COVID-19 Funding:

ORSD distributes a weekly COVID-19 newsletter highlighting new research funding opportunities along with answers to many questions regarding how COVID-19-related disruptions to research might affect current federal funding.

NIH Funding Announcements

**ACTIVE LIMITED SUBMISSION OPPORTUNITIES:**

*NEW: Limited Submission - NIH: IDeA Program Infrastructure for Clinical and Translational Research (IDeA-CTR)(U54 - Clinical Trial Optional)*

Internal deadline: May 8, 2020
Sponsor deadline: October 07, 2020
Please note: This LSO has multiple deadlines. If you plan on applying for the upcoming deadline, please submit a Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (hconrad@hsph.harvard.edu) no later than May 8, 2020. Based on the number of notices received, we will determine whether an internal competition is needed.

Limited Submission - NIH: Clinical Trials in Organ Transplantation in Children and Adults (CTOT-CA) (U01 Clinical Trial Optional)

Internal deadline: May 1, 2020
Sponsor deadline: October 20, 2020
If you are interested in applying for this award, you must submit a brief Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (hconrad@hsph.harvard.edu) no later than May 1, 2020. Based on the number of notices received, we will determine whether an internal competition is needed.

**NEW RFAs:**

*NEW: NIH: Pilot Projects Investigating Understudied G Protein-Coupled Receptors, Ion Channels, and Protein Kinases (R03 Clinical Trial Not Allowed)*

Deadline: 07-16-2020

*NEW: NIH: Implementation Research to Improve Case Finding, Cascade Screening, and Treatment for Familial Hypercholesterolemia (FH) (R61/R33 Clinical Trial Required)*

05-08-2021

**NEW PAs:**

*NEW: NIH: Independent Scientist Award (Parent K02 - Independent Clinical Trial Not Allowed)*

Deadline: 06-12-2023
*NEW: NIH: Independent Scientist Award (Parent K02 Independent Basic Experimental Studies with Humans Required)  
Deadline: 06-12-2023

*NEW: NIH: Independent Scientist Award (Parent K02 - Independent Clinical Trial Required)  
Deadline: 06-12-2020

*NEW: NIH: Long-Term Effects of Disasters on Health Care Systems Serving Health Disparity Populations (R01 - Clinical Trial Optional)  
Deadline: 10-5-2020

*NEW: NIH: Research Supplements to Promote Diversity in Health-Related Research (Admin Supp - Clinical Trial Not Allowed)  
Deadline: 05-22-2023

Open for Nomination & Closed – Limited Submission Opportunities
If you are interested in applying for any of the LSOs listed below, please inform ORSD at hconrad@hsph.harvard.edu. Visit the ORSD website for more information about Limited Submission opportunities.

Limited Submission - NIH: International Epidemiology Databases to Evaluate AIDS (IeDEA) (U01 Clinical Trial Not Allowed)  
Sponsor deadline: August 05, 2020

Limited Submission - NIH: National Biocontainment Laboratories (NBLs) Operations Support (UC7 Clinical Trial Not Allowed)  
Sponsor deadline: July 18, 2020

Limited Submission - NIH: NIAMS Rheumatic Diseases Research Resource-based Centers (P30 - Clinical Trial Not Allowed)  
Sponsor deadline: October 07, 2020

Limited Submission - NIH: Intellectual and Developmental Disabilities Research Centers [IDDRC] FY 2021 (P50 Clinical Trial Optional)  
Sponsor deadline: August 15, 2020

Limited Submission - NIH: Addressing Racial Disparities in Maternal Mortality and Morbidity (R01 Clinical Trial Optional)  
Sponsor deadline: May 30, 2020

Limited Submission - NIH: Tuberculosis Research Units (U19 Clinical Trial Optional)  
Sponsor deadline: September 29, 2020

Limited Submission - NIH: Science Education Partnership Award (SEPA) (R25 - Clinical Trial Not Allowed)  
Sponsor deadline: July 14, 2020

Limited Submission: NIH: Sponsored Programs Administration Development (SPAD) Program (UC2 Clinical Trial Not Allowed)  
Sponsor deadline: June 26, 2020

Limited Submission: NIH: Asthma and Allergic Diseases Cooperative Research Centers (U19 Clinical Trial Optional)  
Sponsor deadline: August 29, 2020
Limited Submission - NIH: Retail Food Safety Association Collaboration (U18) Clinical Trial Not Allowed
Sponsor deadline: May 14, 2020

Limited Submission - NIH: Alzheimer's Disease Research Centers (P30 Clinical Trial Not Allowed)
Sponsor deadline: September 16, 2020

Limited Submission - NIH: Population Dynamics Centers Research Infrastructure Program FY 2021 (P2C Clinical Trial Not Allowed)
Sponsor deadline: July 31, 2020

Limited Submission - NIH: NIAMS Resource-based Centers for Bone, Muscle and Orthopaedic Research (BMOR) (P30 - Clinical Trials Not Allowed)
Sponsor deadline: August 12, 2020

Limited Submission - NIH: Development and Maintenance of the Animal Feed Regulatory Program Standards with Optional Coordinated Preventive Control Regulatory Activities and Capacity Building (U18) Clinical Trial Not Allowed
Sponsor deadline: May 13, 2020

Limited Submission - NIH: Artificial Intelligence and Technology Collaboratories for Aging Research (P30 Clinical Trial Optional)
Sponsor deadline: October 20, 2020

Limited Submission - NIH: Nutrition Obesity Research Centers (NORCs) (P30 Clinical Trial Optional)
Sponsor Deadline: June 2, 2020

Limited Submission - NIH: NIAMS Skin Biology and Diseases Resource-based Centers (P30 - Clinical Trial Not Allowed)
Sponsor deadline: August 12, 2020

Limited Submission – NIH: Collaborative Program Grant for Multidisciplinary Teams (RM1) (Clinical Trial Not Allowed)
Sponsor deadline: May 25, 2020

Limited Submission - NIH: Medical Scientist Training Program (T32)
Sponsor deadline: May 25, 2020

Limited Submission - NIH: Undergraduate Research Training Initiative for Student Enhancement (U-RISE) (T34)
Sponsor deadline: May 21, 2020

Limited Submission - NIH: Research Centers in Minority Institutions (RCMI) Coordinating Center (U24 Clinical Trial Not Allowed)
Sponsor deadline: May 06, 2020

Limited Submission - NIH: Team-Based Design in Biomedical Engineering Education (R25 Clinical Trial Not Allowed)
Sponsor deadline: May 28, 2020

Limited Submission - NIH: Centers for AIDS Research (P30 Clinical Trial Not Allowed)
Sponsor deadline: July 28, 2020

Limited Submission - NIH: Developmental Centers for AIDS Research (P30 Clinical Trial Not Allowed)
Sponsor deadline: July 28, 2020

Limited Submission - NIH: Collaborative Program Grant for Multidisciplinary Teams (RM1 - Clinical Trial Optional)
Sponsor deadline: May 27, 2020
Limited Submission - NIH: IDeA Networks of Biomedical Research Excellence (INBRE) (P20 Clinical Trial Optional)
Sponsor deadline: May 20, 2020

Limited Submission - NIH: Childhood Asthma in Urban Settings Clinical Research Network- Leadership Center (UM1 Clinical Trial Required)
Sponsor deadline: June 20, 2020

Limited Submission - NIH: Childhood Asthma in Urban Settings -Clinical Research Centers (U01 Clinical Trial Optional)
Sponsor deadline: June 20, 2020

Limited Submission - NIH: Jointly Sponsored Ruth L. Kirschstein National Research Service Award Institutional Predoctoral Training Program in the Neurosciences (T32 Clinical Trial Not Allowed)
Sponsor deadline: May 26, 2020

Limited Submission - NIH: Institutional Training for a Dental, Oral and Craniofacial Research Workforce (T90/R90 Clinical Trial Not Allowed)
Sponsor deadline: September 25, 2020

Limited Submission - NIH: Ruth L. Kirschstein National Research Service Award (NRSA) Institutional Training for a Dental, Oral and Craniofacial Research Workforce (T32 Clinical Trial Not Allowed)
Sponsor deadline: September 25, 2020

Limited Submission - NIH: Institutional Training for a Dental, Oral and Craniofacial Research Workforce (T90/R90 Clinical Trial Not Allowed)
Sponsor deadline: September 27, 2022

Limited Submission - NIH: NEI Center Core Grant for Vision Research (P30 Clinical Trial Not Allowed)
Sponsor deadline: October 01, 2022

Limited Submission - Edward Mallinckrodt Jr. Foundation: Grants Program, 2020
Sponsor deadline: June 1, 2020

Limited Submission - William T. Grant: Scholars Program
Sponsor deadline: July 1, 2020

Other Federal Funding Announcements

Administration for Children and Families

Department of Defense

*NEW: DoD: Melanoma, Translational Research Award
Deadline: September 24, 2020

*NEW: DoD: Melanoma, Team Science Award
Deadline: September 24, 2020

*NEW: DoD Melanoma, Mid-Career Accelerator Award
Deadline: September 24, 2020
*NEW: DoD: Melanoma, Technology Development Partnership Award  
Deadline: September 24, 2020

*NEW: DoD: Melanoma, Idea Award  
Deadline: September 24, 2020

DoD: Prostate Cancer, Health Disparity Research Award  
Deadline: July 16, 2020

DoD: Prostate Cancer, Clinical Trial Award  
Deadline: July 16, 2020

DoD: Prostate Cancer, Translational Science Award  
Deadline: July 16, 2020

DoD: Prostate Cancer, Population Science and Outcomes Research Award  
Deadline: July 16, 2020

DoD: Prostate Cancer, Idea Development Award  
Deadline: July 16, 2020

DoD: Peer Reviewed Medical Research Program Clinical Trial Award  
Deadline: August 13, 2020

DoD: CDMRP PRMRP Investigator-Initiated Research Award for Emerging Viral Diseases and Respiratory Health  
Deadline: June 12, 2020

DoD: Clinical Trial Award for Emerging Viral Diseases and Respiratory Health  
Deadline: June 22, 2020

DoD: Technology/Therapeutic Development Award for Emerging Viral Diseases and Respiratory Health  
Deadline: June 12, 2020

DoD: Neurofibromatosis, Exploration- Hypothesis Development Award  
Deadline: July 29, 2020

DoD: Neurofibromatosis, Early Investigator Research Award  
Deadline: July 9, 2020

DoD: Neurofibromatosis, Clinical Trial Award  
Deadline: July 9, 2020

DoD: Tuberous Sclerosis Complex, Exploration- Hypothesis Development Award  
Deadline: July 9, 2020

DoD: Tuberous Sclerosis Complex, Idea Development Award  
Deadline: July 9, 2020

DoD: Tuberous Sclerosis Complex, Clinical Translational Research Award  
Deadline: July 9, 2020

DoD: Peer Reviewed Cancer Research, Behavioral Health Science Award  
Deadline: August 27, 2020
DoD: Peer Reviewed Cancer Research, Career Development Award  
Deadline: August 20, 2020

DoD: Peer Reviewed Cancer Research, Translational Team Science Award  
Deadline: August 27, 2020

DoD Gulf War Illness, Patient-Provider and Health Communications Award  
Deadline: September 10, 2020

DoD: Gulf War Illness, Therapeutic/Biomarker Trial Award  
Deadline: September 10, 2020

DoD: Gulf War Illness, Idea Award  
Deadline: September 10, 2020

DoD: Gulf War Illness, New Investigator Award  
Deadline: September 10, 2020

DoD: Gulf War Illness, Research Advancement Award  
Deadline: September 10, 2020

DoD: Spinal Cord Injury, Translational Research Award  
Deadline: August 25, 2020

DoD: Spinal Cord Injury, Investigator- Initiated Research Award  
Deadline: August 25, 2020

DoD: Spinal Cord Injury, Clinical Trial Award  
Deadline: August 25, 2020

DoD: Prostate Cancer, Early Investigator Research Award  
Deadline: June 18, 2020

DoD: Prostate Cancer, Physician Research Award  
Deadline: May 18, 2020

DoD: Tick-Borne Disease, Idea Development Award  
Deadline: August 27, 2020

DoD: Tick-Borne Disease, Career Development Award  
Deadline: August 20, 2020

DoD: Lung Cancer, Idea Development Award  
Deadline: July 29, 2020

DoD: Lung Cancer, Concept Award  
Deadline: June 10, 2020

DoD: Lung Cancer, Investigator-Initiated Translational Research Award  
Deadline: July 29, 2020

DoD: Bone Marrow Failure, Idea Development Award
Deadline: August 05, 2020

**DOD: Peer Reviewed Medical Research Program: Discovery Award**
*Deadline Extended:* May 7, 2020 (pre-application); May 21, 2020 (application)

**DOD: Peer Reviewed Medical Research Program: Investigator-Initiated Research Award**
*Deadline Extended:* May 1, 2020 (pre-application); September 3, 2020 (application)

**DOD: Peer Reviewed Medical Research Program: Technology/Therapeutic Development Award**
*Deadline Extended:* May 01, 2020 (pre-application); September 3, 2020 (application)

**DOD: CDMRP Peer Reviewed Medical Research Program Focused Program Award**
*Deadline Extended:* August 13, 2020

**DOD: CDMRP Peer Reviewed Medical Research Program Investigator-Initiated Research Award**
Deadline: August 20, 2020

**DOD: CDMRP Peer Reviewed Medical Research Program Technology/Therapeutic Development**
Deadline: September 03, 2020

**DOD: CDMRP Peer Reviewed Medical Research Program Discovery Award**
*Deadline Extended:* May 21, 2020

**DOD: Ovarian Cancer Research Program Pilot Award**
*Deadline Extended:* July 30, 2020

**DOD: Ovarian Cancer Research Program Clinical Translational Research Award**
Deadline: July 30, 2020

**DoD: Autism, Clinical Trial Award**
Deadline: July 16, 2020

**DoD: Autism, Clinical Translational Research Award**
Deadline: July 16, 2020

**DoD: Autism, Idea Development Award**
Deadline: July 16, 2020

**DoD Breast Cancer, Breakthrough Award Level 3**
Deadline: June 24, 2020

**DoD: Breast Cancer, Breakthrough Award Level 4**
Deadline: June 24, 2020

**DoD: Breast Cancer, Innovator Award**
Deadline: June 24, 2020

**Department of Health and Human Services**

*NEW: HHS: Health Resources and Services Administration Rural Telementoring Training Center*  
Deadline: June 16, 2020

*NEW: HHS: Administration for Children and Families - OHS*
Region XII Migrant and Seasonal Worker Collaboration Office
Deadline: July 27, 2020

HHS: Health Resources and Services Administration Improving Care and Treatment Coordination: Focusing on Black Women with HIV – Evaluation and Technical Assistance Provider
Deadline: June 15, 2020

HHS: Health Resources and Services Administration Improving Care and Treatment Coordination: Focusing on Black Women with HIV – Demonstration Sites
Deadline: June 15, 2020

HHS: Health Resources and Services Administration Building Capacity to Implement Rapid Antiretroviral Therapy (ART) Start for Improved Care Engagement in the Ryan White HIV/AIDS Program – Evaluation and Technical Assistance Provider
Deadline: June 15, 2020

HHS: Health Resources and Services Administration Building Capacity to Implement Rapid Antiretroviral Therapy (ART) Start for Improved Care Engagement in the Ryan White HIV/AIDS Program – Implementation Sites
Deadline: June 15, 2020

HHS: Smoking Machine Adaptor Design Project for ENDS, Cigars, and Heated Tobacco Products (UC2) Clinical Trials Not Allowed
Deadline: July 10, 2020

HHS: AAV vector manufacturing for diseases affecting very small populations (R01) Clinical Trial Not Allowed
Deadline: June 23, 2020

HHS: Advancing the Centers of Excellence in Newcomer Health
Deadline: June 9, 2020

HHS: Drug Development Science Support (U01) Clinical Trials Optional
Deadline: June 8, 2020

HHS: Administration for Children and Families - OPRE Child Care and Early Education Research Connections
Deadline: June 8, 2020

HHS: Administration for Children and Families - ACYF/CB Quality Improvement Center on Family-Centered Reunification
Deadline: June 8, 2020

HHS: Reducing the burden of parasitic infections in the United States through evidence-based prevention and control activities
Deadline: May 26, 2020

HHS: Innovations in Nutrition Programs and Services – Demonstration
Deadline: May 26, 2020

HHS: Innovations in Nutrition Programs and Services - Research
Deadline: May 26, 2020

HHS: Comprehensive Suicide Prevention
Deadline: May 26, 2020

HHS: Behavioral Risk Factor Surveillance System (BRFSS): Impact in Population Health
Deadline: May 29, 2020
HHS: Strengthening Aging Services for Minority Populations Through Technical Assistance, Resource Development, and Program Coordination
Deadline: May 29, 2020

HHS: Head Start Dissertation Grants
Deadline: June 5, 2020

HHS: Child Care Dissertation Grants
Deadline: June 4, 2020

HHS: Approaches to Prevent Adult-Perpetrated Child Sex Abuse (CSA)
Deadline: May 29, 2020

HHS: Engaging Older Adults
Deadline: May 28, 2020

HHS: BOLD Public Health Centers of Excellence to Address Alzheimer’s Disease and Related Dementias
Deadline: May 26, 2020

HHS: Strengthening environmental health capacity (EHC) to detect, prevent, and control environmental health hazards through data-driven, evidence-based approaches
Deadline: May 30, 2020

HHS: Incorporating cost effectiveness & societal outcomes into FDA opioids model (U01) Clinical Trials Not Allowed
Deadline: May 18, 2020

HHS: Exploring the use of Real-World Data to Generate Real-World Evidence in Regulatory Decision-Making (U01) Clinical Trials Optional
Deadline: May 11, 2020

HHS: Immunization Barriers in the United States: Targeting Medicaid Partnerships
Deadline: April 28, 2020

HHS: Sickle Cell Data Collection Program
May 11, 2020

HHS: Strengthening Regional Field Epidemiology Training Program (FETP) Networks
Deadline: May 4, 2020

HHS: Enhancing Global Health Security: Expanding Efforts and Strategies to Protect and Improve Public Health Globally
Deadline: April 27, 2020

HHS: Strengthening Global Field Epidemiology Training Program (FETP) Network
Deadline: April 27, 2020

HHS: Agency for Health Care Research and Quality Supporting Primary Care to Advance Cardiovascular Health in States with High Prevalence of Preventable CVD Events (U18)
May 25, 2020

HHS: Health Resources and Services Administration Telehealth Focused Rural Health Research Center Program
Deadline: May 1, 2020
HHS: Evaluation of Health Promotion and Prevention Programs for Blood Disorders  
Deadline: April 30, 2020

HHS: Public Health Surveillance for the Prevention of Complications of Bleeding Disorders  
Deadline: May 11, 2020

HHS: Agency for Health Care Research and Quality Improving Quality of Care and Patient Outcomes During Care Transitions (R01)  
Deadline: October 4, 2020

**Department of Energy**

**Department of State**

Deadline: April 28, 2020

DOS: Evaluation Innovation Fund – Understanding Factors and Conditions for Democracy and Rights Organizations  
Deadline: April 28, 2020

DOS: Evaluation Innovation Fund – Evidence and Learning Platform  
Deadline: April 29, 2020

**Health Resources and Services Administration**

**National Science Foundation**

Limited Submission - NSF: Partnerships for Innovation  
Internal Deadline: May 04, 2020  
The NSF Partnerships for Innovation (PFI) Program funds technology translation and development based on prior NSF funded research projects from all science and engineering disciplines supported by the NSF. Harvard University, as one institution, can nominate 1 applicant for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

*NEW: NSF: Coastlines and People Hubs for Research and Broadening Participation  
Deadline: September 29, 2020

NSF: Convergence Accelerator Phase I and II  
Deadline: July 10, 2020

NSF: Cyber-Physical Systems  
Deadline: June 22, 2020

NSF: International Collaboration Supplements in Quantum Information Science and Engineering Research  
Deadline: May 1, 2020

NSF: Multimodal Sensor Systems for Precision Health Enabled by Data Harnessing, Artificial Intelligence, and Learning  
Deadline: June 8, 2020

NSF: Division of Integrative Organismal Systems Core Programs  
Deadline: Proposals accepted any time
NSF: Reproducible Cells and Organoids via Directed- Differentiation Encoding  
Deadline: April 30, 2020

NSF: Enabling Discovery through GEnomic Tools  
Deadline: Proposals accepted any time

NSF: Division of Integrative Organismal Systems Core Programs  
Deadline: Proposals accepted any time

NSF: Presidential Early Career Awards for Scientists and Engineers  
Deadline: July 27, 2020

NSF: Faculty Early Career Development Program  
Deadline: July 27, 2020

NSF: Environmental Convergence Opportunities in Chemical, Bioengineering, Environmental, and Transport Systems  
Deadline: April 30, 2020

NSF: Environmental Convergence Opportunities in Chemical, Bioengineering, Environmental, and Transport Systems  
Deadline: April 30, 2020

NSF: Disability and Rehabilitation Engineering  
Deadline: Proposals accepted any time

NSF: Environmental Engineering  
Deadline: Proposals accepted any time

NSF: Environmental Sustainability  
Deadline: Proposals accepted any time

NSF: Cellular and Biochemical Engineering  
Deadline: Proposals accepted any time

NSF: Engineering of Biomedical Systems  
Deadline: Proposals accepted any time

NSF: Biosensing  
Deadline: Proposals accepted any time

NSF: Transitions to Excellence in Molecular and Cellular Biosciences Research  
Deadline: Proposals accepted anytime

NSF: Transitions to Excellence in Molecular and Cellular Biosciences Research  
Deadline: Proposals accepted anytime

NSF: Division of Environmental Biology  
Deadline: Proposals accepted anytime

NSF: Long-Term Ecological Research  
Deadline: June 15, 2021

NSF: Convergence Accelerator
Deadline: Proposals accepted anytime

**NSF: Sustained Availability of Biological Infrastructure**
Deadline: Proposals accepted anytime

**NSF: Long Term Research in Environmental Biology**
Deadline: Proposals accepted anytime

**NSF: Infrastructure Innovation for Biological Research**
Deadline: Proposals accepted anytime

**NSF: Cyberinfrastructure for Biological Research**
Deadline: Proposals accepted anytime

**NSF: Improvements to Biological Field Stations and Marine Laboratories**
Deadline: Proposals accepted anytime

**NSF: Instrument Capacity for Biological Research**
Deadline: Proposals accepted anytime

**NSF: Division of Molecular and Cellular Biosciences: Investigator-initiated research projects (MCB)**
Deadline: Proposals accepted anytime

**NSF: Humans, Disasters, and the Built Environment (HDBE)**
Full Proposal Accepted Anytime

**NSF: Biological and Environmental Interactions of Nanoscale Materials**
Full Proposal Accepted Anytime

**NSF: FDA Scholar-In-Residence at FDA**
Deadline: Rolling

**NSF: Research Coordination Networks (RCN)**
Rolling Deadline

**NSF: Biological and Environmental Interactions of Nanoscale Materials**
No Deadline - Proposals for this program will be accepted throughout the year.

**U.S. Agency for International Development**

**USAID: The USAID Global Health Broad Agency Announcement for Research and Development (2018)**
Deadline: May 30, 2022

**USDA**

*NEW: USDA: Analytical Research for Pesticide Residue Field Trials to Establish and Support Codex Maximum Residue Limits*
Deadline: May 15, 2020

**USDA: SNAP-PTIG-FY2020**
Deadline: June 15, 2020

**Other Federal Agencies**
*NEW: EPA: 2020 HEALTHY COMMUNITIES GRANT PROGRAM  
Deadline: June 5, 2020

EPA: CHILDREN’S HEALTHY LEARNING ENVIRONMENTS  
Deadline: June 01, 2020

EPA: Development of Recommendations and Guidance for Radiological Protection Programs  
Deadline: May 29, 2020

Deadline: April 15, 2021

Deadline: April 27, 2020

**Internal Funding Opportunities**

**Internal - Dean’s Fund for Scientific Advancement: General Acceleration Award 2020**  
Notice of Intent Deadline (required): May 20, 2020  
Application Deadline: June 22, 2020  
The 2020 General Acceleration Award supports the advancement of public health research, research-enabling platforms, and pedagogical innovation at the Harvard Chan School. For more information, see the General Acceleration Award RFA. Please visit the Dean’s Fund FAQ page for additional guidance and direct all questions to Heather Conrad (hconrad@hsph.harvard.edu).

**Internal - The Football Players Health Study: Can Your Innovation Help Improve Player Health?**  
**Deadline Extended:** May 4, 2020  
We are actively seeking novel projects that propose solutions to the health conditions faced by former football players.

**Internal Funding - The Harvard Data Science Initiative Faculty Special Projects Fund**  
Deadline: Applications accepted throughout the year.  
This fund provides one-time support of up to $5,000 for data science opportunities for which other funding is not readily available.

**Internal Funding - Harvard's Solar Geoengineering Research Program**  
Applications accepted on a rolling basis.  
Harvard’s Solar Geoengineering Research Program (SGRP) invites faculty and researchers throughout Harvard to apply for grants. No prior experience in solar geoengineering required. The goal of the program is to: Take an active stance on research with a unique mandate to develop new path-breaking technologies that might improve solar geoengineering’s effectiveness and reduce its risks; Employ Harvard’s convening power to bring together scientists, environmental leaders, and government officials to discuss the technology and its governance; Advance science and technology, assess efficacy and risks, and lay out governance options and social implications.

**Non-Federal Funding Opportunities**

**LIMITED SUBMISSION OPPORTUNITIES:**

**OTHER NON-FEDERAL FUNDING OPPORTUNITIES:**

*NEW: Brain Behavior Research Foundation: Goldman-Rakic Prize for Cognitive Neuroscience Research*
Deadline: May 14, 2020
This prize awards for excellence in neurobiological research at the cellular, physiological and/or behavioral levels that may lead to a greater understanding of the underlying cognitive neuroscience of psychiatric disease.

*NEW: Lung Cancer Research Foundation: Pilot Grant Program
Deadline: May 29, 2020
This grant program provides funding for research into the prevention, diagnosis, treatment and cure of lung cancer.

*NEW: Beckman Foundation: Young Investigator Program
Deadline: August 30, 2020 (LOI)
This program provides research support to the most promising young faculty members in the early stages of their academic careers in the chemical and life sciences, particularly to foster the invention of methods, instruments and materials that will open up new avenues of research in science. If you need to contact the Beckman Foundation, please email Catrina Bryant, byi@beckman-foundation.org.

*NEW: Pfizer Global Medical Grants: Artificial Intelligence/Machine Learning Research in Hemophilia
Deadline: July 30, 2020
Projects should focus on artificial intelligence/machine learning with a focus on emerging potential one-time treatments such as genetic medicine/gene transfer.

*NEW: The Hope Foundation: SWOG Early Exploration and Development (SEED) Fund
Deadline: July 1, 2020; December 1, 2020
Awards encourage preliminary research that will potentially translate to future clinical trials or trial-associated projects (translational medicine studies) within SWOG and the National Clinical Trials Network.

*NEW: Pfizer Global Medical Grants: Long-acting Growth Hormone Research Competitive Grant Program
Deadline: June 15, 2020
This program supports projects that focus on long-acting growth hormone (LAGH) research, specifically: Morbidities in growth disorders; Novel strategies including Quality of Life and Patient Reported Outcomes to evaluate and treat growth disorders; Comparison of clinical effects of daily vs long-acting growth hormone; Comparative pathophysiology of daily vs long-acting growth hormone; Innovative methods to evaluate levels of adherence of daily and long acting growth hormone treatment; and novel strategies to address current unmet medical needs in short stature management which could be addressed with long-acting growth hormone treatment.

*NEW: Pfizer Global Medical Grants: Future of Non-invasive Diagnosis Technologies Grant Program
Deadline: June 15, 2020
This program provides independent grant(s) to an organization or organizations that will focus on the future of non-invasive diagnosis for nonalcoholic steatohepatitis (NASH).

Robert Wood Johnson Foundation: Pioneering Ideas – Exploring the Future to Build a Culture of Health
Deadline: Open
The Foundation seeks proposals that influence health equity in four areas: Future of Evidence; Future of Social Interaction; Future of Food; Future of Work. They also welcome ideas that fall outside of these focus areas, but offer unique approaches to advancing health equity and our progress toward a Culture of Health.

Josiah Macy Foundation: Call for Papers on Maternal Health Disparities
Deadline: May 14, 2020
The Foundation invites submissions of original research papers and case studies related to the topic of Addressing Bias and Reducing Discrimination in Health Professions Learning Environments for possible publication in a special supplement of Academic Medicine.

Children's Heart Foundation: Congenital Heart Defect Research Grants
This call funds life-saving, life-changing congenital heart research in clinical cardiology, translational research, population science, and advancement, prevention, detection of surgical and interventional techniques.

**National Collaborative on Gun Violence Research: Developing a Method to Estimate the Harms and Benefits That Gun Policies and Violence Prevention Interventions Have on Legal Users of Firearms**
Deadline: May 8, 2020
This funding opportunity seeks research on the impact of gun policy on law-abiding gun users.

**Helen Hay Whitney Foundation: Biomedical Sciences Postdoctoral Research Training**
Deadline: June 15, 2020
The Foundation supports early postdoctoral research training in all basic biomedical sciences.

**Mendez National Institute of Transplantation Foundation: Research Grant Program**
Deadline: June 15, 2020
The Foundation awards grants semiannually to researchers in order to improve clinical outcomes and positively impact the field of transplantation.

**Lung Cancer Research Foundation: Pilot Grant Program**
Deadline: May 1, 2020
This grant program funds innovative projects across the full spectrum of lung cancer basic, translational, clinical, epidemiological, health services, and other research.

**Fast Grants: Fast Funding for COVID-19 Science**
Deadline: Not announced
These grants are for scientists at an academic institution currently working on a COVID-19 related project and in need of funding. Fast Grants are $10k to $500k and decisions are made in under 48 hours.

**Mend a Heart Foundation: 2020 Research Grants**
Deadline: May 1, 2020
The foundation selects projects that extend and enrich the lives of children born with congenital heart defects.

**Simons Foundation Autism Research Initiative: Pilot Award**
Extended deadline: May 22, 2020
This award funds research that improves the understanding, diagnosis and treatment of autism spectrum disorders (ASD), especially those that propose research to link genetic or other ASD risk factors to molecular, cellular, circuit or behavioral mechanisms of ASD.

**American Psychological Association: Distinguished Scientific Award for Early Career Contribution to Psychology**
Deadline: June 1, 2020
The APA Distinguished Scientific Awards for an Early Career Contribution to Psychology honor early career scientists for contributions in the first nine years post-PhD. For the purpose of this award, psychology has been divided into 10 areas: Animal learning and behavior, comparative; Developmental; Health; Cognition/human learning; Psychopathology; Behavioral and cognitive neuroscience; Perception and motor performance; Social psychology; Applied research (e.g., treatment and prevention research, industrial/organizational research, educational research); Individual differences (e.g., personality, psychometrics, mental ability, behavioral genetics).

**Brain Research Foundation: Scientific Innovations Award**
Internal deadline: May 11, 2020
Sponsor deadline: June 25, 2020
The Brain Research Foundation's Scientific Innovation Award provides funding for innovative science in both basic and clinical neuroscience. This funding is designed to support creative, exploratory, cutting edge research in well-established research laboratories, under the direction of established investigators. Harvard University, as one institution, can nominate 1 applicant for this award and the Office of the Vice Provost for Research will manage the application and selection process...
for the University. Harvard Chan School applicants should apply through HUFP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

Robert Wood Johnson Foundation: Global Ideas for U.S. Solutions: Cities Taking Action to Address Health, Equity, and Climate Change
**Deadline Extended: May 28, 2020**
RWJF seeks applications from a wide range of city leaders and the organizations that work with them to learn from and adapt ideas from abroad to help mitigate the unequal health harms of climate change in U.S. cities.

Pew Scholars Program in the Biomedical Sciences
**Deadline: May 18, 2020**
This program provides funding to young investigators of outstanding promise in science relevant to the advancement of human health. The program makes grants to selected academic institutions to support the independent research of outstanding individuals who are in their first few years of their appointment at the assistant professor level.

Crohn's and Colitis Foundation of America: Litwin IBD Pioneers Initiative
**Deadline: May 20, 2020**
The Foundation encourages novel research into the diagnosis, identification of clinically relevant subsets, treatments, and cures for inflammatory bowel diseases and funds innovative pilot research so that scientists can test their initial ideas and generate preliminary data.

W.M. Keck Foundation: Research Program
**Deadline: May 1, 2020**
Funding is awarded to research projects that benefit humanity in: medical research; and science and engineering that are distinctive in their approach

Howard Hughes Medical Institute: Medically Trained Scientist Program
**Deadline: August 11, 2020**
The Medically Trained Scientists Program (MTS) welcomes applications from individuals who have trained in medicine and are committed to academic careers in basic, fundamental biomedical research.

Simons Foundation Autism Research Initiative: Pilot Award
**Extended Deadline: May 22, 2020**
This award funds research that improves the understanding, diagnosis and treatment of autism spectrum disorders (ASD), especially those that propose research to link genetic or other ASD risk factors to molecular, cellular, circuit or behavioral mechanisms of ASD.

Ekha gastiftelsen: Research Grants
**Deadline: May 20, 2020**
These grants promote human health by supporting the development of better food, natural medicines and healing practices, and to support research for a healthier way of life, which in itself may have a disease preventive effect. Research areas include: Better and healthier food; Nutrition and way of life; and Complementary medicine and natural medicines.

Pfizer Global Medical Grants: Gene & Anti-TFPI Therapies in Hemophilia
**Deadline: June 15, 2020**
Projects that will be considered for Pfizer support will focus on the following areas: 1. Basic Science of Gene Therapy for Hemophilia; and 2. Basic Science of TFPI & Anti-TFPI Monoclonal Antibodies.

National Operating Committee on Standards for Athletic Equipment: Research Grants
**Deadline: June 1, 2020**
This grant program commissions investigator-initiated research and provides support for education, health, and safety research and developments under two separate mechanisms: Small pilot developmental studies; and Traditional research projects. Specific topics of interest include, but are not limited to: Studies that inform existing helmet safety standards; Investigators developing youth helmet standards; The mechanical and biological mechanisms of injury and recovery; and The application of developed tools and equipment for injury prevention.

William T. Grant: Research Grants
Deadline: May 6, 2020; August 1, 2020
This program supports high-quality field-initiated studies that are relevant to policies and practices that affect the lives of young people ages 5 to 25 in the United States. Proposed research must address questions that align with: Reducing Inequality; and Improving the Use of Research Evidence

Lung Cancer Research Foundation: Research Grant on Disparities in Lung Cancer
Deadline: May 1, 2020
The foundation will support two research projects in 2020 that focus on overcoming disparities in lung cancer, including: Gender disparities in lung cancer burden; Causes and risk factors for lung cancer among never smokers; Influence of social and biological risk factors on lung cancer outcomes, access to and use of care, and quality of care; Genetic and gene-environment interactions; Interactions and contributions of multiple factors (e.g. smoking, genetics, environment, societal factors) to disparities in lung cancer outcomes; Contribution of healthcare access and quality to disparities in outcomes; and Disparities related to other factors such as geography, socioeconomic status, and age.

Deadline: April 29, 2020
The Evidence for Action program supports research that yields findings about the population health, well-being and equity impacts of specific policies, programs and practices.

Caplan Foundation for Early Childhood
The Foundation provides seed money to implement imaginative proposals that exhibit the greatest chance of improving the lives of young children, on a national scale.

Gerber Foundation: Pediatric Research Grants
Deadline: May 15, 2020 (concept paper); August 15, 2020 (full proposal)
Projects should focus on issues faced by care providers that, when implemented, will improve the health, nutrition and/or developmental outcomes for infants and young children. Major target areas for research include: New diagnostic tools that may be more rapid, more specific, more sensitive, less invasive; New treatment regimens that are improved or novel, less stressful or painful, more targeted, have fewer side effects, provide optimal dosing; Symptom relief; Preventative measures; Assessment of deficiencies or excesses (vitamins, minerals, drugs, etc.); Risk assessment tools or measures for environmental hazards, trauma, etc.

Robert Wood Johnson Foundation: Research on Housing Policies That Promote Equity
Deadline: April 29, 2020
This program seeks research proposals to investigate how public policy can put quality, affordable housing within reach and help achieve racial equity in housing and neighborhoods.

American Heart Association/American Stroke Association: Henrietta B. and Frederick H. Bugher Foundation: Centers of Excellence in Hemorrhagic Stroke Research
Deadline: July 16, 2020 (LOI); Thursday, August 27, 2020.
This program funds research that increases the understanding of the etiology, pathophysiology, treatment and prevention of cardiovascular diseases and stroke. This RFA describes a collaborative network of basic, clinical and population researchers from different disciplines whose collective efforts will enhance the understanding of the etiology, biological pathways and modifiable risk factors associated with hemorrhagic stroke (HS) and will lead to innovative and breakthrough discoveries for the prevention and treatment of HS.
American Heart Association and Enduring Hearts: Research Awards in Pediatric Heart Transplantation
Deadline: June 1, 2020
These awards support investigators who are actively conducting research directly related to improving the life expectancy and quality of life of Pediatric Heart Transplant Recipients.

Strategically Focused Research Network: Cardio-Oncology
Deadline: October 12, 2020 (LOI): December 8, 2020 (Full Proposal)
The AHA is currently funding seven Strategically Focused Research Networks with focuses on Go Red For Women, Heart Failure, Obesity, Children, Vascular Disease, Atrial Fibrillation, and Arrhythmias and Sudden Cardiac Death.

Pfizer Global Medical Grants Gene & Anti-TFPI Therapies in Hemophilia
Deadline: June 15, 2020
Projects that will be considered for support focus on: 1. Basic Science of Gene Therapy for Hemophilia; 2. Basic Science of TFPI & Anti-TFPI Monoclonal Antibodies; and 3. Burden of disease: Clinical Hemophilia A and B

Craig H. Neilsen Foundation: Spinal Cord Injury Research on the Translational Spectrum (SCIRTS) portfolio: Postdoctoral Fellowships
Deadline: May 11, 2020
The SCIRTS portfolio supports research to improve the understanding of traumatic spinal cord injury and develop new approaches to alleviate the dysfunction and complications that follow. There are three funding categories in the SCIRTS portfolio: Postdoctoral Fellowships; Pilot Research Grants; and Senior Research Grants.

Huntington's Disease Society of America: HD Human Biology Project
Deadline: May 22, 2020
This project fosters innovative research in collaboration with HD clinics to better understand the biology of Huntington's disease as it occurs in humans.

Coalition for Epidemic Preparedness Innovations (CEPI) Platform technologies to rapidly respond to Disease X
Deadline: October 14, 2020
This award funds research for vaccines that induce a rapid onset and have potential for durable immunity.

B*CURED: Brain Cancer 2020 Research Investigator Grant
Extended Deadline: September 1, 2020
This program funds innovative brain cancer research to end brain cancer.

American Heart Association: Research Awards in Pediatric Heart Transplantation
Deadline: June 1, 2020
These awards support investigators who are actively conducting research directly related to improving the life expectancy and quality of life of Pediatric Heart Transplant Recipients.

BBVA Foundation: Frontiers of Knowledge Awards
Deadline: June 30, 2020
These awards recognize fundamental contributions in a broad array of areas of scientific knowledge and technology, including: Basic Sciences (Physics, Chemistry, Mathematics); Biology and Biomedicine; Information and Communication Technologies; Ecology and Conservation Biology; and Climate Change.

Volkswagen Foundation: Change of Course – Exploring New Research Territories between the Life Sciences and Science or Engineering
Deadline: May 28, 2020
The initiative, "Change of Course" intends to pave the way for an academic group into a new future-oriented field of research that goes beyond the boundaries of one's own discipline. The purpose of funding is an additional qualification of
a team, motivated by a topic in the overlap of mathematics, computer science, natural sciences, technology on the one hand and the life sciences on the other.

Robert Wood Johnson Foundation: Equity Focused Policy Research  
Deadline: May 21, 2020  
The funding opportunity supports action-oriented research that advances health equity, builds the knowledge base, and informs policymaking on income supports for low-income families.

Arnold Ventures: Demonstrating the Power of Evidence-Based Programs to "Move the Needle" on Major U.S. Social Problems  
Deadline: Continuous  
This initiative seeks to spur expanded implementation of such interventions in order to make significant headway against U.S. social problems.

Fanconi Anemia Research Fund Research Grants  
Deadline: continuous  
The Fanconi Anemia Research Fund (FARF) seeks to fund interdisciplinary and translational research efforts that will lead to rapid discovery and development of therapies or strategies that treat, control, or cure Fanconi anemia.

Charles Koch Foundation: Substance Abuse Research Grants  
Deadline: Continuous  
This Foundation is soliciting proposals for projects to consider innovative, community-based solutions that seek to alleviate substance use disorders.

National Poverty Fellows Program For Postdocs  
This program seeks to build the capacity of postdoctoral researchers to conduct high-quality policy-relevant research on poverty and inequality in the United States. Fellows work in residence at the Office of Planning, Research, and Evaluation at the Administration for Children and Families in Washington, DC, where they actively participate in research and evaluation activities.

G. Harold and Leila Y. Mathers Charitable Foundation: Grants  
Deadline: Continuous  
These grants support basic science research in immunology, microbiome, genomics, structural biology, cellular physiology and neuroscience with potential translational applications.

Diamond Blackfan Anemia Foundation  
Deadline: Continuous  
These grants support research that helps to gain a clear understanding of Diamond Blackfan anemia, and that focuses on therapies or a cure for the disease.

Wellcome Trust: Innovator Awards  
Deadline: Continuous  
These awards support researchers who are transforming great ideas into healthcare innovations that could have a significant impact on human health.

Robert Wood Johnson Foundation: Evidence for Action: Investigator-Initiated Research to Build a Culture of Health  
Deadline: Applications accepted on a rolling basis  
This program funds ideas for innovative new research that explores how many policies and efforts in different sectors can impact health.

Brander Beacons Cancer Research  
Deadline: Ongoing
This award invests in breakthrough research, scientists and programs to prevent, better treat and cure breast and prostate cancer by injecting funds into programs most closely connected to increased cancer prevention, better treatment outcomes, better access and, ultimately, a cure.

**Robert Wood Johnson Foundation: Evidence for Action**  
Deadline: Continuous  
This award funds research that expands the evidence base needed to build a Culture of Health. The program's mission is to support rigorously designed quantitative, qualitative, and mixed methods research that yields convincing findings regarding the population health, well-being, and equity impacts of specific policies, programs and partnerships. The foundation is especially interested in research examining the health impacts of programmatic or policy interventions that address factors outside the domain of health care services or public health practice.

**Amazon: Amazon Web Services (AWS)**  
Deadline: Continuous  
This program funds eligible universities, faculty, PhD students and post-docs under the supervision of faculty, that are conducting novel research in machine learning. AWS's goal is to enable research that accelerates the development of innovative algorithms, publications, and source code across a wide variety of ML applications.

**Irish Heart Foundation: Research Bursaries**  
Deadline: Continuous  
These bursaries, funded by public or corporate donations, promote original innovative work in the area of cardiovascular disease which is not easily funded by other sources.

**The Waitt Foundation: Rapid Ocean Conservation (ROC) Grants Program**  
Deadline: Proposals are reviewed monthly on a rolling basis  
ROC Grants provide small awards with a quick turnaround time for solutions to emerging conservation issues.

**Carnegie Corporation of New York: International Peace and Security Grants**  
**Application deadline: Continuous**  
The goal of this program is to build a more secure, peaceful, and prosperous world through independent analysis and action addressing critical global challenges. The focus areas are: Nuclear Security; Global Dynamics; Transnational Movements and the Arab Region; and Peacebuilding in Africa.

**The Thrasher Research Fund: E.W. "Al" Thrasher Awards**  
Deadline: Rolling  
The purpose of the E.W. "Al" Thrasher Awards is to improve children's health through medical research, with an emphasis on projects that have the potential to translate into clinically meaningful results within a few years.

**Laura and John Arnold Foundation: Randomized Controlled Trials to Evaluate Social Programs Whose Delivery Will Be Funded by Government or Other Entities**  
**Letter of Intent Deadline: Continuous**  
This grant funds strongly designed randomized controlled trials (RCTs) that evaluate social programs with highly promising prior evidence or that are widely implemented.

**BrightFocus Foundation: Multiple Awards**  
**Application deadline: Multiple dates**  
This program consists of three different awards focusing on the following: Alzheimer’s disease, Macular degeneration and Glaucoma.

**Tourette Association of America: Support for Research Consortia and Collaborative Research Projects**  
**Application deadline: Rolling**
This award supports research consortia working on large issues relevant to TS, including the TAA genetics consortium, neuroimaging consortium, behavioral sciences consortium, and deep brain stimulation registry, which have a direct impact on the patient and research community.

Crohn’s and Colitis Foundation of America: Broad Medical Research Program  
Application deadline: Rolling  
The BMRP is funding innovative research into the possible reasons for low and high incidence of IBD in different areas of the globe. Proposals should be exploratory in nature or designed as pilot. The research should shed light on factors that may influence low versus high global areas of prevalence of the disease. The research should ultimately be helpful in improved understanding of the etiology of IBD and the factors that enhance or prevent the genesis of the disease.

Robert Wood Johnson Foundation: Pioneering Ideas and a Culture of Health  
Letter of Inquiry: Rolling Deadline  
The goal of this award is to look into the future and put health first as we design for changes in how we live, learn, work and play; to wade into uncharted territory in order to better understand what new trends, opportunities and breakthrough ideas can enable everyone in America to live the healthiest life possible. The Robert Wood Johnson Foundation focuses on four broad areas: Health Leadership; Health Systems; Healthy Communities; and Healthy Kids, Healthy Weight.

Robert Wood Johnson Foundation: Evidence for Action: Investigator-Initiated Research to Build a Culture of Health  
Letter of Inquiry: Rolling Deadline  
This program funds research that expands the evidence base needed to build a Culture of Health. RWJF is looking for research that examines the health impacts of programmatic or policy interventions that address factors outside the domain of health care services or public health practice.

Simons Foundation: SFARI Explorer Awards  
Application Deadline: Rolling  
This award program is designed to enhance our existing support of autism research by providing timely resources to enable focused experiments highly relevant to our mission. A deeper understanding of the mechanisms underlying autism spectrum disorders or potential therapeutic approaches will require investigation at multiple levels, including but not limited to studies focused on gene discovery, molecular mechanisms, circuits, anatomy, and cognition and behavior. We will consider proposals at all of these levels.

Genome-Wide Investigation of Late-Effects Using the Childhood Cancer Survivor Study (CCSS) Cohort  
Application Deadline Rolling  
The CCSS leadership is now broadening the scope of this initiative to study the role of genetic susceptibility in the development of non-malignant treatment-related outcomes (in addition to subsequent malignancies) in cancer survivors. Accordingly, CCSS is announcing a request for proposals to collaborate with CCSS and NCI investigators in the use of existing genome-wide association study (GWAS) data and corresponding outcomes-related data to address innovative research questions relating to potential genetic contributions to risk for treatment-related outcomes. Requests will be accepted on an ongoing basis. Requests will be reviewed three times per year, in February, June and October (cut-offs for receipt of applications will be February 1, June 1, and October 1).

Alfred P. Sloan Foundation: Economic Institutions, Behavior and Performance Grants  
Deadline: Continuous  
The Foundation’s program on Economic Institutions, Behavior, and Performance supports rigorous and objective research projects on U.S. economic structure, behavior, and performance whose findings inform and strengthen decision-making by regulators, policymakers, and the public.

Crohn’s and Colitis Foundation of America: Entrepreneurial Investment Grants  
Deadline: Continuous  
This funding mechanism intends to accelerate the discovery and development of novel research-based products with the potential to alleviate suffering caused by inflammatory bowel disease (IBD).
Alfred P. Sloan Foundation
Deadline: continuous
The goal of the program is to grow a new field of scientific inquiry focused on understanding the fundamental chemistry taking place in indoor environments and how that chemistry is shaped by building attributes and human occupancy.

Alfred P. Sloan Foundation: Energy and Environment Programs
Deadline: Continuous
The goal of the program is to advance understanding about the economic, environmental, security, and policy trade-offs associated with the increased deployment of low- and no-carbon resources and technologies across the energy system and the resulting impacts on the quality of American life.

Alfred P. Sloan Foundation: Support for Basic Science Research
Deadline: Continuous
This program supports basic scientific research that led by outstanding individuals or teams, which exhibit a high degree of methodological rigor, which have a high expected return to society, and for which funding from the private sector, government, or other foundations is not yet widely available.

American Association for Respiratory Care (AARC) Research Program
Deadline: Continuous
The American Association for Respiratory Care Research Program was established in 1996 to sponsor research to determine relationships between clinical interventions by respiratory therapists and the outcomes of care. The primary purpose of the AARC Research Program is to sponsor research initiatives which can document the clinical and economic impact of respiratory therapists in the delivery of health care. Clinical trials and effectiveness research to determine how clinical interventions by respiratory therapists affect overall health of patients, including physiologic indicators and quality of life, will be considered for funding.

Wellcome Trust: Innovator Awards
Deadline: Continuous
These awards support researchers who are transforming great ideas into healthcare innovations that could have a significant impact on human health. Our current focus areas are mental health, neurological disorders and neglected tropical diseases.

Funding Search Tools

NIH Parent Announcements
All Active NIH Requests for Applications
All Active NIH Program Announcements
grants.gov for other federal agency opportunities
COS Pivot- Harvard University subscribes to COS Pivot, a comprehensive web-based resource of funding information which publishes more than 15,000 federal, non-federal, and industry-sponsored funding opportunities and is updated on a daily basis. New users must create an account using their Harvard e-mail before performing searches. One of Pivot’s most useful features is its ability to save and then automatically run searches on a weekly basis to notify users when opportunities matching their search parameters are announced. Please contact ORSD (orsd@hsph.harvard.edu) if you have any questions about this resource or need assistance creating an account.
