[*New - Canada Gairdner International Award 2016](#)

Nomination Deadline: October 1, 2015

The international awards (5) are given to biomedical scientists who have made original contributions to medicine resulting in increased understanding of human biology and disease. The global health award (1) is given to a scientist whose advances have (or will potentially have) a significant impact on health outcomes in the developing world.

[Limited Submission - Raymond P. Laviertes Foundation](#)

Internal Deadline: July 10, 2015

Sponsor Deadline: August 15, 2015

For the twelfth year, The Raymond P. Laviertes Foundation has invited the Harvard Chan School to submit four potential research projects which the Foundation may choose one to fund at \$50,000 (\$40K direct; \$10K indirect costs). Raymond Laviertes passed away after battling cancer, which has guided the Foundation to fund cancer-related research. The Foundation is particularly interested in work that can be leveraged for larger grants and projects that have a domestic focus. Successful proposals should be relatable and digestible to a lay audience. If you are interested in applying, please send a one-page project description to Anamarija (Ana) Kristic, akristic@hsph.harvard.edu by Friday, July 10th. The Harvard Chan School Office of Research Strategy and Development will coordinate the internal review and nomination process for Laviertes Foundation proposals. Past applicants are encouraged to re-apply.

[NARSAD Distinguished Investigator Grant](#)

Closing Date: July 6, 2015

The Brain & Behavior Research Foundation is the largest non-governmental, donor-supported organization that distributes funds for brain and behavior disorder research.
