Friday January 26, 2018

NIH Funding Announcements

ACTIVE LIMITED SUBMISSION COMPETITIONS:

****NEW:** [Limited Submission- NIH: Alzheimer's Disease Research Centers \(P30 - Clinical Trials Not Allowed\)](#)

Internal deadline: February 16, 2018

Sponsor deadline: June 04, 2018

If you are interested in applying for this award, you must submit a brief Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (hconrad@hsph.harvard.edu) no later than February 16, 2018. Based on the number of notices received, we will determine whether an internal competition is needed.

[Previously Announced: Limited Submission - NIH: African Association for Health Professions Education and Research \(R25\) \(Clinical Trials Not Allowed\)](#)

Internal deadline: February 2, 2018

Sponsor deadline: March 28, 2018

If you are interested in applying for this award, you must submit a brief Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (hconrad@hsph.harvard.edu) no later than **February 2, 2018**. Based on the number of notices received, we will determine whether an internal competition is needed.

[Previously Announced: Limited Submission - NIH: Revision Applications for International Centers of Excellence for Malaria Research \(U19 Clinical Trial Optional\)](#)

Internal deadline: February 9, 2018

Sponsor deadline: May 30, 2018

If you are interested in applying for this award, you must submit a brief Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (hconrad@hsph.harvard.edu) no later than **February 9, 2018**. Based on the number of notices received, we will determine whether an internal competition is needed.

[Previously Announced: Limited Submission: Mellon Foundation: Sawyer Seminar 2018](#)

Internal deadline: February 12, 2018

Sponsor deadline: March 30, 2018

The Sawyer Seminars are a vehicle to bring together faculty, foreign visitors, postdoctoral fellows, and graduate students from a variety of fields mainly, but not exclusively, in the arts, humanities and interpretive social sciences, for intensive study of subjects chosen by the participants. Harvard University, as one institution, can nominate one applicant for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFPP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

NEW RFA's:

***NEW:** [NIH: The Human BioMolecular Atlas Program \(HuBMAP\) Integration, Visualization and Engagement \(HIVE\) Initiative \(OT2 Clinical Trials Not Allowed\)](#)

Closing date: 04-17-2018

***NEW:** [NIH: Somatic Cell Genome Editing Dissemination and Coordinating Center \(U24 Clinical Trial Not Allowed\)](#)

Closing date: 04-04-2018

***NEW:** [NIH: Expanding the Human Genome Editing Repertoire \(U01 Clinical Trial Not Allowed\)](#)

Closing date: 04-04-2018

*NEW: NIH: Innovative Technologies to Deliver Genome Editing Machinery to Disease-relevant Cells and Tissues (UG3/UH3 Clinical Trial Not Allowed)

Closing date: 04-04-2018

*NEW: NIH: Development of Cell and Tissue Platforms to Detect Adverse Biological Consequences of Somatic Cell Gene Editing (U01 Clinical Trial Not Allowed)

Closing date: 04-04-2018

*NEW: NIH: Development of Large Animal Reporter Systems for Testing Somatic Cell Genome Editing Tools (U24 Clinical Trial Not Allowed)

Closing date: 04-04-2018

*NEW: NIH: Rodent Testing Centers for Development of Reporter Systems and Evaluation of Somatic Cell Genome Editing Tools (U42 Clinical Trial Not Allowed)

Closing date: 04-04-2018

NEW PA's:

*NEW: NIH: Assistive Technology for Persons with Alzheimer's Disease and Related Dementias and Their Caregivers (R41/R42 - Clinical Trials Optional)

Closing date: 01-09-2020

*NEW: NIH: Assistive Technology for Persons with Alzheimer's Disease and Related Dementias and Their Caregivers (R43/R44 - Clinical Trial Optional)

Closing date: 01-09-2020

*NEW: NIH: Research Supplements to Promote Re-Entry into Biomedical and Behavioral Research Careers (Admin Supp - Clinical Trial Not Allowed)

Closing date: 09-08-2021

*NEW: NIH: Administrative Supplements to Existing NIH Grants and Cooperative Agreements (Parent Admin Supp - Clinical Trial Optional)

Closing date: 01-26-2021

*NEW: NIH: Research Supplements to Promote Diversity in Health-Related Research (Admin Supp - Clinical Trial Not Allowed)

Closing date: 09-08-2021

[NIH Parent Announcements](#)

Previously Announced – Limited Submission Opportunities

Limited Submission Opportunity (LSO) – If you are interested in applying for any of the LSOs listed below, please inform ORSD at hconrad@hsph.harvard.edu. Visit the ORSD [website](#) for more information about Limited Submission opportunities.

[Previously Announced: Limited Submission - NIH: NCI Predoctoral to Postdoctoral Fellow Transition Award, 2018](#)

Sponsor deadline: February 21, 2018

This program honors 50 extraordinary scientists under the age of 40 for their contributions to advancing the frontiers of science, engineering and technology. These selected scientists become members of the WEF's [Young Scientists](#) Community. Harvard University, as one institution, can nominate six applicants for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFPP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[Previously Announced: Limited Submission: Ono Pharma: Breakthrough Science Initiative Awards Program 2018](#)

Sponsor deadline: February 28, 2018

Previously Announced: Limited Submission - NIH: Innovation Corps (I-Corps) at NIH Program for NIH and CDC Translational Research (Admin Supp - Clinical Trial Not Allowed)

Sponsor deadline: 03-05-2018

Previously Announced: Limited Submission - NIH: IDeA Networks of Biomedical Research Excellence (INBRE) (P20 Clinical Trial Optional)

Sponsor Deadline: March 27, 2018

Previously Announced: Limited Submission – NIH: Health-professional Education Partnership Initiative (HEPI) (R25 Clinical Trial Not Allowed)

Sponsor Deadline: 03-28-2018

Previously Announced: Limited Submission - NIH: Limited Competition: Revision Applications for International Centers of Excellence for Malaria Research (U19 Clinical Trial Optional)

Sponsor deadline: 05-30-2018

Previously Announced: Limited Submission - NIH: Silvio O. Conte Digestive Diseases Research Core Centers (P30 Clinical Trial Optional)

Sponsor deadline: June 1, 2018

Previously Announced: Limited Submission - NIH: Centers of Biomedical Research Excellence (COBRE) (P20 Clinical Trial Optional)

Sponsor Deadline: January 24, 2019

Previously Announced: Limited Submission - NIH: The NCI Predoctoral to Postdoctoral Fellow Transition Award (F99/K00)

Sponsor deadline: February 21, 2018

Previously Announced: Limited Submission - NIH: Environmental Health Sciences Core Centers (EHS CC) (P30 Clinical Trial Optional)

Sponsor deadline: April 17, 2018

Previously Announced: Limited Submission - NIH: Institutional Development Award (IDeA) Program Infrastructure for Clinical and Translational Research (IDeA-CTR) (U54 Clinical Trial Optional)

Sponsor Deadline: October 2, 2018

Previously Announced: Limited Submission – NIH: NIOSH Occupational Safety and Health Education and Research Centers (T42)

Closing Date: November 21, 2019

CLOSED: The Harvard Chan School has an existing NIOSH training grant.

Previously Announced: Previously Announced: Limited Submission – NIH: Research Education: Initiative for Maximizing Student Development (IMSD) Program (R25)

Sponsor Deadline: January 26, 2018

Previously Announced: Limited Submission - NIH: Flexible Funding Model - Infrastructure Development and Maintenance for State Manufactured Food Regulatory Programs (U18)

Sponsor deadline: 03-01-2018

Previously Announced: Limited Submission - NIH: Science Education Partnership Award (SEPA) (R25)

Closing date: 07-10-2019

Previously Announced: Limited Submission – NIH: Stimulating Access to Research in Residency (StARR) (R38)

Closing Date: January 25, 2020

Previously Announced: Limited Submission – NIH: NEI Center Core Grant for Vision Research (P30)

Sponsor Deadline: September 19, 2019

Previously Announced: Limited Submission – NIH: NINDS Neuroscience Development for Advancing the Careers of a Diverse Research Workforce (R25)

Closing Date: September 26, 2019

Previously Announced: Limited Submission – NIH: Institutional Development Award (IDeA) Program Infrastructure for Clinical and Translational Research (IDeA-CTR)(U54)

Closing Date: October 3, 2019

Previously Announced: Limited Submission – NIH: National Swine Resource and Research Center (U42)

Sponsor Deadline: January 26, 2018

Previously Announced: Limited Submission – NIH: Centers for AIDS Research (P30)

Closing Date: August 18, 2019

Previously Announced: Limited Submission – NIH: Developmental Centers for AIDS Research (P30)

Closing Date: August 18, 2019

Previously Announced: Limited Submission – NIH: Environmental Health Sciences Core Centers (EHS CC) (P30)

Closing Date: April 18, 2019

Previously Announced: Limited Submission – NIH: Maintenance and Enhancement of ISO/IEC 17025 Accreditation and Whole Genome Sequencing for State Food Testing Laboratories (U18)

Closing Date: April 18, 2018

Previously Announced: Limited Submission – NIH: Research Education: Bridges to the Doctorate (R25)

Closing Date: September 26, 2018

Previously Announced: Limited Submission – NIH: IDeA Networks of Biomedical Research Excellence (INBRE) (P20)

Closing Date: March 28, 2019

Previously Announced: Limited Submission – NIH: Data Science Research: Personal Health Libraries for Consumers and Patients (R01)

Closing Date: March 20, 2018

Previously Announced: Limited Submission – NIH: National Primate Research Centers (P51)

Closing Date: January 26, 2020

Previously Announced: Limited Submission – NIH: Jointly Sponsored Ruth L. Kirschstein National Research Service Award for Institutional Predoctoral Training Programs in the Neurosciences (T32)

Closing Date: May 26, 2019

Previously Announced: Limited Submission – NIH: Cancer Center Support Grants (CCSGs) for NCI-designated Cancer Centers (P30)

Closing Date: January 8, 2020

Previously Announced: Limited Submission – NIH: Silvio O. Conte Digestive Diseases Research Core Centers (P30)

Closing Date: June 2, 2018

Previously Announced: Limited Submission – NIH: Postbaccalaureate Research Education Program (PREP) (R25)

Closing Date: January 25, 2019

Previously Announced: Limited Submission – NIH: Research Education: Initiative for Maximizing Student Development (IMSD) Program (R25)

Closing Date: January 29, 2019

Previously Announced: Limited Submission: NIOSH Centers of Excellence for Total Worker Health® (U19)

Closing Date: November 30, 2019

Previously Announced: Limited Submission – NIH: Centers of Biomedical Research Excellence (COBRE) (P20)

Closing Date: January 25, 2019

Previously Announced: Limited Submission – NIH: Research Initiative for Scientific Enhancement (RISE) (R25)

Closing Date: May 26, 2018

Previously Announced: Limited Submission – NIH: Bridges to the Doctorate (R25)

Closing Date: September 26, 2018

[Previously Announced: Limited Submission – NIH: Institutional Research and Academic Career Development Awards \(IRACDA\) \(K12\)](#)

Closing Date: September 20, 2018

[Previously Announced: Limited Submission – NIH: Clinical and Translational Science Award \(U54\)](#)

Internal Funding Opportunities

[*NEW: Internal Funding: Harvard Campus Sustainability Innovation Fund \(2017-2018\)](#)

Application Deadline: February 20, 2018

The Harvard Campus Sustainability Innovation Fund supports projects that use Harvard's campus or the neighboring community as a test bed for envisioning and piloting innovative solutions to sustainability challenges, including, but not limited to, climate and health. Projects must tackle real-world challenges faced directly on campus or in the community, and lead to the practical application of emerging technologies or strategies that can be used to inform the University's implementation of its Sustainability Plan.

[*NEW: Internal Funding: Servier-Harvard 2018 RFP](#)

Application Deadline: March 5, 2018

This award is made available through an alliance between Harvard University and Servier, an international pharmaceutical company governed by a non-profit foundation. It will support collaborative, PI-initiated projects aimed at developing innovative therapeutics (including small molecule, peptides, and antibodies), identifying new biological mechanisms & targets, and developing novel drug delivery/targeting approaches across disease areas of mutual interest.

[Internal Funding: William F. Milton Fund 2018](#)

Application deadline: April 3, 2018

This program supports research projects in the fields of medicine, geography, history and science that promote the physical and material welfare and prosperity of the human race, investigate and determine the value and importance of any discovery or invention, or assist in the discovery and perfecting of any special means of alleviating or curing human disease. The Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through

HUFP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[Internal Funding – Blavatnik Biomedical Accelerator](#)

Application deadline: April 16, 2018

The Blavatnik Biomedical Accelerator at Harvard University provides essential gap funding, development support, and business expertise to help faculty investigators achieve the full potential of their work. Proposals are welcomed from Harvard principal investigators with early-stage research in a range of life science areas, including therapeutics, diagnostics, drug delivery technologies, medical devices/instruments, and enabling technologies for drug discovery.

[Internal Funding – Harvard's Solar Geoengineering Research Program](#)

Applications will be accepted on a rolling basis.

Harvard's Solar Geoengineering Research Program (SGRP) invites faculty and researchers throughout Harvard to apply for grants. No prior experience in solar geoengineering required. The goal of the program is to: Take an active stance on research with a unique mandate to develop new path-breaking technologies that might improve solar geoengineering's effectiveness and reduce its risks; Employ Harvard's convening power to bring together scientists, environmental leaders, and government officials to discuss the technology and its governance; Advance science and technology, assess efficacy and risks, and lay out governance options and social implications.

Non-Federal Funding Opportunities

[*NEW: Health Resources in Action: The Noonan Research Fund](#)

Application deadline: March 15, 2018

The Noonan Research Fund supports innovative clinical and service system research and demonstration projects designed to improve the quality of life for children with disabilities relevant to the Noonan focus. The Sara Elizabeth O'Brien Trust, Bank of America, N.A., Trustee, will support up to one additional research project submitted to the Noonan Research program focusing on medical research related to blindness (not other visual impairments, e.g., strabismus) in children and adolescents. The O'Brien Trust submissions are not restricted to the Noonan geographical area of interest (Greater Boston).

[*NEW: Michelson Medical Research Foundation: Michelson Prizes for Human Immunology and Vaccine Research](#)

Application Deadline: Feb 12, 2018

This award targets young investigators under the age of 35 that are applying innovative research concepts and disruptive technologies to significantly advance the development of future vaccines and immunotherapies for major global diseases.

[*NEW: IBM Health Corps: IBM Health Corps Grants](#)

Application Deadline: February 13, 2018

IBM Health Corps is a pro bono service engagement provided to public, social and civil sector organizations to help address health disparities. Health Corps is a select group of top performing, cross-disciplinary IBMers that offer their expertise in health, data analytics, design, and technology to help organizations improve health access, services, and outcomes. Teams are deployed to the organization to spend three weeks on site.

[Damon Runyon Cancer Research Institute: Damon Runyon Fellowship Award](#)

Sponsor deadline: March 15, 2018

The Foundation encourages all theoretical and experimental research relevant to the study of cancer and the search for cancer causes, mechanisms, therapies and prevention. Candidates must apply for the fellowship under the guidance of a Sponsor—a scientist (tenured, tenure-track or equivalent position) capable of providing mentorship to the Fellow.

[Limited Submission - Brain Research Foundation: 2018 Fay/Frank Seed Grant Program](#)

Sponsor Deadline: March 28, 2018

This program provides start up monies for new research projects in the field of neuroscience that will likely lead to extramural funding from the National Institutes of Health or other outside funding sources. Harvard University, as one institution, can nominate one applicant for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

[AmFAR: Impact Grants: Gaining Insights from the Clinic](#)

Letter of Intent deadline: April 11, 2018

Application deadline: Early August 2018 (tentative)

The goal of this program is to generate practical, implementable information that will facilitate the design and interpretation of broadly generalizable HIV cure clinical research. Specific areas of interest include: identifying pre-ATI predictors of post-treatment control (PTC) or delay to rebound and diversifying the HIV cure clinical study population.

[Duke University School of Medicine, Department of Population Health Sciences: Dissemination and Implementation Science in Cardiovascular Outcomes](#)

Application deadline: March 1, 2018

The Department of Population Health Sciences is seeking qualified implementation and dissemination scholars looking to train in T4 translational research in heart, lung, blood, and sleep (HLBS) disorders. Beyond examining effective interventions relevant to the National Heart, Lung and Blood Institute (NHLBI), researchers can attend workshops/tutorials in scientific writing, in designing and writing research protocols, and in application writing for research support.

[Mendez National Institute of Transplantation Foundation: Research Grant Program](#)

Application Deadline: July 15, 2018

The aim of this program is to improve clinical outcomes and positively impact the field of transplantation. The Foundation plans to achieve this by empowering patients with end-stage organ disease and transplant recipients through education to proactively manage their health and improve their long-term outcomes.

[Orthopaedic Research and Education Foundation: Research Program](#)

Multiple deadlines

The Orthopaedic Research and Education Foundation (OREF) is committed to improving lives by supporting excellence in orthopaedic research. OREF is dedicated to being the leader in supporting research that improves function, eliminates pain and restores mobility, and is the premiere orthopaedic organization funding research across all specialties.

[Allen Foundation: Grants Program](#)

Sponsor deadline: September 15, 2018

Established Investigator Grant: The Foundation seeks applications from promising individuals both inside and outside the field of scleroderma research who wish to propose pilot studies to obtain preliminary data dealing with a highly innovative and/or highly relevant theme related to the disease. This grant will support pilot research that is likely to lead to more substantial unlimited research project grants from federal or non-federal sources.

New Investigator Award: The Scleroderma Foundation seeks applications from promising new investigators who hold faculty or equivalent positions and who wish to pursue a career in research related to scleroderma. This grant supports promising research that is likely to lead to individual research project grants.

[Crohn's and Colitis Foundation of America: Broad Medical Research Program](#)

Application deadline: Rolling

The BMRP is funding innovative research into the possible reasons for low and high incidence of IBD in different areas of the globe. Proposals should be exploratory in nature or designed as pilot. The research should shed light on factors that may influence low versus high global areas of prevalence of the disease. The research should ultimately be helpful in improved understanding of the etiology of IBD and the factors that enhance or prevent the genesis of the disease.

[Caplan Foundation for Early Childhood: Grants Program](#)

Letter of Inquiry: January 31, 2018

Application deadline: TBD

The Foundation is intended to be an incubator of promising research and development projects that may ultimately enhance the development, health, safety, education or quality of life of children from infancy through seven years of age across the country. Each of its grants is made with the expectation that a successful project outcome will be of significant interest to other investigators or developers, within the grantee's field of endeavor, and will be amenable to beneficial application or adaptation elsewhere. In essence, the foundation's goal is to provide seed money for those imaginative endeavors, addressed to the needs of young children, which appear most likely to bear fruit on a national scale.

[PCORI: Eugene Washington PCORI Engagement Awards](#)

Application Deadline: Multiple deadlines

The Eugene Washington PCORI Engagement Awards offer two different funding opportunities: The Eugene Washington PCORI Engagement Awards, and Engagement Award Initiative Notice (EAIN) for Research Meeting and Conference Support. It is important that you click on the correct link to enter the application system because the application process is different.

[Robert Wood Johnson Foundation: Pioneering Ideas and a Culture of Health](#)

Letter of Inquiry: Rolling Deadline

The goal of this award is to look into the future and put health first as we design for changes in how we live, learn, work and play; to wade into uncharted territory in order to better understand what new trends, opportunities and breakthrough ideas can enable everyone in America to live the healthiest life possible. The Robert Wood Johnson Foundation focuses on four broad areas: Health Leadership; Health Systems; Healthy Communities; and Healthy Kids, Healthy Weight.

[Robert Wood Johnson Foundation: Evidence for Action: Investigator-Initiated Research to Build a Culture of Health](#)

Letter of Inquiry: Rolling Deadline

This program funds research that expands the evidence base needed to build a Culture of Health. RWJF is looking for research that examines the health impacts of programmatic or policy interventions that address factors outside the domain of health care services or public health practice.

[Simons Foundation: SFARI Explorer Awards](#)

Application Deadline: Rolling

This award program is designed to enhance our existing support of autism research by providing timely resources to enable focused experiments highly relevant to our mission. A deeper understanding of the mechanisms underlying autism spectrum disorders or potential therapeutic approaches will require investigation at multiple levels, including but not limited to studies focused on gene discovery, molecular mechanisms, circuits, anatomy, and cognition and behavior. We will consider proposals at all of these levels.

[Genome-Wide Investigation of Late-Effects Using the Childhood Cancer Survivor Study \(CCSS\) Cohort](#)

Application Deadline Rolling

The CCSS leadership is now broadening the scope of this initiative to study the role of genetic susceptibility in the development of non-malignant treatment-related outcomes (in addition to subsequent malignancies) in cancer survivors. Accordingly, CCSS is announcing a request for proposals to collaborate with CCSS and NCI investigators in the use of existing genome-wide association study (GWAS) data and corresponding outcomes-related data to address innovative research questions relating to potential genetic contributions to risk for treatment-related outcomes. Requests will be accepted on an ongoing basis. Requests will be reviewed three times per year, in February, June and October (cut-offs for receipt of applications will be February 1st, June 1st, and October 1st).

[Alfred P. Sloan Foundation: Economic Institutions, Behavior and Performance Grants](#)

Deadline: Continuous

The Foundation's program on Economic Institutions, Behavior, and Performance supports rigorous and objective research projects on U.S. economic structure, behavior, and performance whose findings inform and strengthen decision-making by regulators, policymakers, and the public.

[American Association for Respiratory Care \(AARC\) Research Program](#)

Deadline: Continuous

The American Association for Respiratory Care Research Program was established in 1996 to sponsor research to determine relationships between clinical interventions by respiratory therapists and the outcomes of care. The primary purpose of the AARC Research Program is to sponsor research initiatives which can document the clinical and economic impact of respiratory therapists in the delivery of health care. Clinical trials and effectiveness research to determine how clinical interventions by respiratory therapists affect overall health of patients, including physiologic indicators and quality of life, will be considered for funding.

[Wellcome Trust: Innovator Awards](#)

Deadline: Continuous

These awards support researchers who are transforming great ideas into healthcare innovations that could have a significant impact on human health. Our current focus areas are mental health, neurological disorders and neglected tropical diseases.

[COS Pivot](#)- Harvard University subscribes to COS Pivot, a comprehensive web-based resource of funding information which publishes more than 15,000 federal, non-federal, and industry-sponsored funding opportunities and is updated on a daily basis. New users must create an account using their Harvard e-mail before performing searches. One of Pivot's most useful features is its ability to save and then automatically run searches on a weekly basis to notify users when opportunities matching their search parameters are

announced. Please contact ORSD (orsd@hsph.harvard.edu) if you have any questions about this resource or need assistance creating an account.
