

Weekly Funding Opportunity Announcement
ARCHIVE OF ALL CURRENT OPPORTUNITIES
Wednesday November 22, 2017

NIH Funding Announcements

ACTIVE LIMITED SUBMISSION COMPETITIONS:

****NEW:** [Limited Submission - NIH: IDeA Networks of Biomedical Research Excellence \(INBRE\) \(P20 Clinical Trial Optional\)](#)

Internal Deadline: December 15, 2017

Sponsor Deadline: March 27, 2018

**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at hconrad@hsph.harvard.edu

Previously Announced: [Limited Submission - NIH: The NCI Predoctoral to Postdoctoral Fellow Transition Award \(F99/K00\)](#)

Internal deadline: December 1, 2017

Sponsor deadline: February 21, 2018

**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at hconrad@hsph.harvard.edu

Previously Announced: [Limited Submission – NIH: Research Education: Initiative for Maximizing Student Development \(IMSD\) Program \(R25\)](#)

Internal Deadline: November 23, 2017

Sponsor Deadline: January 26, 2018

**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at hconrad@hsph.harvard.edu

Previously Announced: [Limited Submission - NIH: Environmental Health Sciences Core Centers \(EHS CC\) \(P30 Clinical Trial Optional\)](#)

Internal deadline: December 1, 2017

Sponsor deadline: April 17, 2018

**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at hconrad@hsph.harvard.edu

Previously Announced: [Limited Submission – NSF: Cultivating Cultures for Ethical STEM \(CCE STEM\)/ NSF-15-528](#)

Internal deadline: January 8, 2018

**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at hconrad@hsph.harvard.edu

Previously Announced: [Limited Submission - Packard Foundation: Fellowships for Science and Engineering 2018](#)

Internal deadline: January 8, 2018

**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at hconrad@hsph.harvard.edu

[Limited Submission - Dana Foundation: David Mahoney Neuroimaging Program, 2018](#)

Internal deadline: January 8, 2018

**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at hconrad@hsph.harvard.edu

Previously Announced: [Limited Submission- NIH: NCI National Clinical Trials Network - Canadian Collaborating Clinical Trials Network \(U10\)](#)

Sponsor deadline: 01-19-2018

**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at hconrad@hsph.harvard.edu

Previously Announced: [Limited Submission - NIH: Limited Competition: NCI National Clinical Trials Network - Network Radiotherapy and Imaging Core Services Center \(U24\)](#)

Sponsor deadline: 01-19-2018

**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at hconrad@hsph.harvard.edu

Previously Announced: Limited Submission - NIH: Building Research Capacity in Global Tobacco Product Regulation Program (U18)

Sponsor Deadline: 12-18-2017

**Limited Submission – if you are interested in applying for this opportunity, please inform ORSD at hconrad@hsph.harvard.edu

NEW RFA's:

*NEW: NIH: Elucidating HIV and HIV-treatment Associated Metabolic/Endocrine Dysfunction (R01 Clinical Trial Optional)

Closing date: 03-14-2018

*NEW: NIH: The Role of the Microbiome in the Developmental Origins of Health and Disease (DOHaD) (R01 Clinical Trial Not Allowed)

Closing date: 03-15-2018

*NEW: NIH: Tobacco Regulatory Science Small Grant Program for New Investigators (R03 Clinical Trial Optional)

Closing date: 02-14-2019

*NEW: NIH: Tobacco Regulatory Science (R01 Clinical Trial Optional)

Closing date: 02-14-2019

*NEW: NIH: Tobacco Regulatory Science (R21 Clinical Trial Optional)

Closing date: 02-14-2019

*NEW: NIH: Innovative Biospecimen Science Technologies for Basic and Clinical Cancer Research (R21 - Clinical Trial Not Allowed)

Closing date: 09-29-2018

*NEW: NIH: Advanced Development and Validation of Emerging Molecular and Cellular Analysis Technologies for Basic and Clinical Cancer Research (R33 - Clinical Trial Not Allowed)

Closing date: 09-29-2018

*NEW: NIH: Innovative Molecular and Cellular Analysis Technologies for Basic and Clinical Cancer Research (R21 - Clinical Trial Not Allowed)

Closing date: 09-29-2018

*NEW: NIH: Advanced Development and Validation of Emerging Biospecimen Science Technologies for Basic and Clinical Cancer Research (R33 - Clinical Trial Not Allowed)

Closing date: 09-29-2018

*NEW: NIH: RCMI Research Coordination Network (RRCN) (U54)

Closing date: 01-20-2018

*NEW: NIH: Shedding light on the dark genome: Long Non-coding RNA in Cardiovascular, Lung, Blood, and Sleep Research (R01 - Clinical Trial Not Allowed)

Closing date: 03-31-2018

NEW PA's:

*NEW: NIH: Population Health Interventions: Integrating Individual and Group Level Evidence (R01) - Clinical Trial Optional

Closing date: 05-08-2019

*NEW: NIH: Population Health Interventions: Integrating Individual and Group Level Evidence (R21) - Clinical Trials Optional

Closing date: 05-08-2019

*NEW: NIH: Healthy Habits: Timing for Developing Sustainable Healthy Behaviors in Children and Adolescents (R21 Clinical Trial Optional)

Closing date: 01-08-2021

*NEW: NIH: Healthy Habits: Timing for Developing Sustainable Healthy Behaviors in Children and Adolescents (R01 Clinical Trial Optional)

Closing date: 01-08-2021

*NEW: NIH: mHealth Tools for Individuals with Chronic Conditions to Promote Effective Patient-Provider Communication, Adherence to Treatment and Self-Management (R21 Clinical Trial Optional)

Closing date: 01-08-2021

*NEW: NIH: mHealth Tools for Individuals with Chronic Conditions to Promote Effective Patient-Provider Communication, Adherence to Treatment and Self-Management (R01 Clinical Trial Optional)

Closing date: 01-08-2021

*NEW: NIH: Family-Centered Self-Management of Chronic Conditions (R21 Clinical Trial Optional)

Closing date: 01-08-2021

*NEW: NIH: A Family-Centered Self-Management of Chronic Conditions (R01 Clinical Trial Optional)

Closing date: 01-08-2021

*NEW: NIH: Ruth L. Kirschstein National Research Service Award (NRSA) Short-Term Institutional Research Training Grant (Parent T35)

Closing date: 01-08-2021

*NEW: NIH: Ruth L. Kirschstein National Research Service Award (NRSA) Institutional Research Training Grant (Parent T32)

Closing date: 01-08-2021

*NEW: NIH: Methodology and Measurement in the Behavioral and Social Sciences (R01) Clinical Trials Optional

Closing date: 09-08-2019

*NEW: NIH: Methodology and Measurement in the Behavioral and Social Sciences (R21) Clinical Trials Optional

Closing date: 09-08-2019

*NEW: NIH: Population Health Interventions: Integrating Individual and Group Level Evidence (R01) Clinical Trials Not Allowed

Closing date: 05-08-2019

*NEW: NIH: Population Health Interventions: Integrating Individual and Group Level Evidence (R21)- Clinical Trials Not Allowed

Closing date: 05-08-2019

*NEW: NIH: Mentored Patient-Oriented Research Career Development Award (Parent K23 - Clinical Trial Required)

Closing date: 01-08-2021

*NEW: NIH: Mentored Patient-Oriented Research Career Development Award (Parent K23 - Independent Clinical Trials Not Allowed)

Closing date: 01-08-2021

*NEW: NIH: Mentored Clinical Scientist Research Career Development Award (Parent K08 - Independent Clinical Trial Required)

Closing date: 01-08-2021

*NEW: NIH: Mentored Clinical Scientist Research Career Development Award (Parent K08 - No Independent Clinical Trials)

Closing date: 01-08-2021

*NEW: NIH: Independent Scientist Award (Parent K02 - Independent Clinical Trial Required)

Closing date: 01-08-2021

*NEW: NIH: Independent Scientist Award (Parent K02 - Independent Clinical Trials Not Allowed)

Closing date: 01-08-2021

*NEW: NIH: Pilot and Feasibility Therapeutic Clinical Trials in Diabetes, and Endocrine and Metabolic Diseases (R21- Clinical Trial Required)

Closing date: 01-08-2021

[*NEW: NIH: Novel Assays to Address Translational Gaps in Treatment Development \(UG3/UH3 Clinical Trial Optional\)](#)

Closing date: 10-25-2018

[*NEW: NIH: Exploratory CTSA Collaborative Innovation Awards \(R21 Clinical Trial Optional\)](#)

Closing date: 07-31-2018

[*NEW: NIH: Collaborative Innovation Award, Clinical and Translational Science Award \(CTSA\) Program \(U01 Clinical Trial Optional\)](#)

Closing date: 07-12-2018

[*NEW: NIH: National Cooperative Drug/Device Discovery/Development Groups \(NCDDG\) for the Treatment of Mental or Substance Use Disorders or Alcohol Addiction \(U19 Clinical Trial Optional\)](#)

Closing date: 02-25-2020

[*NEW: NIH: Reducing the Duration of Untreated Psychosis in the United States \(R01 Clinical Trial Required\)](#)

Closing date: 03-20-2019

[*NEW: NIH: Reducing the Duration of Untreated Psychosis in the United States \(R34 Clinical Trial Required\)](#)

Closing date: 03-20-2019

[*NEW: NIH: National Cooperative Drug/Device Discovery/Development Groups \(U01 Clinical Trial Optional\)](#)

Closing date: 02-25-2020

[*NEW: NIH: Grand Opportunity in Medications Development for Substance-Use Disorders \(U01 Clinical Trial Optional\)](#)

Closing date: 07-26-2019

[*NEW: NIH: Strategic Alliances for Medications Development to Treat Substance Use Disorders \(R01 Clinical Trial Optional\)](#)

Closing date: 07-26-2019

[*NEW: NIH: Human-Animal Interaction \(HAI\) Research \(R01 Clinical Trial Optional\)](#)

Closing date: 03-31-2019

[*NEW: NIH: Research To Address Sleep Disorders in the Context of Medical Rehabilitation \(R01 Clinical Trial Optional\)](#)

Closing date: 03-30-2019

[*NEW: NIH: NCMRR Early Career Research Award \(R03 Clinical Trial Optional\)](#)

Closing date: 03-30-2019

[*NEW: NIH: Planning Grants for Pragmatic Research in Healthcare Settings to Improve Diabetes and Obesity Prevention and Care \(R34 Clinical Trial Required\)](#)

Closing date: 11-02-2019

[*NEW: NIH: Pragmatic Research in Healthcare Settings to Improve Diabetes and Obesity Prevention and Care \(R18 Clinical Trial Required\)](#)

Closing date: 11-02-2019

[*NEW: NIH: Ancillary Studies to Identify Behavioral and/or Psychological Phenotypes Contributing to Obesity \(R01 Clinical Trial Optional\)](#)

Closing date: 03-01-2019

[*NEW: NIH: NCI Small Grants Program for Cancer Research \(NCI Omnibus R03 Clinical Trial Optional\)](#)

Closing date: 01-08-2020

[*NEW: NIH: Mentored Research Scientist Development Award \(Parent K01 -Independent Clinical Trial Not Allowed\)](#)

Closing date: 01-08-2021

[*NEW: NIH: Mentored Research Scientist Development Award \(Parent K01 - Clinical Trial Required\)](#)

Closing date: 01-08-2021

[*NEW: NIH: NCI Transition Career Development Award to Promote Diversity \(K22 - No Clinical Trials\)](#)

Closing date: 01-08-2021

[*NEW: NIH: NCI Transition Career Development Award to Promote Diversity \(K22 Clinical Trial Required\)](#)

Closing date: 01-08-2021

[*NEW: NIH: NCI Mentored Research Scientist Development Award to Promote Diversity \(K01 -Independent Clinical Trial Not Allowed\)](#)

Closing date: 01-08-2021

[*NEW: NIH: NCI Mentored Research Scientist Development Award to Promote Diversity \(Parent K01 - Clinical Trial Required\)](#)

Closing date: 01-08-2021

[*NEW: NIH: Mechanistic Basis of Diffuse White Matter Disease and Small Vessel Pathology in Vascular Contributions to Cognitive Impairment and Dementia \(VCID\)\(R01\)](#)

Closing date: 03-24-2018

[*NEW: NIH: Addressing Health Disparities in NIDDK Diseases \(R01 - Clinical Trial Not Allowed\)](#)

Closing date: 01-08-2020

View Previously Announced NIH Opportunities:

[All Active Requests for Applications \(RFAs\)](#)

[All Active Program Announcements \(PAs\)](#)

[NIH Parent Announcements](#)

Previously Announced – Limited Submission Opportunities

****Denotes a Limited Submission Opportunity (LSO)** – If you are interested in applying for any of the LSOs listed below, please inform ORSD at hconrad@hsph.harvard.edu. Visit the ORSD [website](#) for more information about Limited Submission opportunities.

[**Limited Submission – NIH: NIOSH Occupational Safety and Health Education and Research Centers \(T42\)](#)

Closing Date: November 21, 2019

CLOSED: The Harvard Chan School has an existing NIOSH training grant.

[**Limited Submission - NIH: Innovation Corps \(I-Corps\) at NIH Program for NIH and CDC Translational Research \(Admin Supp\)](#)

Sponsor Deadline: December 18, 2017

****Only one supplement application per parent SBIR/STTR Phase I award is allowed under this FOA. Applicant organizations with multiple, currently-active SBIR and/or STTR Phase I awards from the different participating Institutes and Centers listed on this FOA may choose only ONE award to serve as the predicate for an administrative supplement to support the I-Corps™ at NIH program activity. The NIH and CDC will not fund multiple administrative supplement awards to the same applicant organization under this FOA.**

If you are interested in applying for this award, you must submit a brief Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (hconrad@hsph.harvard.edu) no later than **October 27, 2017**. Based on the number of notices received, we will determine whether an internal competition is needed.

[**Limited Submission - NIH: Building Research Capacity in Global Tobacco Product Regulation Program \(U18\)](#)

Sponsor deadline: 12-18-2017

[**Limited Submission - NIH: Diabetic Foot Consortium - Clinical Research Units \(U01\)](#)

Sponsor Deadline: 01-24-2018

[**Limited Submission - NIH: Collaborative Program Grant for Multidisciplinary Teams \(RM1\)](#)

Sponsor Deadline: 01-25-2018

****Limited Submission - NIH: Flexible Funding Model - Infrastructure Development and Maintenance for State Manufactured Food Regulatory Programs (U18)**

Sponsor deadline: 03-01-2018

****Limited Submission - NIH: Science Education Partnership Award (SEPA) (R25)**

Closing date: 07-10-2019

****Limited Submission - NIH: NIDDK Partnerships with Professional Societies to Enhance Scientific Workforce Diversity and Promote Scientific Leadership (R25)**

Closing date: December 6, 2017

****Please note, applications for this award will only be accepted from Professional Societies so interested individuals should contact the professional societies where they are members.**

****Limited Submission - NIH: Research Centers in Minority Institutions (RCMI) (U54)**

Closing date: December 16, 2017

****Limited Submission – NIH: Stimulating Access to Research in Residency (StARR) (R38)**

Closing Date: January 25, 2020

****Limited Submission - NIH: Science Education Partnership Award (SEPA) (R25)**

Sponsor Deadline: 11-20-2017

****Limited Submission – NIH: Continuation of the Drug Induced Liver Injury Network (DILIN) Clinical Centers**

Closing Date: December 7, 2017

****Limited Submission – NIH: Continuation of the Drug Induced Liver Injury Network Data Coordinating Center (U24)**

Closing Date: December 7, 2017

****Limited Submission – NIH: Population Dynamics Centers Research Infrastructure Program FY 2018 (P2C)**

Closing Date: 11-28-2017

****Limited Submission – NIH: NEI Center Core Grant for Vision Research (P30)**

Sponsor Deadline: September 19, 2019

****Limited Submission – NIH: NINDS Neuroscience Development for Advancing the Careers of a Diverse Research Workforce (R25)**

Closing Date: September 26, 2019

****Limited Submission – NIH: Institutional Development Award (IDeA) Program Infrastructure for Clinical and Translational Research (IDeA-CTR)(U54)**

Closing Date: October 3, 2019

****Limited Submission – NIH: National Swine Resource and Research Center (U42)**

Sponsor Deadline: January 26, 2018

****Limited Submission – NIH: Centers for AIDS Research (P30)**

Closing Date: August 18, 2019

****Limited Submission – NIH: Developmental Centers for AIDS Research (P30)**

Closing Date: August 18, 2019

****Limited Submission – NIH: Environmental Health Sciences Core Centers (EHS CC) (P30)**

Closing Date: April 18, 2019

****Limited Submission – NIH: Maintenance and Enhancement of ISO/IEC 17025 Accreditation and Whole Genome Sequencing for State Food Testing Laboratories (U18)**

Closing Date: April 18, 2018

****Limited Submission – NIH: Research Education: Bridges to the Doctorate (R25)**

Closing Date: September 26, 2018

****Limited Submission – NIH: IDeA Networks of Biomedical Research Excellence (INBRE) (P20)**

Closing Date: March 28, 2019

****Limited Submission – NIH: Data Science Research: Personal Health Libraries for Consumers and Patients (R01)**

Closing Date: March 20, 2018

****Limited Submission – NIH: National Primate Research Centers (P51)**

Closing Date: January 26, 2020

****Limited Submission – NIH: Jointly Sponsored Ruth L. Kirschstein National Research Service Award for Institutional Predoctoral Training Programs in the Neurosciences (T32)**

Closing Date: May 26, 2019

****Limited Submission – NIH: Cancer Center Support Grants (CCSGs) for NCI-designated Cancer Centers (P30)**

Closing Date: January 8, 2020

****Limited Submission – NIH: Silvio O. Conte Digestive Diseases Research Core Centers (P30)**

Closing Date: June 2, 2018

****Limited Submission – NIH: Postbaccalaureate Research Education Program (PREP) (R25)**

Closing Date: January 25, 2019

****Limited Submission – NIH: Research Education: Initiative for Maximizing Student Development (IMSD) Program (R25)**

Closing Date: January 29, 2019

****Limited Submission: NIOSH Centers of Excellence for Total Worker Health® (U19)**

Closing Date: November 30, 2019

****Limited Submission – NIH: Centers of Biomedical Research Excellence (COBRE) (P20)**

Closing Date: January 25, 2019

****Limited Submission – NIH: BD2K Research Education Curriculum Development: Data Science Overview for Biomedical Scientists (R25)**

Closing Date: December 2, 2017

****Limited Submission – NIH: Research Initiative for Scientific Enhancement (RISE) (R25)**

Closing Date: May 26, 2018

****Limited Submission – NIH: Bridges to the Doctorate (R25)**

Closing Date: September 26, 2018

****Limited Submission – NIH: Institutional Research and Academic Career Development Awards (IRACDA) (K12)**

Closing Date: September 20, 2018

****Limited Submission – NIH: Centers for Agricultural Safety and Health (U54)**

Closing Date: December 1, 2017

****Limited Submission – NIH: Clinical and Translational Science Award (U54)**

Closing Date: May 26, 2018

Internal Funding Opportunities

[Internal funding – Harvard Global Institute: Research Initiative](#)

Application deadline: December 15, 2017

The Harvard Global Institute (HGI) supports research initiatives that deepen Harvard's international engagement and promote University-wide scholarship to address pressing global challenges. HGI funds projects that cross both national and disciplinary boundaries while bringing together Harvard faculty and students with scholars from outside the United States to investigate problems of global significance. In AY 2018-19, HGI will fund research projects that examine topics with local import in China and/or India with the potential for global impact.

[Internal Funding - Lemann Brazil Research Fund](#)

Application deadline: January 22, 2017

The Fund will support research projects relating to Brazil. Proposals are sought for projects that address education management and administration; social science and its applications; public administration and policy; technological advances in education; and evidence-based research. Consideration will also be given to projects that propose collaboration between Harvard faculty and Brazilian academics in the life sciences, physical sciences and engineering, and basic and applied sciences.

[Internal Funding – Blavatnik Biomedical Accelerator](#)

Pre-Proposal Deadlines: Spring - November 27, 2017

The Blavatnik Biomedical Accelerator at Harvard University provides essential gap funding, development support, and business expertise to help faculty investigators achieve the full potential of their work. Proposals are welcomed from Harvard principal investigators with early-stage research in a range of life science areas, including therapeutics, diagnostics, drug delivery technologies, medical devices/instruments, and enabling technologies for drug discovery.

[Internal Funding – Harvard's Solar Geoengineering Research Program](#)

Applications will be accepted on a rolling basis.

Harvard's Solar Geoengineering Research Program (SGRP) invites faculty and researchers throughout Harvard to apply for grants. No prior experience in solar geoengineering required. The goal of the program is to: Take an active stance on research with a unique mandate to develop new path-breaking technologies that might improve solar geoengineering's effectiveness and reduce its risks; Employ Harvard's convening power to bring together scientists, environmental leaders, and government officials to discuss the technology and its governance; Advance science and technology, assess efficacy and risks, and lay out governance options and social implications.

Non-Federal Funding Opportunities

[Limited Submission - Packard Foundation: Fellowships for Science and Engineering 2018](#)

Internal deadline: January 8, 2018

This program provides early career faculty members (within the first three years of their appointment) engaged in research in the natural and physical sciences or engineering the opportunity to pursue their science and engineering research with few funding restrictions and limited paperwork requirements over a five year period. Harvard University, as one institution, can nominate 2 applicants for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFPP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[Limited Submission - Dana Foundation: David Mahoney Neuroimaging Program, 2018](#)

Internal deadline: January 8, 2018

This program provides support that allows researchers to undertake pilot tests of novel hypotheses using conventional brain imaging techniques, cellular and molecular imaging technologies, or a combination of both. Harvard University, as one institution, can nominate 1 applicant for this award and the Office of the Vice Provost for Research will manage the application and selection process

for the University. Harvard Chan School applicants should apply through HUFPP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[Limited Submission - Brain Research Foundation: 2018 Fay/Frank Seed Grant Program](#)

Sponsor Deadline: March 28, 2018

This program provides start up monies for new research projects in the field of neuroscience that will likely lead to extramural funding from the National Institutes of Health or other outside funding sources. Harvard University, as one institution, can nominate one applicant for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFPP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[*NEW: Humanitarian Innovation Fund: Innovation Grants](#)

Application deadline: December 10, 2017

ELRHA's goal is to support innovators across the entire innovation lifecycle and address need for additional focus on the less-resourced innovation stages of problem recognition and diffusion. Grants are available in the following innovation stages: Problem Recognition, Advancing Seed-funded projects, Project Diffusion

[*NEW: The Lalor Foundation: Postdoctoral Fellowship Program \(STUDENTS\)](#)

Application deadline: January 15, 2017

The program's mission is to support these researchers early in their work so that they can become independently funded in the field of mammalian reproductive biology as related to the regulation of fertility. One of the foundation's major objectives is to give assistance and encouragement to capable investigators embarking on teaching and research careers in universities and colleges.

[Orthopaedic Research and Education Foundation: Research Program](#)

Multiple deadlines

The Orthopaedic Research and Education Foundation (OREF) is committed to improving lives by supporting excellence in orthopaedic research. OREF is dedicated to being the leader in supporting research that improves function, eliminates pain and restores mobility, and is the premiere orthopaedic organization funding research across all specialties.

[Scleroderma Research Foundation: Molecular Pathogenesis and New Interventions in Scleroderma](#)

Application deadline: December 15, 2017

The Foundation seeks to expand its research program to advance understanding of the pathogenesis of scleroderma and to promote the design, development and pilot testing of hypothesis-driven innovative therapeutic approaches. The SRF encourages applications from scientists who have not previously worked on scleroderma, as well as those with substantial ongoing scleroderma-focused effort.

[AHA: Career Development Award](#)

Application deadline: December 4, 2017

This award supports highly promising healthcare and academic professionals, in the early years of one's first professional appointment, to explore innovative questions or pilot studies that will provide preliminary data and training necessary to assure the applicant's future success as a research scientist in the field of cardiovascular and stroke research.

[AHA: Innovative Project Award](#)

Application deadline: January 11, 2018

To support highly innovative, high-impact research that could ultimately lead to critical discoveries or major advancements that will accelerate the field of cardiovascular or stroke research. Research deemed innovative may introduce a new paradigm, challenge current paradigms, look at existing problems from new perspectives, or exhibit other uniquely creative qualities.

[AHA Transformation Project Award](#)

Application Deadline: January 23, 2018

The Transformational Project Award (TPA) represents the second phase of a successful exploratory study that is already showing a high probability of revealing new avenues of investigation; proposals should include preliminary data. This program aims to provide pilot or seed funding that should lead to successful competition for additional funding beyond the pilot period. The principal investigator (PI) is responsible for clearly and explicitly articulating the project's innovation and the potential impact on cardiovascular and stroke research.

[Allen Foundation: Grants Program](#)

Sponsor deadline: December 31, 2017

The foundation makes grants to projects that benefit human nutrition in the areas of education, training, and research. Policies and priorities: To make grants to fund relevant nutritional research; To support programs for the education and training of mothers during pregnancy and after the birth of their children, so that good nutritional habits can be formed at an early age; To assist in the training of persons to work as educators and demonstrators of good nutritional practices; To encourage the dissemination of information regarding healthful nutritional practices and habits; In limited situations to make grants to help solve immediate emergency hunger and malnutrition problems.

Sponsor deadline: September 15, 2018

Established Investigator Grant: The Foundation seeks applications from promising individuals both inside and outside the field of scleroderma research who wish to propose pilot studies to obtain preliminary data dealing with a highly innovative and/or highly relevant theme related to the disease. This grant will support pilot research that is likely to lead to more substantial unlimited research project grants from federal or non-federal sources.

New Investigator Award: The Scleroderma Foundation seeks applications from promising new investigators who hold faculty or equivalent positions and who wish to pursue a career in research related to scleroderma. This grant supports promising research that is likely to lead to individual research project grants.

[Alex's Lemonade Stand Foundation for Childhood Cancer \(ALSF\): Epidemiology Grants](#)

Sponsor deadline: December 15, 2017

These awards are expected to provide funds that will support investigators pursuing epidemiological research aimed at improving our understanding of childhood cancer. This grant mechanism is designed to support the research that focuses on the epidemiology, early detection or prevention of childhood cancer; or comparative effectiveness and outcomes research related to detection, prevention and treatment.

[Alex's Lemonade Stand Foundation for Childhood Cancer \(ALSF\): Young Investigator Grants](#)

Sponsor deadline: December 15, 2017

The Young Investigator Grants are designed to support scientists during their fellowship training or early in their research careers. Demonstration of outstanding mentorship and demonstration of a career plan that shows commitment to pediatric cancer investigation are critical components of a successful application. Young Investigator Grants are 3 year awards designed to support scientists in the early stages of their research careers, such as postdoctoral or clinical fellows.

[Crohn's and Colitis Foundation of America: Broad Medical Research Program](#)

Application deadline: Rolling

The BMRP is funding innovative research into the possible reasons for low and high incidence of IBD in different areas of the globe. Proposals should be exploratory in nature or designed as pilot. The research should shed light on factors that may influence low versus high global areas of prevalence of the disease. The research should ultimately be helpful in improved understanding of the etiology of IBD and the factors that enhance or prevent the genesis of the disease.

[Rotary International: Coins for Alzheimer's Research Trust](#)

Letters of Intent: December 1, 2017

Application deadline: February 21, 2018

The goal of the fund is to encourage exploratory and developmental AD research projects within the United States. This is accomplished by providing financial support for the early and conceptual plans of those projects that may not yet be supported by extensive preliminary data but have the potential to substantially advance biomedical research. These projects should be distinct from those designed to increase knowledge in a well-established area unless they intend to extend previous discoveries toward new directions or applications.

[Elsa U. Pardee Foundation: Cancer Research Grants](#)

Application deadline: December 31, 2017

This program funds research directed toward identifying new treatments or cures for cancer. The Foundation particularly encourages grant applications for a one-year period which will allow establishment of capabilities of new cancer researchers, or new cancer approaches by established cancer researchers. It is anticipated that this early stage funding by the Foundation may lead to subsequent and expanded support using government agency funding. Project relevance to cancer detection, treatment, or cure should be clearly identified.

[Caplan Foundation for Early Childhood: Grants Program](#)

Letter of Inquiry: January 31, 2018

Application deadline: TBD

The Foundation is intended to be an incubator of promising research and development projects that may ultimately enhance the development, health, safety, education or quality of life of children from infancy through seven years of age across the country. Each

of its grants is made with the expectation that a successful project outcome will be of significant interest to other investigators or developers, within the grantee's field of endeavor, and will be amenable to beneficial application or adaptation elsewhere. In essence, the foundation's goal is to provide seed money for those imaginative endeavors, addressed to the needs of young children, which appear most likely to bear fruit on a national scale.

[Robert Wood Johnson Foundation: Health Policy Fellows](#)

Application Deadline: November 15, 2017

The Robert Wood Johnson Foundation Health Policy Fellows program provides the nation's most comprehensive fellowship experience at the nexus of health, science, and policy in Washington, D.C. The program seeks outstanding mid-career health professionals and behavioral and social scientists with an interest in health and health policy and requires, at a minimum, a 12-month residential experience in Washington, D.C.

[PCORI: Atrial Fibrillation Strategically Focused Research Network](#)

LOI Deadline: November 30, 2017

Application Deadline: January 31, 2018

This RFA for special project funding is being administered by the American Heart Association (AHA) in collaboration with the Patient-Centered Outcomes Research Institute (PCORI). This opportunity is designed to explore the etiology, prevention or treatment of cardiovascular disease or stroke in Atrial Fibrillation, which can assist the AHA in reaching its 2020 Goals and overall mission of building healthier lives free of cardiovascular disease and stroke.

[PCORI: The Broad PCORI Funding Announcements](#)

LOI Deadline: November 30, 2017

Application Deadline: February 6, 2018

These opportunities are for investigator-initiated applications for patient-centered comparative clinical effectiveness research (CER) projects aligned with our five priority areas for research. This PFA covers the following four priority areas: Addressing Disparities, Assessment of Prevention, Diagnosis, and Treatment Options, Communication and Dissemination Research, and Improving Healthcare Systems.

[PCORI: Pragmatic Clinical Studies to Evaluate Patient-Centered Outcomes - Cycle 3 2017](#)

LOI Deadline: November 30, 2017

Application Deadline: February 6, 2018

PCORI seeks to fund pragmatic clinical trials, large simple trials, or large-scale observational studies that compare two or more alternatives for addressing prevention, diagnosis, treatment, or management of a disease or symptom; improving healthcare system-level approaches to managing care; communicating or disseminating research results to patients, caregivers, or clinicians; or eliminating health or healthcare disparities.

[Simons Foundation: SFARI 2018 Pilot and Research Awards](#)

Application Deadline: December 1, 2017

Grants awarded through this RFA are intended to provide funding for investigators conducting bold, creative and rigorous research into the underlying biology, causes and treatment of autism spectrum disorders. Pilot Awards are intended for investigators who are requesting support for small-scale projects or early-stage experiments that will build on preliminary data or a prior track record and lead to competitive applications for funding by SFARI or other organizations.

[Howard Hughes Medical Institute: Hanna H. Gray Fellows Program](#)

Deadline: January 10, 2018

The goal of the Hanna H. Gray Fellows Program is to recruit and retain individuals who are from gender, racial, ethnic, and other groups underrepresented in the life sciences, including those from disadvantaged backgrounds, early in their careers. We believe these promising scientists have the potential to become leaders in academic research and inspire future generations. Fellows will receive funding through their academic institution for postdoctoral training and may continue to receive funding during their early career years as independent faculty.

[PCORI: Eugene Washington PCORI Engagement Awards](#)

Application Deadline: Multiple deadlines

The Eugene Washington PCORI Engagement Awards offer two different funding opportunities: the Eugene Washington PCORI Engagement Awards, and Engagement Award Initiative Notice (EAIN) for Research Meeting and Conference Support. It is important that you click on the correct link to enter the application system because the application process is different.

[Robert Wood Johnson Foundation: Pioneering Ideas and a Culture of Health](#)

Letter of Inquiry: Rolling Deadline

The goal of this award is to look into the future and put health first as we design for changes in how we live, learn, work and play; to wade into uncharted territory in order to better understand what new trends, opportunities and breakthrough ideas can enable everyone in America to live the healthiest life possible. The Robert Wood Johnson Foundation focuses on four broad areas: Health Leadership; Health Systems; Healthy Communities; and Healthy Kids, Healthy Weight.

[Alzheimer's Association: International Research Grant Program: Alzheimer's Association Research Grant](#)

Letter of Inquiry: March 1, 2017

The purpose of this program is to provide newly independent investigators with funding that will allow them to develop preliminary or pilot data, to test procedures and to develop hypotheses. The topics eligible for funding include: Research in diverse populations; Social and behavioral research; Biological focus: causes, Early detection, treatment, models, prevention and risk factors.

[Robert Wood Johnson Foundation: Evidence for Action: Investigator-Initiated Research to Build a Culture of Health](#)

Letter of Inquiry: Rolling Deadline

This program funds research that expands the evidence base needed to build a Culture of Health. RWJF is looking for research that examines the health impacts of programmatic or policy interventions that address factors outside the domain of health care services or public health practice.

[Simons Foundation: SFARI Explorer Awards](#)

Application Deadline: Rolling

This award program is designed to enhance our existing support of autism research by providing timely resources to enable focused experiments highly relevant to our mission. A deeper understanding of the mechanisms underlying autism spectrum disorders or potential therapeutic approaches will require investigation at multiple levels, including but not limited to studies focused on gene discovery, molecular mechanisms, circuits, anatomy, and cognition and behavior. We will consider proposals at all of these levels.

[Genome-Wide Investigation of Late-Effects Using the Childhood Cancer Survivor Study \(CCSS\) Cohort](#)

Application Deadline Rolling

The CCSS leadership is now broadening the scope of this initiative to study the role of genetic susceptibility in the development of non-malignant treatment-related outcomes (in addition to subsequent malignancies) in cancer survivors. Accordingly, CCSS is announcing a request for proposals to collaborate with CCSS and NCI investigators in the use of existing genome-wide association study (GWAS) data and corresponding outcomes-related data to address innovative research questions relating to potential genetic contributions to risk for treatment-related outcomes. Requests will be accepted on an ongoing basis. Requests will be reviewed three times per year, in February, June and October (cut-offs for receipt of applications will be February 1st, June 1st, and October 1st).

[Alfred P. Sloan Foundation: Economic Institutions, Behavior and Performance Grants](#)

Deadline: Continuous

The Foundation's program on Economic Institutions, Behavior, and Performance supports rigorous and objective research projects on U.S. economic structure, behavior, and performance whose findings inform and strengthen decision-making by regulators, policymakers, and the public.

[American Association for Respiratory Care \(AARC\) Research Program](#)

Deadline: Continuous

The American Association for Respiratory Care Research Program was established in 1996 to sponsor research to determine relationships between clinical interventions by respiratory therapists and the outcomes of care. The primary purpose of the AARC Research Program is to sponsor research initiatives which can document the clinical and economic impact of respiratory therapists in the delivery of health care. Clinical trials and effectiveness research to determine how clinical interventions by respiratory therapists affect overall health of patients, including physiologic indicators and quality of life, will be considered for funding.

[Wellcome Trust: Innovator Awards](#)

Deadline: Continuous

These awards support researchers who are transforming great ideas into healthcare innovations that could have a significant impact on human health. Our current focus areas are mental health, neurological disorders and neglected tropical diseases.
