

Weekly Funding Opportunity Announcement
ARCHIVE OF ALL CURRENT OPPORTUNITIES
Friday January 19, 2018

NIH Funding Announcements

ACTIVE LIMITED SUBMISSION COMPETITIONS:

****NEW:** [Limited Submission - NIH: African Association for Health Professions Education and Research \(R25\) \(Clinical Trials Not Allowed\)](#)

Internal deadline: February 2, 2018

Sponsor deadline: March 28, 2018

If you are interested in applying for this award, you must submit a brief Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (hconrad@hsph.harvard.edu) no later than **February 2, 2018**. Based on the number of notices received, we will determine whether an internal competition is needed.

****NEW:** [Limited Submission - NIH: Revision Applications for International Centers of Excellence for Malaria Research \(U19 Clinical Trial Optional\)](#)

Internal deadline: February 9, 2018

Sponsor deadline: May 30, 2018

If you are interested in applying for this award, you must submit a brief Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (hconrad@hsph.harvard.edu) no later than **February 9, 2018**. Based on the number of notices received, we will determine whether an internal competition is needed.

[Previously Announced: Limited Submission: Ono Pharma: Breakthrough Science Initiative Awards Program 2018](#)

Internal deadline: January 24, 2018

Sponsor deadline: February 28, 2018

This program accepts proposals from Principal Investigators involved in original research that deals with the interface between Chemistry and Biology. Harvard University, as one institution, can nominate two applicants for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFPP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[Previously Announced: Limited Submission: Mellon Foundation: Sawyer Seminar 2018](#)

Internal deadline: February 12, 2018

Sponsor deadline: March 30, 2018

The Sawyer Seminars are a vehicle to bring together faculty, foreign visitors, postdoctoral fellows, and graduate students from a variety of fields mainly, but not exclusively, in the arts, humanities and interpretive social sciences, for intensive study of subjects chosen by the participants. Harvard University, as one institution, can nominate one applicant for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFPP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[Previously Announced: Limited Submission - NIH: Innovation Corps \(I-Corps\) at NIH Program for NIH and CDC Translational Research \(Admin Supp - Clinical Trial Not Allowed\)](#)

Internal Deadline: 01-19-2018

Sponsor deadline: 03-05-2018

If you are interested in applying for this award, you must submit a brief Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (hconrad@hsph.harvard.edu) no later than **January 19, 2018**. Based on the number of notices received, we will determine whether an internal competition is needed.

Previously Announced: Limited Submission – NIH: Health-professional Education Partnership Initiative (HEPI) (R25 Clinical Trial Not Allowed)

Internal deadline: 01-19-2018

Sponsor Deadline: 03-28-2018

If you are interested in applying for this award, you must submit a brief Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (hconrad@hsph.harvard.edu) no later than **January 19, 2018**. Based on the number of notices received, we will determine whether an internal competition is needed.

NEW RFA's:

*NEW: NIH: Medications Development for the Treatment of Alcohol Use Disorder - CT optional (U01)

Closing date: 03-21-2018

*NEW: NIH: Patient Safety Learning Laboratories: Pursuing Safety in Diagnosis and Treatment at the Intersection of Design, Systems Engineering, and Health Services Research (R18)

Closing date: 03-27-2018

*NEW: NIH: Pediatric Device Consortia Grants Program (P50)

Closing date: 03-08-2018

NEW PA's:

*NEW: NIH: Health Services and Economic Research on the Prevention and Treatment of Drug, Alcohol, and Tobacco Abuse (R01, Clinical Trial Optional)

Closing date: 05-08-2018

*NEW: NIH: PHS 2018-02 Omnibus Solicitation of the NIH, CDC, and FDA for Small Business Innovation Research Grant Applications (Parent SBIR [R43/R44] Clinical Trial Not Allowed)

Closing date: 04-06-2019

*NEW: NIH: PHS 2018-02 Omnibus Solicitation of the NIH, CDC, and FDA for Small Business Technology Transfer Grant Applications (Parent STTR [R41/R42] Clinical Trial Not Allowed)

Closing date: 04-06-2019

*NEW: NIH: PHS 2018-02 Omnibus Solicitation of the NIH, CDC, and FDA for Small Business Technology Transfer Grant Applications (Parent STTR [R41/R42] Clinical Trial Required)

Closing date: 04-06-2019

*NEW: NIH: PHS 2018-02 Omnibus Solicitation of the NIH, CDC, and FDA for Small Business Innovation Research Grant Applications (Parent SBIR [R43/R44] Clinical Trial Required)

Closing date: 04-06-2019

*NEW: NIH: Discovery of the Genetic Basis of Childhood Cancers and of Structural Birth Defects: Gabriella Miller Kids First Pediatric Research Program (X01, Clinical Trials Not Allowed)

Closing date: 03-23-2018

*NEW: NIH: Emotional Function in Normal Aging and/or MCI and AD/ADRD (R21 - Clinical Trial Not Allowed)

Closing date: 06-23-2020

*NEW: NIH: Emotional Function in Normal Aging and/or MCI and AD/ADRD (R01 - Clinical Trial Optional)

Closing date: 06-09-2020

*NEW: NIH: Complex Technologies and Therapeutics Development for Mental Health Research and Practice (R43/R44 Clinical Trial Optional)

Closing date: 01-06-2021

*NEW: NIH: Complex Technologies and Therapeutics Development for Mental Health Research and Practice (R41/R42)

Closing date: 01-06-2021

*NEW: NIH: New Epidemiology Cohort Studies in Heart, Lung, Blood, and Sleep Diseases and Disorders (U01 - Clinical Trials Not Allowed)

Closing date: 06-06-2020

*NEW: NIH: Investigational New Drug (IND)-enabling Development of Medications to Treat Alcohol Use disorder and Alcohol-related disorders (UT2 -Clinical Trial Optional)

Closing date: 12-05-2020

*NEW: NIH: Investigational New Drug (IND)-enabling Development of Medications to Treat Alcohol Use disorder and Alcohol-related disorders (U44 - Clinical Trial Optional)

Closing date: 12-05-2020

[NIH Parent Announcements](#)

Previously Announced – Limited Submission Opportunities

Limited Submission Opportunity (LSO) – If you are interested in applying for any of the LSOs listed below, please inform ORSD at hconrad@hsph.harvard.edu. Visit the ORSD [website](#) for more information about Limited Submission opportunities.

[Previously Announced: Limited Submission - NIH: NIBIB Supplements to NCATS CTSA Programs for Translational Research Teams of Quantitative Researchers and Clinician-Scientists \(Admin Supp\)](#)

Sponsor deadline: January 23, 2018

[Previously Announced: Limited Submission - NIH: NCI Predoctoral to Postdoctoral Fellow Transition Award, 2018](#)

Sponsor deadline: February 21, 2018

This program honors 50 extraordinary scientists under the age of 40 for their contributions to advancing the frontiers of science, engineering and technology. These selected scientists become members of the WEF's [Young Scientists](#) Community. Harvard University, as one institution, can nominate six applicants for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFPP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[Previously Announced: Limited Submission - NIH: IDeA Networks of Biomedical Research Excellence \(INBRE\) \(P20 Clinical Trial Optional\)](#)

Sponsor Deadline: March 27, 2018

[Previously Announced: Limited Submission - NIH: Limited Competition: Revision Applications for International Centers of Excellence for Malaria Research \(U19 Clinical Trial Optional\)](#)

Sponsor deadline: 05-30-2018

[Previously Announced: Limited Submission - NIH: Silvio O. Conte Digestive Diseases Research Core Centers \(P30 Clinical Trial Optional\)](#)

Sponsor deadline: June 1, 2018

[Previously Announced: Limited Submission - NIH: Centers of Biomedical Research Excellence \(COBRE\) \(P20 Clinical Trial Optional\)](#)

Sponsor Deadline: January 24, 2019

[Previously Announced: Limited Submission- NIH: NCI National Clinical Trials Network - Canadian Collaborating Clinical Trials Network \(U10\)](#)

Sponsor deadline: 01-19-2018

[Previously Announced: Limited Submission - NIH: Limited Competition: NCI National Clinical Trials Network - Network Radiotherapy and Imaging Core Services Center \(U24\)](#)

Sponsor deadline: 01-19-2018

Previously Announced: Limited Submission - NIH: The NCI Predoctoral to Postdoctoral Fellow Transition Award (F99/K00)

Sponsor deadline: February 21, 2018

Previously Announced: Limited Submission - NIH: Environmental Health Sciences Core Centers (EHS CC) (P30 Clinical Trial Optional)

Sponsor deadline: April 17, 2018

Previously Announced: Limited Submission - NIH: Institutional Development Award (IDeA) Program Infrastructure for Clinical and Translational Research (IDeA-CTR) (U54 Clinical Trial Optional)

Sponsor Deadline: October 2, 2018

Previously Announced: Limited Submission – NIH: NIOSH Occupational Safety and Health Education and Research Centers (T42)

Closing Date: November 21, 2019

CLOSED: The Harvard Chan School has an existing NIOSH training grant.

Previously Announced: Previously Announced: Limited Submission – NIH: Research Education: Initiative for Maximizing Student Development (IMSD) Program (R25)

Sponsor Deadline: January 26, 2018

Previously Announced: Limited Submission - NIH: Diabetic Foot Consortium - Clinical Research Units (U01)

Sponsor Deadline: 01-24-2018

Previously Announced: Limited Submission - NIH: Collaborative Program Grant for Multidisciplinary Teams (RM1)

Sponsor Deadline: 01-25-2018

Previously Announced: Limited Submission - NIH: Flexible Funding Model - Infrastructure Development and Maintenance for State Manufactured Food Regulatory Programs (U18)

Sponsor deadline: 03-01-2018

Previously Announced: Limited Submission - NIH: Science Education Partnership Award (SEPA) (R25)

Closing date: 07-10-2019

Previously Announced: Limited Submission – NIH: Stimulating Access to Research in Residency (StARR) (R38)

Closing Date: January 25, 2020

Previously Announced: Limited Submission – NIH: NEI Center Core Grant for Vision Research (P30)

Sponsor Deadline: September 19, 2019

Previously Announced: Limited Submission – NIH: NINDS Neuroscience Development for Advancing the Careers of a Diverse Research Workforce (R25)

Closing Date: September 26, 2019

Previously Announced: Limited Submission – NIH: Institutional Development Award (IDeA) Program Infrastructure for Clinical and Translational Research (IDeA-CTR)(U54)

Closing Date: October 3, 2019

Previously Announced: Limited Submission – NIH: National Swine Resource and Research Center (U42)

Sponsor Deadline: January 26, 2018

Previously Announced: Limited Submission – NIH: Centers for AIDS Research (P30)

Closing Date: August 18, 2019

Previously Announced: Limited Submission – NIH: Developmental Centers for AIDS Research (P30)

Closing Date: August 18, 2019

Previously Announced: Limited Submission – NIH: Environmental Health Sciences Core Centers (EHS CC) (P30)

Closing Date: April 18, 2019

Internal Funding Opportunities

[Internal Funding - Lemann Brazil Research Fund](#)

Application deadline: January 22, 2018

The Fund will support research projects relating to Brazil. Proposals are sought for projects that address education management and administration; social science and its applications; public administration and policy; technological advances in education; and evidence-based research. Consideration will also be given to projects that propose collaboration between Harvard faculty and Brazilian academics in the life sciences, physical sciences and engineering, and basic and applied sciences.

[Internal Funding – Blavatnik Biomedical Accelerator](#)

Application deadline: April 16, 2018

The Blavatnik Biomedical Accelerator at Harvard University provides essential gap funding, development support, and business expertise to help faculty investigators achieve the full potential of their work. Proposals are welcomed from Harvard principal investigators with early-stage research in a range of life science areas, including therapeutics, diagnostics, drug delivery technologies, medical devices/instruments, and enabling technologies for drug discovery.

[Internal Funding – Harvard's Solar Geoengineering Research Program](#)

Applications will be accepted on a rolling basis.

Harvard's Solar Geoengineering Research Program (SGRP) invites faculty and researchers throughout Harvard to apply for grants. No prior experience in solar geoengineering required. The goal of the program is to: Take an active stance on research with a unique mandate to develop new path-breaking technologies that might improve solar geoengineering's effectiveness and reduce its risks; Employ Harvard's convening power to bring together scientists, environmental leaders, and government officials to discuss the technology and its governance; Advance science and technology, assess efficacy and risks, and lay out governance options and social implications.

Non-Federal Funding Opportunities

[Damon Runyon Cancer Research Institute: Damon Runyon Fellowship Award](#)

Sponsor deadline: March 15, 2018

The Foundation encourages all theoretical and experimental research relevant to the study of cancer and the search for cancer causes, mechanisms, therapies and prevention. Candidates must apply for the fellowship under the guidance of a Sponsor—a scientist (tenured, tenure-track or equivalent position) capable of providing mentorship to the Fellow.

[Limited Submission - Brain Research Foundation: 2018 Fay/Frank Seed Grant Program](#)

Sponsor Deadline: March 28, 2018

This program provides start up monies for new research projects in the field of neuroscience that will likely lead to extramural funding from the National Institutes of Health or other outside funding sources. Harvard University, as one institution, can nominate one applicant for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFPP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[AmFAR: Impact Grants: Gaining Insights from the Clinic](#)

Letter of Intent deadline: April 11, 2018

Application deadline: Early August 2018 (tentative)

The goal of this program is to generate practical, implementable information that will facilitate the design and interpretation of broadly generalizable HIV cure clinical research. Specific areas of interest include: identifying pre-ATI predictors of post-treatment control (PTC) or delay to rebound and diversifying the HIV cure clinical study population.

[Duke University School of Medicine, Department of Population Health Sciences: Dissemination and Implementation Science in Cardiovascular Outcomes](#)

Application deadline: March 1, 2018

The Department of Population Health Sciences is seeking qualified implementation and dissemination scholars looking to train in T4 translational research in heart, lung, blood, and sleep (HLBS) disorders. Beyond examining effective interventions relevant to the National Heart, Lung and Blood Institute (NHLBI), researchers can attend workshops/tutorials in scientific writing, in designing and writing research protocols, and in application writing for research support.

[Mendez National Institute of Transplantation Foundation: Research Grant Program](#)

Application Deadline: July 15, 2018

The aim of this program is to improve clinical outcomes and positively impact the field of transplantation. The Foundation plans to achieve this by empowering patients with end-stage organ disease and transplant recipients through education to proactively manage their health and improve their long-term outcomes.

[Orthopaedic Research and Education Foundation: Research Program](#)

Multiple deadlines

The Orthopaedic Research and Education Foundation (OREF) is committed to improving lives by supporting excellence in orthopaedic research. OREF is dedicated to being the leader in supporting research that improves function, eliminates pain and restores mobility, and is the premiere orthopaedic organization funding research across all specialties.

[AHA Transformation Project Award](#)

Application deadline: January 23, 2018

The Transformational Project Award (TPA) represents the second phase of a successful exploratory study that is already showing a high probability of revealing new avenues of investigation; proposals should include preliminary data. This program aims to provide pilot or seed funding that should lead to successful competition for additional funding beyond the pilot period. The principal investigator (PI) is responsible for clearly and explicitly articulating the project's innovation and the potential impact on cardiovascular and stroke research.

[Allen Foundation: Grants Program](#)

Sponsor deadline: September 15, 2018

Established Investigator Grant: The Foundation seeks applications from promising individuals both inside and outside the field of scleroderma research who wish to propose pilot studies to obtain preliminary data dealing with a highly innovative and/or highly relevant theme related to the disease. This grant will support pilot research that is likely to lead to more substantial unlimited research project grants from federal or non-federal sources.

New Investigator Award: The Scleroderma Foundation seeks applications from promising new investigators who hold faculty or equivalent positions and who wish to pursue a career in research related to scleroderma. This grant supports promising research that is likely to lead to individual research project grants.

[Crohn's and Colitis Foundation of America: Broad Medical Research Program](#)

Application deadline: Rolling

The BMRP is funding innovative research into the possible reasons for low and high incidence of IBD in different areas of the globe. Proposals should be exploratory in nature or designed as pilot. The research should shed light on factors that may influence low versus high global areas of prevalence of the disease. The research should ultimately be helpful in improved understanding of the etiology of IBD and the factors that enhance or prevent the genesis of the disease.

[Caplan Foundation for Early Childhood: Grants Program](#)

Letter of Inquiry: January 31, 2018

Application deadline: TBD

The Foundation is intended to be an incubator of promising research and development projects that may ultimately enhance the development, health, safety, education or quality of life of children from infancy through seven years of age across the country. Each of its grants is made with the expectation that a successful project outcome will be of significant interest to other investigators or

developers, within the grantee's field of endeavor, and will be amenable to beneficial application or adaptation elsewhere. In essence, the foundation's goal is to provide seed money for those imaginative endeavors, addressed to the needs of young children, which appear most likely to bear fruit on a national scale.

[PCORI: Eugene Washington PCORI Engagement Awards](#)

Application Deadline: Multiple deadlines

The Eugene Washington PCORI Engagement Awards offer two different funding opportunities: The Eugene Washington PCORI Engagement Awards, and Engagement Award Initiative Notice (EAIN) for Research Meeting and Conference Support. It is important that you click on the correct link to enter the application system because the application process is different.

[Robert Wood Johnson Foundation: Pioneering Ideas and a Culture of Health](#)

Letter of Inquiry: Rolling Deadline

The goal of this award is to look into the future and put health first as we design for changes in how we live, learn, work and play; to wade into uncharted territory in order to better understand what new trends, opportunities and breakthrough ideas can enable everyone in America to live the healthiest life possible. The Robert Wood Johnson Foundation focuses on four broad areas: Health Leadership; Health Systems; Healthy Communities; and Healthy Kids, Healthy Weight.

[Robert Wood Johnson Foundation: Evidence for Action: Investigator-Initiated Research to Build a Culture of Health](#)

Letter of Inquiry: Rolling Deadline

This program funds research that expands the evidence base needed to build a Culture of Health. RWJF is looking for research that examines the health impacts of programmatic or policy interventions that address factors outside the domain of health care services or public health practice.

[Simons Foundation: SFARI Explorer Awards](#)

Application Deadline: Rolling

This award program is designed to enhance our existing support of autism research by providing timely resources to enable focused experiments highly relevant to our mission. A deeper understanding of the mechanisms underlying autism spectrum disorders or potential therapeutic approaches will require investigation at multiple levels, including but not limited to studies focused on gene discovery, molecular mechanisms, circuits, anatomy, and cognition and behavior. We will consider proposals at all of these levels.

[Genome-Wide Investigation of Late-Effects Using the Childhood Cancer Survivor Study \(CCSS\) Cohort](#)

Application Deadline Rolling

The CCSS leadership is now broadening the scope of this initiative to study the role of genetic susceptibility in the development of non-malignant treatment-related outcomes (in addition to subsequent malignancies) in cancer survivors. Accordingly, CCSS is announcing a request for proposals to collaborate with CCSS and NCI investigators in the use of existing genome-wide association study (GWAS) data and corresponding outcomes-related data to address innovative research questions relating to potential genetic contributions to risk for treatment-related outcomes. Requests will be accepted on an ongoing basis. Requests will be reviewed three times per year, in February, June and October (cut-offs for receipt of applications will be February 1st, June 1st, and October 1st).

[Alfred P. Sloan Foundation: Economic Institutions, Behavior and Performance Grants](#)

Deadline: Continuous

The Foundation's program on Economic Institutions, Behavior, and Performance supports rigorous and objective research projects on U.S. economic structure, behavior, and performance whose findings inform and strengthen decision-making by regulators, policymakers, and the public.

[American Association for Respiratory Care \(AARC\) Research Program](#)

Deadline: Continuous

The American Association for Respiratory Care Research Program was established in 1996 to sponsor research to determine relationships between clinical interventions by respiratory therapists and the outcomes of care. The primary purpose of the AARC Research Program is to sponsor research initiatives which can document the clinical and economic impact of respiratory therapists in the delivery of health care. Clinical trials and effectiveness research to determine how clinical interventions by respiratory therapists affect overall health of patients, including physiologic indicators and quality of life, will be considered for funding.

[Wellcome Trust: Innovator Awards](#)

Deadline: Continuous

These awards support researchers who are transforming great ideas into healthcare innovations that could have a significant impact on human health. Our current focus areas are mental health, neurological disorders and neglected tropical diseases.

[COS Pivot](#)- Harvard University subscribes to COS Pivot, a comprehensive web-based resource of funding information which publishes more than 15,000 federal, non-federal, and industry-sponsored funding opportunities and is updated on a daily basis. New users must create an account using their Harvard e-mail before performing searches. One of Pivot's most useful features is its ability to save and then automatically run searches on a weekly basis to notify users when opportunities matching their search parameters are announced. Please contact ORSD (orsd@hsph.harvard.edu) if you have any questions about this resource or need assistance creating an account.
