to 25 in the United States. We fund research that increases our understanding of: programs, policies, and practices that reduce inequality in youth outcomes, and; strategies to improve the use of research evidence in ways that benefit youth.

If you are interested in applying for this award, you must submit a brief Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (lmelanson@hsph.harvard.edu) no later than **March 16. Based on the number of notices received, we will determine whether an internal competition is needed.*

[Bill & Melinda Gates Foundation: Grand Challenges China: New Interventions for Global Health](#)

Application Deadline: March 14, 2016

This challenge focuses on calls for innovative concepts for safe, effective, affordable and widely utilized interventions, such as vaccines and therapeutics, with the potential to protect against the acquisition, progression or transmission of infectious diseases that disproportionately affect the world's poorest. This call is in partnership with the National Natural Science Foundation of China and requires substantive collaborations between China-based investigators and those based outside of China.

[Damon Runyon Cancer Research Foundation: Damon Runyon-Sohn Pediatric Fellowship Award](#)

Deadline: March 15, 2016

This award provides funding to basic scientists and clinicians who conduct research with the potential to significantly impact the prevention, diagnosis or treatment of one or more pediatric cancers.

[Damon Runyon Cancer Research Foundation Fellowship Award](#)

Application Deadline: March 15, 2016

The Foundation encourages all theoretical and experimental research relevant to the study of cancer and the search for cancer causes, mechanisms, therapies and prevention.

[March of Dimes: Basil O'Connor Starter Scholar Research Awards](#)

Application Deadline: March 16, 2016

The Basil O'Connor Starter Scholar Research Awards (BOC) is designed to support young scientists just embarking on their independent research careers. The applicants' research interests should be consonant with those of the March of Dimes' mission to prevent birth defects, premature birth and infant mortality. Relevance is interpreted broadly to include fundamental cell biology (embryogenesis, cell lineage, differentiation), genetics and genomics, fundamental cellular and clinical pathogenesis of disorders of importance to mothers and infants, biomedical engineering and imaging, and social and behavioral aspects.

[The Sontag Foundation: Distinguished Scientist Awards \(Brain Cancer Research\)](#)

Application Deadline: March 16, 2016

The Sontag Foundation is seeking early career scientists with the potential to create new waves across the brain cancer field. Selection procedures have been designed to identify scientists who show the most outstanding promise of making fundamental/crucial contributions to new knowledge regarding primary brain tumors. In addition to scientific merit and the theme of the proposed research, consideration is also given to the individual's past performance and promise.

[Burroughs Wellcome Fund: Career Guidance for Trainees](#)

Application Deadline: March 16, 2016

The Burroughs Wellcome Fund will support pilot projects that demonstrate practical approaches to readying scientists for career transitions. Projects may be meant to enhance trainees' understanding of jobs beyond the Academy, or of career trajectories within academe, or of the flexibility of scientists' intellectual skill set.

[James S. McDonnell Foundation: 2016 Complex Systems Scholar Award](#)

Application Deadline: March 18, 2016

The JSMF Scholar Awards program derives from and is consistent with JSMF's commitment to supporting high quality research and scholarship leading to the generation of new knowledge and its responsible application. For Scholar Awards the program's emphasis is furthering the science of complex systems via the continued development of the theory and tools used in the study of complex research questions and not on particular fields of research per se. JSMF is particularly interested in projects attempting to apply complex systems approaches to coherently articulated questions.

[Charles H. Hood Foundation Child Health Research Awards Program](#)

Application Deadline: March 21, 2016

The intent of the Child Health Research Awards Program is to support newly independent faculty, provide the opportunity to demonstrate creativity, and assist in the transition to other sources of research funding. Grants support hypothesis-driven clinical, basic science, public health, health services research, and epidemiology projects focused on child health.

[The Medical Foundation: Deborah Munroe Noonan Memorial Research Fund](#)

Application Deadline: March 22, 2016

The Deborah Munroe Noonan Memorial Research Fund, established in 1947 by Frank M. Noonan in memory of his mother, continues its proud tradition of supporting improvements in the quality of life for children with disabilities with one-year grants up to \$80,000 (inclusive of 20% indirect costs). Recognizing that children's health services and supports are provided in a wide range of community settings as well as hospitals, the Noonan Research program welcomes research proposals from both nonprofit organizations and academic institutions that serve children with physical or developmental disabilities and associated health-related complications. Eligible organizations and target populations must be within the Fund's geographic area of interest of Greater Boston.

[The Guttmacher Institute: Cory L. Richards Memorial Scholarship](#)

Application Deadline: March 27, 2016

The Guttmacher Institute is pleased to announce the 2016 cycle of the Cory L. Richards Memorial Scholarship to support emerging leaders in the field of sexual and reproductive health and rights. The scholarship honors the legacy of Cory L. Richards, a member of the Guttmacher Institute staff for nearly four decades whose passion for mentorship and commitment to developing new leaders benefited countless individuals in the field. The scholarship aims to nurture the development of future leaders by providing financial support to students seeking Masters degrees in the fields of public health or public policy who plan to devote their careers to advancing public policy related to sexual and reproductive health and rights.

[American Cancer Society: Research Scholar Grants, Mentored Research Scholar Grants, and Postdoctoral Fellowships](#)

Application Deadline: April 1, 2016; October 15, 2016

Research Scholar Grants: Research Scholar Grants support investigator-initiated projects across the cancer research continuum.

Independent investigators in the first six years of an independent research career or faculty appointment are eligible to apply.

Mentored Research Scholar Grants: Provides support for mentored research and training to full-time junior faculty, typically within the initial four years of their first independent appointment.

Postdoctoral Fellowships: This award is to support the training of researchers who have received a doctoral degree to provide initial funding leading to an independent career in cancer research (including basic, preclinical, clinical, cancer control, psychosocial, behavioral, epidemiology, health services and health policy research).

[National Multiple Sclerosis Society: Career Transition Fellowships](#)

Preliminary Application: April 13, 2016

Full Application: August 17, 2016

Finding a way to stop MS, restore function and end MS forever will require a cadre of well-trained scientists engaged in MS-related research. The Society's Career Transition Fellowship addresses this need by fostering the development and productivity of young scientists who have potential to make significant contributions to MS research and help ensure the future and stability of MS research. The Career Transition Fellowship targets current postdoctoral trainees who demonstrate both commitment and exceptional potential to conduct MS-related research.

[American Diabetes Association: 2016 Core Research Program Funding Opportunities](#)

Application Deadline: April 15, 2016

The American Diabetes Association's Core Research Program funds research with novel and innovative hypotheses in any area relevant to the etiology or pathophysiology of diabetes and its complications that hold significant promise for advancing the prevention, cure or treatment of diabetes. Basic, clinical, translational and epidemiological or health services research approaches are encouraged.

[Prostate Cancer Foundation: 2016 PCF Challenge Award](#)

Application Deadline: April 29, 2016

The Prostate Cancer Foundation (PCF) is pleased to announce a Request for Applications for PCF Challenge Awards for investigations of metastatic, lethal prostate cancer. These awards will be funded depending on the level of innovation in applications received. High risk, currently unfunded projects are most desired.

[March of Dimes: General Research Grants](#)

LOI Deadline: April 30, 2016

The general March of Dimes research portfolio funds many different areas of research on topics related to our mission to prevent birth defects, premature birth and infant mortality. These investigations include — but are not limited to — basic biological processes of development, genetics, clinical studies, studies of reproductive health, environmental toxicology, and studies in social and behavioral sciences that focus on factors contributing to adverse pregnancy outcomes, and on consequences of birth defects and prematurity.

[Crohn's & Colitis Foundation of America: Research Grants & Fellowships](#)

LOI Deadline: May 1, 2016

Application Deadline: July 1, 2016

The Crohn's & Colitis Foundation of America is a leading funder of basic and clinical research in inflammatory bowel diseases (IBD). CCFA supports research that increases our understanding of the etiology, pathogenesis, therapy, and prevention of Crohn's disease and ulcerative colitis. CCFA offers several ongoing funding opportunities to support student and early-career researchers, as well as other professional development opportunities to enhance the pool of talent working in the field of inflammatory bowel diseases. See the CCFA website for a complete list of funding opportunities.

[William T. Grant Scholars Program: William T. Grant Distinguished Fellows and Research Grants](#)

Letters of Inquiry: May 5, 2016

William T. Grant Distinguished Fellows: This mid-career fellowship enables researchers, policymakers, and practitioners to work in settings that are outside of their traditional roles. Researchers immerse themselves in policy or practice settings and policymakers and practitioners work in research settings.

Research Grants: This grants program supports theory-building and empirical research projects on reducing inequality or understanding the use of research evidence.

[Bill and Melinda Gates Foundation: Grand Challenges Explorations \(Round 17\)](#)

Application Deadline: May 11, 2016

The Grand Challenges Explorations program fosters early-stage discovery research to expand the pipeline of ideas for solving our greatest global health and development challenges. We are accepting applications are being accepted for following six topics:

- Assess Family Planning Needs, Preferences and Behaviors to Inform Innovations in Contraceptive Technologies and Services
- Develop Novel Platforms to Accelerate Contraceptive Drug Discovery
- Design New Analytics Approaches for Malaria Elimination
- Accelerate Development of New Therapies for Childhood Cryptosporidium Infection
- Novel Approaches to Characterizing and Tracking the Global Burden of Antimicrobial Resistance
- Explore New Solutions in Global Health Priority Areas

[National Multiple Sclerosis Society: Research Grants](#)

Application Deadline: August 3, 2016

Applications are accepted for studies related to multiple sclerosis that may serve to advance our mission of stopping MS progression, restoring function and improving quality of life, and preventing MS. The Society supports fundamental as well as applied studies, non-clinical or clinical in nature, including projects in patient management, care and rehabilitation.

Robert Wood Johnson Foundation: Active Calls for Proposals

[*NEW: Robert Wood Johnson Foundation: Health Policy Research Scholars](#)

Application Deadline: April 19, 2016

Health Policy Research Scholars is a new national change leadership development opportunity for full-time doctoral students from underrepresented populations or historically disadvantaged backgrounds, entering the first or second year of their doctoral program (by September 1, 2016), from any academic discipline who are training to be researchers and are interested in health policy research.

[*NEW: Robert Wood Johnson Foundation: Culture of Health Leaders](#)

Application Deadline: April 19, 2016

Culture of Health Leaders will create and support networks of visionary leaders who can break down silos, tackle the root causes of health inequities, and successfully lead in complex situations. Participants will build bridges between health care and other factors that have such an enormous influence on people's lives and their health—where they live, learn, work, worship and play. They will transform our culture at every level, establishing a foundation of health and equity.

[Robert Wood Johnson Foundation: Interdisciplinary Research Leaders](#)

Application Deadline: April 19, 2016

This call for applications seeks teams of researchers and community members who are committed to working together to produce community-relevant, action-oriented research to improve health and well-being. The broad goal of the *Interdisciplinary Research Leaders* (IRL) program is to produce diverse interdisciplinary leaders who conduct and apply high-quality, community-engaged, action-oriented, equity-focused, health research in order to drive improvements in the health of communities.

[Robert Wood Johnson Foundation: Global Ideas for U.S. Solutions](#)

Application deadline: May 31, 2016

RWJF is seeking to learn from promising approaches from abroad that can contribute to building a Culture of Health in the United States. They are looking for projects, programs, and models that promote health equity and are aligned with our Culture of Health *Action Framework*; this year, we have a particular interest in ideas that:

- Build healthy places;
- Build social connection across the lifespan;
- Get and keep children healthy;
- Integrate health and social services; and increase the health care system's focus on the root causes of poor health.

[Robert Wood Johnson Foundation: The National Safety Net Advancement Center \(SNAC\)](#)

Application Deadline: April 1, 2016

The newly-established National Safety Net Advancement Center at Arizona State University—with funding from RWJF—is seeking proposals for grant-funded projects aimed at implementing replicable, high-impact solutions to payment and delivery reform barriers. Government and commercial payers are leading a shift from volume-based to value-based reimbursement. Given the

patient populations that they serve, safety net organizations may be uniquely positioned to address underlying causes of poor health and provide the kind of high-value, outcomes-focused health care that new payment models are designed to support. The new National Safety Net Advancement Center is proud to issue this first-of-its-kind call for proposals (CFP) to facilitate safety net organizations in overcoming challenges posed by payment and care delivery reform. The goal of the CFP is to contribute to the growing evidence base on how to successfully implement payment and care delivery reforms in safety net organizations.

[Robert Wood Johnson Foundation: Policies for Action](#)

Letter of Intent Deadline: March 15, 2016

Full Proposal Deadline: June 17, 2016

Policies for Action: Policy and Law Research to Build a Culture of Health (P4A) was created to help build an evidence base for policies that can lead to a Culture of Health. The goal is to develop research that generates actionable evidence—the data and information that can guide legislators and other policymakers, public agencies, educators, advocates, community groups, and individuals. The research may examine established laws, regulations, and policies as well as potential new policies and approaches. The research funded under this call for proposals (CFP) should inform the significant gaps in our knowledge regarding what policies can serve as levers to improve population health and well-being, and achieve greater levels of health equity.

[Robert Wood Johnson Foundation: Awards for Health Equity](#)

Application Deadline: March 30, 2016

The Robert Wood Johnson Foundation (RWJF) *Awards for Health Equity* program advances RWJF's vision of working with others to build a Culture of Health by recognizing and celebrating individuals who have successfully implemented systems changes related to the multiple determinants of health. Recognition of these efforts increases the visibility and awareness of the urgent need and solutions for systems changes to achieve health equity in our society.

[Evidence for Action: Investigator-Initiated Research to Build a Culture of Health](#)

Deadline: Open (Applications are accepted on a rolling basis)

Evidence for Action: Investigator-Initiated Research to Build a Culture of Health is a national program of RWJF that supports the Foundation's commitment to building a Culture of Health in the United States. The program aims to provide individuals, organizations, communities, policymakers, and researchers with the empirical evidence needed to address the key determinants of health encompassed in the Culture of Health Action Framework. Additionally, ***Evidence for Action* will also support efforts to assess outcomes and set priorities for action. It will do this by encouraging and supporting creative, rigorous research on the impact of innovative programs, policies and partnerships on health and wellbeing, and on novel approaches to measuring health determinants and outcomes.** Approximately \$2.2 million will be awarded annually. RWJF expect to fund between five and 12 grants each year for periods of up to 30 months.

Patient-Centered Outcomes Research (PCORI): Active Calls for Proposals

[PCORI: Engagement Award \(EAIN\): Research Meeting and Conference Support](#)

Application Deadline: June 1, 2016

This Engagement Award Initiative Notice, Patient-Centered Outcomes Research/Clinical Comparative Effectiveness Research Meeting and Conference Support, includes guidelines for available funding support for meetings and conferences that align with PCORI's Mission and Strategic Plan and facilitate expansion of patient-centered outcomes research/clinical comparative effectiveness research (PCOR/CER).

[PCORI: Engagement Award: Knowledge, Training and Development, and Dissemination Awards](#)

LOI Deadline: June 1, 2016

The Patient-Centered Outcomes Research Institute (PCORI) plans to award \$20.5 million in FY 2016 as part of the Eugene Washington PCORI Engagement Awards program. These awards support projects that encourage active integration of patients, caregivers, clinicians, and other healthcare stakeholders as integral members of the patient-centered outcomes research/clinical effectiveness research (PCOR/CER) enterprise.
