COVID-19 Funding

ORSD posts a COVID-19 newsletter highlighting new research funding opportunities along with answers to many questions regarding how COVID-19-related disruptions to research might affect current federal funding.

NIH Funding Announcements

ACTIVE LIMITED SUBMISSION OPPORTUNITIES:

Limited Submission – NIH: The KUH Predoctoral to Postdoctoral Fellow Transition Award (F99/K00 Independent Clinical Trial Not Allowed)
Internal deadline: June 2, 2021
Sponsor deadline: September 2, 2020
This previously announced LSO has entered a new cycle. If you plan on applying during the upcoming cycle, please submit a Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (esylvester@hsph.harvard.edu) no later than June 2, 2021. Based on the number of notices received, we will determine whether an internal competition is needed.

Internal deadline: June 2, 2021
Sponsor deadline: June 24, 2021
This previously announced LSO has entered a new cycle. If you plan on applying during the upcoming cycle, please submit a Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (esylvester@hsph.harvard.edu) no later than June 24, 2020. Based on the number of notices received, we will determine whether an internal competition is needed.

Institutional Development Award (IDeA) Networks for Clinical and Translational Research (IDeA-CTR) (U54 Clinical Trial Optional)
Internal deadline: June 2, 2021
Sponsor deadline: October 7, 2021
This previously announced LSO has entered a new cycle. If you plan on applying during the upcoming cycle, please submit a Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development
(esylvester@hsph.harvard.edu) no later than June 2, 2021. Based on the number of notices received, we will determine whether an internal competition is needed.

**Limited Submission – NIH: Clinical and Translational Science Award (U54 Clinical Trial Optional)**
Internal deadline: June 2, 2021
Sponsor deadline: July 15, 2021
This previously announced LSO has entered a new cycle. If you plan on applying during the upcoming cycle, please submit a Notice of Intent including PI name, department, and a brief (1-2 sentence) description of the proposed project to the Office of Research Strategy and Development (esylvester@hsph.harvard.edu) no later than June 2, 2021. Based on the number of notices received, we will determine whether an internal competition is needed.

**NIH - Limited Submission - NIH: Limited Competition: Development and Renovation of Research Space for HIV/AIDS Research at Institutions Serving Underrepresented Populations or Located in Institutional Development Award (IDeA)-eligible States (C06 Clinical Trial Not Allowed)**
Sponsor deadline: January 06, 2022

**NEW RFAs:**

*NEW: NIH: Mentored Career Development Award to Promote Faculty Diversity in Biomedical Research (K01 Independent Clinical Trial Not Allowed)*
Deadline: 10/14/2021

*NEW: NIH: Mentored Career Development Award to Promote Faculty Diversity in Biomedical Research (K01 Independent Clinical Trial Required)*
Deadline: 10/14/2021

*NEW: NIH: Assessing the Effects of Cannabinoids on HIV-Associated Persistent Inflammation (R01 Clinical Trial Optional)*
Deadline: 08/05/2021

*NEW: NIH: Adapting Immunotherapy and Gene Editing Based Strategies for Targeting HIV Reservoirs in the CNS: Potential Benefits and Risks (R21 Clinical Trial Optional)*
Deadline: 08/27/2021

*NEW: NIH: Adapting Immunotherapy and Gene Editing Based Strategies for Targeting HIV Reservoirs in the CNS: Potential Benefits and Risks (R01 Clinical Trial Optional)*
Deadline: 08/27/2021

*NEW: NIH: Mechanistic Studies on the Impact of Social Inequality on the Substance Use Trajectory (R21 - Basic Experimental Studies with Humans Required)*
Deadline: 10/14/2021

*NEW: NIH: Mechanistic Studies on the Impact of Social Inequality on the Substance Use Trajectory (R01 Basic Experimental Studies with Humans Required)*
Deadline: 09/14/2021

*NEW: NIH: Mechanistic Studies on the Impact of Social Inequality on the Substance Use Trajectory (R01
Clinical Trial Not Allowed)
Deadline: 09/14/2021

*NEW: NIH: Mechanistic studies on the impact of social inequality on the substance use trajectory (R21 - Clinical Trial Not Allowed)
Deadline: 09/14/2021

*NEW: NIH: Assessing the Effects of Cannabinoids on HIV-Associated Persistent Inflammation (R01 Clinical Trial Optional)
Deadline: 08/05/2021

*NEW: NIH: Adapting Immunotherapy and Gene Editing Based Strategies for Targeting HIV Reservoirs in the CNS: Potential Benefits and Risks (R21 Clinical Trial Optional)
Deadline: 08/27/2021

*NEW: NIH: Adapting Immunotherapy and Gene Editing Based Strategies for Targeting HIV Reservoirs in the CNS: Potential Benefits and Risks (R01 Clinical Trial Optional)
Deadline: 08/27/2021

*NEW: NIH: Mechanistic Studies on the Impact of Social Inequality on the Substance Use Trajectory (R21 - Basic Experimental Studies with Humans Required)
Deadline: 10/14/2021

*NEW: NIH: Mechanistic Studies on the Impact of Social Inequality on the Substance Use Trajectory (R01 Basic Experimental Studies with Humans Required)
Deadline: 10/14/2021

*NEW: NIH: Mechanistic Studies on the Impact of Social Inequality on the Substance Use Trajectory (R01 Clinical Trial Not Allowed)
Deadline: 10/14/2021

*NEW: NIH: Mechanistic studies on the impact of social inequality on the substance use trajectory (R21 - Clinical Trial Not Allowed)
Deadline: 10/14/2021

NEW PAs:

*NEW: NIH: Comprehensive Care for Adults with Type 2 Diabetes Mellitus from Populations with Health Disparities (R01 Clinical Trial Optional)
Deadline: 09/06/2021

*NEW: NIH: Chronic, Non-Communicable Diseases and Disorders Across the Lifespan: Fogarty International Research Training Award (NCD-LIFESPAN) (D43 Clinical Trial Optional)
Deadline: 07/13/2021

*NEW: NIH: Chronic, Non-Communicable Diseases and Disorders Across the Lifespan: Fogarty International Research Training Award (NCD-LIFESPAN) (D43 Clinical Trial Optional)
Deadline: 08/13/2021

Open for Nomination & Closed – Limited Submission Opportunities
If you are interested in applying for any of the LSOs listed below, please inform ORSD at esylvester@hsph.harvard.edu. Visit the ORSD website for more information about Limited Submission opportunities.

CLOSED: Limited Submission - NIH: Hubs of Interdisciplinary Research and Training in Global Environmental and Occupational Health (GEOHealth) Research Training (Collaborative U2R Clinical Trial Optional)
Sponsor deadline: July 8, 2021
An applicant has been selected to move forward as the Harvard Chan nominee for this award.

Internal Coordination Required: NIH: Shared Instrumentation Grants (SIG) Program S10 Clinical Trial Not Allowed)
Sponsor deadline: June 1, 2021

Mallinckrodt Foundation Grants
Sponsor deadline: August 1, 2021

NIH - Limited Submission: NIH Science Education Partnership Award (SEPA) (R25 - Clinical Trial Not Allowed)
Sponsor deadline: July 13, 2021

NIH – Limited Submission - Silvio O. Conte Digestive Diseases Research Core Centers (P30 Clinical Trial Optional)
Sponsor deadline: July 1, 2021

NIH: - Limited Submission - Developmental Centers for AIDS Research (P30 Clinical Trial Not Allowed)
Sponsor deadline: July 28, 2021

NIH – Limited Submission - Centers for AIDS Research (P30 Clinical Trial Not Allowed)
Sponsor deadline: June 12, 2021

Limited Submission - NIH: Centers for HIV Structural Biology (U54 Clinical Trial Not Allowed)
Sponsor deadline: October 13, 2021

Limited Submission - NIH: Resource Center for the Support for Research Excellence (SuRE) Program (U24 - Clinical Trial Not Allowed)
Sponsor deadline: September 24, 2021

NIH: Limited Submission - NIH Directors Early Independence Awards (DP5 Clinical Trial Optional)
Sponsor deadline: September 03, 2021

NIH: Limited Submission - IMHD Multiple Chronic Disease Disparities Research Coordinating Center (RCC) (U24 Clinical Trial Not Allowed)
Sponsor deadline: June 12, 2021

NIH: Limited Submission - Centers for Multiple Chronic Diseases Associated with Health Disparities: Prevention, Treatment, and Management (P50 Clinical Trial Required)
Sponsor deadline: June 12, 2021

NIH: Limited Submission - Population Dynamics Centers Research Infrastructure Program FY 2022 (P2C Clinical Trial Not Allowed)
Sponsor deadline: June 12, 2021

NIH: Limited Submission - Development and Renovation of Research Space for HIV/AIDS Research at Institutions Serving Underrepresented Populations or Located in Institutional Development Award (IDeA)-eligible States (C06 Clinical Trial Not Allowed)
Sponsor deadline: June 12, 2021

Limited Submission - NIH: Limited Competition: Revision to the Longitudinal Monitoring of Pancreas Architecture in the Type 1 Diabetes in Acute Pancreatitis Consortium - Data Coordinating Center (T1DAPC-DCC) (U01 Clinical Trial Optional)
Sponsor deadline: August 18, 2021

Limited Submission - NIH: National Institute of General Medical Sciences (NIGMS) Bridges to the Doctorate (T32)
Sponsor deadline: September 28, 2021

Limited Submission - NSF: Partnerships for Innovation, July 2021/ NSF 19-506
Sponsor deadline: July 14, 2021

Limited Submission – NIH: Program to Advance the Career Development of Scientists from Diverse Backgrounds Conducting Nutrition, Obesity, Diabetes, and Related Research (U24 Clinical Trial Optional)
Sponsor deadline: June 18, 2021

Limited Submission - NIH: Hubs of Interdisciplinary Research and Training in Global Environmental and Occupational Health (GEOHealth) Research Training (Collaborative U2R Clinical Trial Optional)
Sponsor deadline: July 8, 2021

Limited Submission - Whiting Foundation: Public Engagement Fellowship
Sponsor deadline: June 15, 2020

Limited Submission – NIH: High-End Instrumentation (HEI) Grant Program (S10)
Sponsor deadline: June 1, 2021

Limited Submission – NIH: Shared Instrumentation Grants (SIG) Program (S10 Clinical Trial Not Allowed)
Sponsor deadline: June 1, 2021
Limited Submission – Breast Cancer Alliance: Young Investigator Award  
Sponsor deadline: July 23, 2021

Internal Limited Submission: Pew Biomedical Scholars Program  
Sponsor deadline: September 1, 2021

Limited Submission - NIH: Human Immunology Project Consortium (HIPC) Coordinating Center (U01 Clinical Trial Not Allowed)  
Sponsor deadline: June 05, 2021

Limited Submission: NIH: Human Immunology Project Consortium (U19 Clinical Trial Optional)  
Sponsor deadline: June 4, 2021

Limited Submission - NIH: Screening for Conditions by Electronic Nose Technology (SCENT) (U01 Clinical Trial Optional)  
Sponsor deadline: June 10, 2021

Limited Submission - NIH: Institutional Training for a Dental, Oral and Craniofacial Research Workforce (T90/R90 Clinical Trial Not Allowed)  
Sponsor deadline: September 27, 2022

Other Federal Funding Announcements

Administration for Children and Families

Department of Defense

*NEW: DOD: Neurotoxin Exposure Treatment Parkinson’s, Investigator- Initiated Research Award  
Deadline: September 29, 2021

*NEW: DOD: Neurotoxin Exposure Treatment Parkinson’s, Synergistic Idea Award  
Deadline: September 29, 2021

*NEW: DOD: Neurotoxin Exposure Treatment Parkinson’s, Early Investigator Research Award  
Deadline: September 29, 2021

DoD: Pancreatic Cancer, Translational Research Partnership Award  
Deadline: October 1, 2021

DOD: Rare Cancers Resource and Community Development Award  
Deadline: October 15, 2021

DOD: Rare Cancers Idea Development Award  
Deadline: October 15, 2021

DoD: Pancreatic Cancer, Idea Development Award  
Deadline: October 1, 2021
**DoD: Scleroderma, Translational Research Partnership Award**  
Deadline: August 25, 2021

**DoD: Scleroderma, Idea Development Award**  
Deadline: August 25, 2021

**DOD: Multiple Sclerosis Clinical Trial Award**  
Deadline: October 1, 2021

**DOD: Multiple Sclerosis Investigator-Initiated Research Award**  
Deadline: October 1, 2021

**DOD: Multiple Sclerosis Exploration - Hypothesis Development Award**  
Deadline: October 1, 2021

**DOD: Multiple Sclerosis Early Investigator Research Award**  
Deadline: October 1, 2021

**DOD: Melanoma Academy Leadership Award**  
Deadline: August 26, 2021

**DOD: Melanoma Team Science Award**  
Deadline: August 26, 2021

*NEWL DOD: Translational Research Award*  
Deadline: August 26, 2021

**DOD: Melanoma Mid-Career Accelerator Award**  
Deadline: August 26, 2021

**DOD: Melanoma Melanoma Academy Scholar Award**  
Deadline: September 28, 2021

**DOD: Melanoma Idea Award**  
Deadline: September 28, 2021

**DOD: Neurofibromatosis, Early Investigator Research Award**  
Deadline: July 29, 2021

**DOD: Neurofibromatosis, New Investigator Award**  
Deadline: July 29, 2021

**DOD: Neurofibromatosis, Investigator- Initiated Research Award**  
Deadline: July 29, 2021

**DOD: Neurofibromatosis, Synergistic Idea Award**  
Deadline: July 29, 2021
DOD: Neurofibromatosis, Exploration-Hypothesis Development Award
Deadline: July 22, 2021

DOD: Neurofibromatosis, Clinical Trial Award
Deadline: July 22, 2021

DoD: Kidney Cancer, Postdoctoral and Clinical Fellowship Award
Deadline: July 13, 2021

DoD: Kidney Cancer, Translational Research Partnership Award
Deadline: October 5, 2021

DoD Kidney Cancer, Idea Development Award
Deadline: October 5, 2021

DoD Kidney Cancer, Concept Award
Deadline: July 13, 2021

DoD Breast Cancer, Breakthrough Award Levels 1 and 2
Deadline: September 14, 2021

DoD: Breast Cancer, Breakthrough Award Level 4
Deadline: October 5, 2021

DoD: Breast Cancer, Breakthrough Award Level 3
Deadline: October 5, 2021

DoD: Breast Cancer, Innovator Award
Deadline: October 5, 2021

DoD: Lupus, Transformative Vision Award
Deadline: September 21, 2021

DoD Lupus, Impact Award
Deadline: September 21, 2021

DoD: Lupus, Idea Award
Deadline: September 22, 2021

DOD: Bone Marrow Failure, Investigator-Initiated Research Award
Deadline: October 12, 2021

DOD: Bone Marrow Failure, Idea Development Award
Deadline: October 12, 2021

DoD: Breast Cancer, Transformative Breast Cancer Research Award
Deadline: October 5, 2021
DoD: Breast Cancer, Era of Hope Scholar Award
Deadline: September 14, 2021

DoD: Military Burn, Clinical Translational Research Award
Deadline: September 30, 2021

DoD: Military Burn, Idea Development Award
Deadline: September 30, 2021

DoD: Epilepsy, Quality of Life Research Award
Deadline: July 21, 2021

DoD: Epilepsy, Idea Development Award
Deadline: July 21, 2021

DoD: Epilepsy, Research Partnership Award
Deadline: July 21, 2021

DOD: Peer Reviewed Alzheimer’s, Research Partnership Award
Deadline: July 21, 2021

DOD: Peer Reviewed Alzheimer’s, Innovations in Care and Support Award
Deadline: July 21, 2021

DOD Peer Reviewed Alzheimer’s, Convergence Science Research Award
Deadline: July 21, 2021

DOD: Peer Reviewed Alzheimer’s, Accelerating Diagnostics Research Award
Deadline: July 21, 2021

DOD: Peer Reviewed Alzheimer’s, Leveraging Approaches for Innovation in Care and Support Award
Deadline: July 21, 2021

DOD Tuberous Sclerosis Complex, Clinical Translational Research Award
Deadline: June 17, 2021

DoD: Prostate Cancer, Health Equity Research and Outcomes Improvement Consortium Award
Deadline: July 29, 2021

DoD: Prostate Cancer, Data Science Award
Deadline: July 29, 2021

DoD: Prostate Cancer, Translational Science Award
Deadline: July 29, 2021

DoD: Prostate Cancer, Physician Research Award
Deadline: July 1, 2021
DoD Prostate Cancer, Health Disparity Research Award  
Deadline: July 29, 2021

DoD: Prostate Cancer, Idea Development Award  
Deadline: September 23, 2021

DoD: Prostate Cancer, Early Investigator Research Award  
Deadline: July 1, 2021

DoD: Peer Reviewed Orthopaedic, Applied Research Award  
Deadline: September 10, 2021

DoD Peer Reviewed Orthopaedic, Clinical Trial Award  
Deadline: September 10, 2021

DOD Tuberous Sclerosis Complex, Idea Development Award  
Deadline: July 8, 2021

DoD Peer Reviewed Orthopaedic, Clinical Translational Research Award  
Deadline: September 10, 2021

DOD: Orthotics and Prosthetics Outcomes, Clinical Trial Award  
Deadline: July 29, 2021

DOD: Orthotics and Prosthetics Outcomes, Clinical Research Award  
Deadline: July 29, 2021

DOD: Tuberous Sclerosis Complex, Clinical Translational Research Award  
Deadline: July 8, 2021

DoD: Spinal Cord Injury, Investigator- Initiated Research Award

DoD: Spinal Cord Injury, Translational Research Award  
Deadline: September 3, 2021

DoD Spinal Cord Injury, Clinical Trial Award  
Deadline: September 3, 2021

DoD: CDMRP Ovarian Cancer Omics Consortium Award  
Deadline: July 8, 2021

DoD: Peer Reviewed Cancer, Behavioral Health Science Award  
Deadline: August 18, 2021

DoD: Peer Reviewed Cancer, Impact Award  
Deadline: September 8, 2021

DoD: Peer Reviewed Cancer, Idea Award
Deadline: September 8, 2021

**DoD: Peer Reviewed Cancer, Translational Team Science Award**
Deadline: August 18, 2021

**DoD: Tick-Borne Disease, Idea Development Award**
Deadline: August 27, 2021

**DoD: Tick-Borne Disease, Career Development Award**
Deadline: August 27, 2021

**DoD: CDMRP PRMRP Investigators Initiated Research Award**
Deadline: September 02, 2021

**DoD: CDMRP PRMRP Clinical Trial Award**
Deadline: August 26, 2021

**DOD: CDMRP PRMRP Focused Program Award**
Deadline: August 26, 2021

**DoD: Gulf War Illness, Idea Award**
Deadline: August 19, 2021

**DoD: Gulf War Illness, Clinical Evaluation Award**
Deadline: August 19, 2021

**DoD: Gulf War Illness, Therapeutic/Biomarker Trial Award**
Deadline: August 19, 2021

**DoD: Gulf War Illness, Therapeutic/Biomarker Trial Award**
Deadline: August 19, 2021

**DoD: Gulf War Illness, New Investigator Award**
Deadline: August 19, 2021

**DoD: Lung Cancer, Idea Development Award**
Deadline: July 28, 2021

**DOD: Amyotrophic Lateral Sclerosis, Therapeutic Idea Award**
Deadline: July 15, 2021

**DoD Amyotrophic Lateral Sclerosis, Therapeutic Development Award**
Deadline: July 15, 2021

**DoD: Amyotrophic Lateral Sclerosis, Therapeutic/Biomarker Pilot Trial Award**
Deadline: July 15, 2021

**DoD: Amyotrophic Lateral Sclerosis, Clinical Development Award**
Deadline: July 15, 2021

**DOD: CDMRP Ovarian Cancer Pilot Award**
Deadline: July 8, 2021

**DOD: CDMRP Ovarian Cancer, Ovarian Cancer Academy Award**
Deadline: July 8, 2021

**DOD: Military Health System Research (MHSR)**
Deadline: September 30, 2021

**DoD: Breast Cancer, Transformative Breast Cancer Consortium Award**
Deadline: June 23, 2021

**DoD: Breast Cancer, Breakthrough Award Level 3**
Deadline: June 23, 2021

**DoD: Breast Cancer, Innovator Award**
Deadline: June 23, 2021

**DoD: Breast Cancer, Breakthrough Award Levels 1 and 2**
Deadline: June 23, 2021

**DoD: Breast Cancer, Breakthrough Award Level 4**
Deadline: June 23, 2021

**Department of Health and Human Services**

*NEW: HHS: Global Fungal Disease Surveillance and Capacity*
Deadline: July 27, 2021

*NEW: HHS: Health Resources and Services Administration Rural Behavioral Health Workforce Centers – Northern Border Region*
Deadline: June 28, 2021

*NEW: HHS: Health Resources and Services Administration Telehealth Technology-Enabled Learning Program*
Deadline: June 25, 2021

Deadline: July 25, 2021

**HHS: Health Resources and Services Administration Local Community-Based Workforce to Increase COVID-19 Vaccine Access**
Deadline: June 9, 2021
HHS: Health Resources and Services Administration Building the HIV Workforce and Strengthening Engagement in Communities of Color (B-SEC)
Deadline: July 6, 2021

HHS: Health Resources and Services Administration Service Area Competition
Deadline: July 19, 2021

HHS: Family-Centered Approaches to Improving Type 2 Diabetes Control and Prevention
Deadline: July 13, 2021

HHS: Health Resources and Services Administration Rural Northern Border Region Planning Program

HHS: Administration for Children and Families - ACYF/CB Quality Improvement Center: Engaging Youth in Finding Permanency Synopsis
Deadline: July 6, 2021

HHS: CDC's: Collaboration with Academia to Strengthen Public Health Workforce Capacity
Deadline: July 9, 2021

HHS: OPRE Head Start University Partnerships: Building the Evidence Base for ECE Workforce Well-Being
Deadline: July 6, 2021

HHS: Pediatric and Perinatal COVID-19 Registry (U18) Clinical Trials Optional
Deadline: July 6, 2021

HHS: Administration for Children and Families - ACYF/CB Family Support through Primary Prevention (FSPP) Demonstration Sites
Deadline: July 2, 2021

HHS: Administration for Children and Families - OPRE Family Self-Sufficiency Demonstration Development Grants
Deadline: July 2, 2021

HHS: Information and Planning: Understanding the Capacity of the Aging Network
Deadline: July 2, 2021

HHS: Integrated Pathogen Reduction Technologies for whole blood and blood components for transfusion (R01) Clinical Trials Not Allowed
Deadline: July 6, 2021

HHS: Administration for Children and Families - ACYF/CB Improving Child Welfare through Investing in Family
Deadline: June 29, 2021

HHS: ACYF/FYSB Street Outreach Program
Deadline: June 21, 2021
HHS: Enhancing Innovation and Capabilities of the Environmental Public Health Tracking Network; Approaches to Data Modernization
Deadline: June 21, 2021

HHS: Family Violence Prevention and Services Discretionary Grants: Culturally Specific Special Issue Resource Centers (CSSIRCs)
Deadline: June 21, 2021

HHS: Administration for Children and Families - ORR Refugee Individual Development Accounts (IDA) Program

Deadline: July 6, 2021

Other Federal Agencies

DHS: Emergency Baseline Assessment Grant (EMBAG)
Deadline: June 4, 2021

HUD: US Department of Housing and Urban Development Lead and Healthy Homes Technical Studies (LHHTS) Grant Program Pre- and Full Application
Deadline: June 21, 2021

EPA: Region 8 Sustainable Materials Management Grants
Deadline: June 23, 2021

USDOJ: BJA FY 21 The HOPE Institute: Applying the Principles of Swiftness, Certainty, and Fairness
Deadline: June 29, 2021

USDOJ: Services to Support Victims of Hate Crime and Strengthen Communities
Deadline: June 18, 2021

USDOJ: Strategies to Support Children Exposed to Violence
Deadline: June 22, 2021

Deadline: June 11, 2021

ED: Coronavirus Response and Relief Supplemental Appropriations Act, 2021 for Institutions of Higher Education that Meet the Criteria for the Strengthening Institutions Program Assistance
Deadline: July 12, 2021

ED: Coronavirus Response and Relief Supplemental Appropriations Act, 2021 for Institutions of Higher Education that Meet the Criteria for the Minority Serving Institutions (MSIs) Program Assistance
Deadline: July 12, 2021

USDOJ: Addressing Female Genital Mutilation and Cutting
Deadline: June 15, 2021

USDOJ: Improving Outcomes for Child and Youth Victims of Human Trafficking
Deadline: June 15, 2021

USDOJ: Research to Reduce Trauma for Child Pornography Victims, Fiscal Year 2021
Deadline: June 3, 2021

DOL: Workforce Opportunity for Rural Communities (WORC)
Deadline: July 21, 2021

DOL: Workforce Opportunity for Rural Communities (WORC)
Deadline: July 21, 2021

Alliances for Graduate Education and the Professoriate
Deadline: August 17, 2021

DOI: National Climate Adaptation Science Center Program (NCASC)
Deadline: June 14, 2021

Internal Funding Opportunities

Internal Funding - The Harvard Data Science Initiative Faculty Special Projects Fund
Deadline: Applications accepted throughout the year.
This fund provides one-time support of up to $5,000 for data science opportunities for which other funding is not readily available.

Internal Funding - Harvard’s Solar Geoengineering Research Program
Applications accepted on a rolling basis.
Harvard’s Solar Geoengineering Research Program (SGRP) invites faculty and researchers throughout Harvard to apply for grants. No prior experience in solar geoengineering required. The goal of the program is to: Take an active stance on research with a unique mandate to develop new path-breaking technologies that might improve solar geoengineering’s effectiveness and reduce its risks; Employ Harvard’s convening power to bring together scientists, environmental leaders, and government officials to discuss the technology and its governance; Advance science and technology, assess efficacy and risks, and lay out governance options and social implications.

Non-Federal Funding Opportunities

NOTE: When applying for external awards, PIs and grant managers should closely review the terms and
conditions for potential conflicts. Any questions should be referred to Harvard Chan School SPA. In addition, ALL sponsored proposals must be reviewed by SPA 10 days before the sponsor due date. Additional information on SPA proposal development policies can be found here.

*NEW: Michelson Prizes: Next Generation Grants
Deadline: June 18, 2021.
These awards support young investigators who are using disruptive concepts and inventive processes to significantly advance human immunology and vaccine and immunotherapy discovery research for major global diseases. The 2021 Michelson Prizes will be looking for research proposals in two areas:

- Climate Change and Human Immunology: The committee is looking for research that expands our understanding of the potential effects of climate change on immune function with a particular interest in research that will directly translate into vaccine and immunotherapy development to mitigate its impact. This can include, but not be limited to transformative proposals focused on: interruption of vector borne infectious diseases; impact of the exposome on human immunity; mitigating bacterial diseases enhanced by flooding; impact of drought on human immunity; AI modelling of climate change and impact on human immunity. The following link highlights these issues. [https://www.statnews.com/2021/04/22/climate-change-and-human-immunity-invest-now-or-pay-more-later/](https://www.statnews.com/2021/04/22/climate-change-and-human-immunity-invest-now-or-pay-more-later/)
- Human Immunology and Vaccine Research: The committee will be looking for research aimed at tackling the current roadblocks that exist in human vaccine development and expanding our limited understanding of key immune processes that are fundamental to successful vaccine and immunotherapy development.

While the Michelson Prizes are focused on research in the fields of immunology, vaccine and immunotherapy discovery, applicants from the full spectrum of related disciplines, including clinical research, biochemistry, molecular biology, protein engineering, computer science, artificial intelligence/machine learning, biophysics, environmental health, nanotechnology, etc., are encouraged to apply.

*NEW: Pfizer Global Grants: Raising Awareness and Promoting Timely Diagnosis of TTR Amyloidosis in Asia, Latin America, Africa and Middle East
Deadline: August 16, 2021
This RFP is focused on raising awareness and closing knowledge gaps to reduce the time it takes for patients to be correctly diagnosed and make treatment more accessible, while supporting the development of a global network of TTR amyloidosis experts. Expanding the community of practice will help decrease the distance patients need to travel to be diagnosed, although valuable guidance may still be obtained from experienced centers further from home. This RFP is a continuation of this project focused on supporting Quality Improvement initiatives, addressing this need in countries located within Asia, Latin America, Africa, and the Middle East.

*NEW: Alfred P. Sloan Foundation: STEM Higher Education - Diversity, Equity & Inclusion in STEM Higher Education
Deadline: June 1, 2021
The goal of this program is to create diverse and inclusive pathways to and through STEM graduate education and the professoriate. Grantmaking in this program is divided into subprograms.
- MPHID Program University-based centers that provide scholarships and mentoring to Black, Latino/a, and Indigenous students in STEM graduate programs.
• Sloan Indigenous Graduate Partnership Creating regional centers where American Indian and Native Alaska graduate students can thrive.
• Creating Equitable Pathways to STEM Graduate Education Call for Letters of Inquiry for grants to be awarded to U.S. higher educational institutions and organizations developing equitable pathways to STEM graduate education for Black, Latinx, and Indigenous students.
In addition, the program makes a number of grants supporting select initiatives that promote the education and professional advancement of women and Black, Latino/a, and Indigenous students and faculty in STEM disciplines.

*NEW: Facebook: Instagram Request for Proposals on Safety and Community Health
Deadline: July 13, 2021
Instagram’s mission is to bring people closer to the people and things they love. To achieve this, we need to invest in keeping our communities safe and understanding Instagram’s impact on people. We have invested heavily in technology and people to remove bad content and behavior from our services. While we do a lot to understand problematic issues, the effectiveness of these efforts relies strongly on our investment in foundational research and partnerships with social scientists.

*NEW: National Multiple Sclerosis Society: Detecting Multiple Sclerosis before the Onset of Neurological Deficits
Deadline: April 23, 2021
This RFA is intended to support knowledge generation that will eventually lead to early detection of MS at the individual level. The RFA does not include funds to start new MS cohorts; applicants are encouraged to utilize existing cohorts and associated datasets and biological samples. Applications should address critical knowledge gaps in our understanding of preclinical and prodromal phases of MS.

*NEW: Spencer Foundation: Small Research Grants
Deadline: June 4, 2021
This program is “field-initiated” in that proposal submissions are not in response to a specific request for a particular research topic, discipline, design, or method. Our goal for this program is to support rigorous, intellectually ambitious and technically sound research. We recognize that learning occurs across the life course as well as across settings— from the classroom to the workplace, to family and community contexts and even onto the playing field—any of which may, in the right circumstance, provide the basis for rewarding study that makes significant contributions to the field. We value work that fosters creative and open-minded scholarship, engages in deep inquiry, and examines robust questions related to education. To this end, this program supports proposals from multiple disciplinary and methodological perspectives, both domestically and internationally, from scholars at various stages in their career. We anticipate that proposals will span a wide range of topics and disciplines that innovatively investigate questions central to education, including for example education, anthropology, philosophy, psychology, sociology, economics, history, or neuroscience, amongst others.

*NEW: Spencer Foundation: The Racial Equity Special Research Grant
Deadline: June 2, 2021
This program supports education research projects that will contribute to understanding and ameliorating racial inequality in education. We are interested in funding studies that aim to understand and disrupt the reproduction and deepening of educational inequality in education, and which seek to remake and imagine a new forms of equitable education. Thus, we are also interested in research projects that are working toward transforming systems by reimagining educational
opportunities in a multiplicity of education systems, levels, settings, and developmental ranges and thatreach beyond documenting conditions and paradigms that contribute to persistent racial inequalities.

**Limited Submission: America’s Public Interest Technology University Network, (PIT-UN), Year 3 Challenge.**
Internal deadline: June 02, 2021
Sponsor deadline: July 15, 2021
The PIT University Network Challenge seeks to encourage new ideas, foster collaborations, and incentivize resource- and information-sharing among network members. This year, projects addressing any of the priority areas below are welcome. Educational Offerings; Career Pipeline/Placement; Faculty & Institution Building; and Strengthening the PIT University Network. Harvard University, as one institution, can nominate three applicant for this award and the Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

**National Academy of Sciences Awards:**
Deadline October 4, 2021
The following awards are available:
Alexander Hollaender Award in Biophysics
Atkinson Prize in Psychological and Cognitive Sciences
James Prize in Science and Technology Integration
Jessie Stevenson Kovalenko Medal (medical sciences)
John J. Carty Award for the Advancement of Science (infectious diseases)
Maryam Mirzakhani Prize in Mathematics
NAS Award in Chemical Sciences
NAS Award in Molecular Biology (young investigator)
NAS Award in the Neurosciences
NAS Public Welfare Medal
Pradel Research Award (neuroscience; mid-career neuroscientists)
Troland Research Awards (neuroscience, psychology; early-career researchers)

**Society for Emergency Medicine Foundation: Academy for Diversity and Inclusion in Emergency Medicine (ADIEM) Research Grant**
Deadline: August 1, 2021
This grant provides support for research that evaluates the state of diversity and inclusion in the field of Emergency Medicine, evaluates interventions to improve diversity and inclusion in Emergency Medicine, or addresses disparities in healthcare outcomes in the practice of Emergency Medicine among underrepresented or marginalized groups.

**American Association for Cancer Research: Award for Outstanding Achievement in Chemistry in Cancer Research**
Deadline: August 31, 2021
This award recognizes outstanding, novel, and significant chemistry research, which has led to important contributions in basic cancer research; translational cancer research; cancer diagnosis; the prevention of cancer; or the treatment of patients with cancer. Such research may include, but is not limited to, chemical aspects of carcinogenesis; chemical biology; drug discovery and design; imaging agents and radiotherapeutics; metabolomics and mass spectrometry; proteomics; and structural biology.
The American Cancer Society: Clinical Research Professor
Deadline: August 1, 2021
This grant is for investigators who have had the rank of full professor for 15 years or less and made seminal contributions in the area of cancer control that have changed the direction of clinical, psychosocial, behavioral, health policy, or epidemiologic cancer research.

Society for Academic Emergency Medicine Foundation: Emerging Infectious Disease and Preparedness Grant
Deadline: August 1, 2020
This award supports an ambitious program of acute care science in emerging infectious disease that may include diagnostics, patient and provider safety, intervention/therapeutics, disaster preparedness, or other relevant topic areas. Projects leveraging innovative methodological designs, such as implementation trials, computational methods and data science are encouraged. While the focus is on self-limited research projects that are impactful in the current or future practice of emergency medicine and can be completed in a one-year time frame, the funds apportioned for this award are provided with the hope for investigators to propose an ambitious program of research that can lead to a sustained program of externally supported funded research.

The Alfred P. Sloan Foundation: Energy and Environment
Deadline: Continuous
This award supports research, training, networking, and dissemination efforts in this domain that shape the direction of scholarship by investigating under-explored questions that warrant further attention, advance collaborative and interdisciplinary research across the social and natural sciences, involve early career faculty and train the next generation of students, link research with practice, and partner with other funders to amplify programmatic impact. The program’s predominant geographic focus is the United States.

Limited Submission - Searle Scholars
Internal deadline: July 26, 2021
Sponsor deadline: September 30, 2020
The Searle Scholars program supports research of outstanding individuals who have recently begun their first appointment at the Assistant Professor level as part of a tenure track appointment. In anticipation of an invitation from the Searle Scholars program, the Cambridge Campus of Harvard University and the Harvard Chan School of Public Health may be invited to nominate a total of three proposals to this opportunity. The Office of the Vice Provost for Research will manage the application and selection process for the University. Harvard Chan School applicants should apply through HUFP (Harvard University Funding Portal). The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal submission requirements.

Invitation for Nominations - Dana-Farber/Harvard Cancer Center (DF/HCC): 2022 Pew-Stewart Scholars for Cancer Research Award
Deadline: April 30, 2021
DF/HCC has been invited to nominate a candidate for consideration by the Pew-Stewart Scholars for Cancer Research Program and is looking to identify qualified individuals at HSPH. Candidates should be an Assistant Professor whose first academic appointment was not before June 14, 2017. Please note: this opportunity is separate and distinct from the Pew Biomedical Scholars Program.
Internal Coordination Required: Banting Postdoctoral Fellowship
Internal deadline: September 14, 2021
Sponsor deadline: September 22, 2021
The Banting Postdoctoral Fellowship, offered by the Government of Canada, provides two year fellowships to eligible postdoctoral students nationally and internationally. There are no limits to the number of applicants that may apply to the Banting Fellowship opportunity, but those who wish to be hosted by Harvard University must include with their application an Institutional Letter of Endorsement signed by the Vice Provost for Research. Applicants requesting an Institutional Letter of Endorsement are asked to provide the Office of the Vice Provost for Research with a copy of their proposed Supervisor’s Statement. The hyperlink above will bring you to the application portal, where you can find more information on award eligibility and internal coordination requirements.

Robert Wood Johnson Foundation: Health Equity Scholars for Action program
Deadline: June 16, 2021
This award supports the career development and academic advancement of researchers from historically underrepresented backgrounds who conduct health equity research. Grants will be awarded to address the challenges that underrepresented researchers experience; help them overcome obstacles to earning tenure; and make progress toward acquiring independent research funding. Grants will support three aspects of career development: research, mentorship, and connection with a community of support.

The Foundation for Sarcoidosis Research/ Small Research Grant
Deadline: May 31, 2021
For more information and to apply, please click here
This Grant supports smaller scale or pilot research projects, which can be supported either singularly by FSR or through a partnership with additional funders. Proposals are encouraged from investigators across a variety of disciplines, submitting projects which will lead to direct and significant impact upon sarcoidosis research.

Foundation for Child Development/Young Scholars Program
Deadline: May 31, 2021
This program funds implementation research that is policy- and practice-relevant and that examines the preparation, competency, compensation, well-being, and ongoing professional learning of the early care and education (ECE) workforce.

Foundation for OCD Research/ Seed Grant
Deadline: June 15, 2021
FFOR is seeking applications for innovative, potentially high-impact pre-clinical, translational or clinical research from investigators around the world. We seek to support projects that have the potential to significantly advance the understanding of the pathophysiology of OCD and/or improve the treatment of severe OCD.

Pfizer Global Medical Grants (GMG): Burden of Community Acquired Pneumonia
Deadline: June 09, 2021
Studies should will focus on evaluating the burden of community acquired pneumonia, including but not limited to pneumococcal pneumonia, as well as risk factors for and complications from disease.

Pfizer Global Medical Grants: Management of Metabolic Risks that Drive Liver Diseases and Increase Cardiovascular Risk in NASH
Deadline: June 15, 2021
This grants is for projects that will focus on the management of metabolic disorders’ risks that drive liver disease outcomes and increase cardiovascular risk in non-alcoholic steatohepatitis (NASH).

The Robert Wood Johnson Foundation: Research in Transforming Health and Health Care Systems
Deadline: June 28, 2021
The Foundation is funding efforts to examine how recent Medicaid policy changes may alleviate or exacerbate racial inequity and structural racism. Up to $1.75 million will be available for grant applicants, with preference given to applicants that are either public entities or nonprofit organizations.

Robert Wood Johnson: Leadership and Management of the RWJF Culture of Health Prize
Deadline: June 30, 2021
RWJF is seeking to increase the Prize program’s reach to a wider range of communities and its visibility with important audiences, such as policymakers, media, and health equity-focused networks. In a commitment to fairness, RWJF is opening up the opportunity for the leadership and management of the Prize program in its entirety. The next lead for the program will have two main responsibilities: (1) redesign and manage a national competitive process; and (2) use selection, recognition, and other program activities to accelerate changes to the narrative about healthy, equitable communities. More details are outlined in the full request for qualifications.

American Diabetes Association: Health Disparities and Diabetes Research Awards
Deadline: June 7, 2021
The American Diabetes Association is requesting applications for research focused on the impact of diabetes on health disparities and, the impact of health disparities on diabetes and its complications.

Microsoft: AI for Humanitarian Action
Deadline: May 31, 2021
This award supports proposals that relates to developing artificial intelligence (AI) or machine learning (ML) solutions which directly address existing challenges in one of the four AI for Humanitarian Action focus areas: Disaster Response, Human Rights, Needs of Women and Children, and Refugees and Displaced People. We are interested in supporting projects which improve operational efficiency, enable new capabilities, increase beneficiary engagement, or involve rich data analysis for classification and prediction modeling.

The Holberg Prize: Norwegian Parliament
Deadline: June 15, 2021
This prize is awarded annually to a scholar who has made outstanding contributions to research in the humanities, social sciences, law or theology. The Prize may be awarded both for work within a particular academic discipline and for work of a cross-disciplinary nature. The recipient must have had a decisive influence on international research.

APA: Distinguished Scientific Award for Early Career Contribution to Psychology
Deadline: June 1, 2021
The APA Distinguished Scientific Awards for an Early Career Contribution to Psychology honor early career scientists for contributions in the first 9 years post-PhD. For the purpose of this award, psychology has been divided into 10 areas: animal learning and behavior, comparative; developmental health; cognition/human learning; psychopathology; behavioral and cognitive neuroscience; perception and motor performance; social psychology; applied research (e.g., treatment and prevention research,
industrial/organizational research, educational research); individual differences (e.g., personality, psychometrics, mental ability, behavioral genetics)

Alfred P. Sloan Foundation
Deadline: Continuous

- Better Software for Science
  - The Foundation supports research and education in science, technology, engineering, mathematics, and economics. Better Software for Science seeks research that develops practices, norms and institutions that can better promote the development and adoption of discovery-enhancing software.

- Data and Computational Research
  - To accelerate scientific discovery by helping researchers fully exploit the opportunities created by recent advances in our ability to collect, transmit, analyze, store, and manipulate data.

- Exploratory Grant making in Technology
  - To identify areas at the intersection of research and technology where a strategic investment of Foundation resources might be leveraged to empower scholarship.

Lupus Research Alliance: Distinguished Innovator Awards in Lupus
Deadline: June 1, 2021
These awards seek to fund biomedical research that will discover better diagnostics, improve medical treatments and advance translational and clinical research that will ultimately lead to a cure for lupus.

RWJF's Systems for Action: Systems and Services Research to Build a Culture of Health
Deadline: June 9, 2021
This program seeks proposals to measure the impact of collaborations across medical, social, and public health systems that allow organizations to better share in the costs, benefits, power and influence that govern these initiatives. Grants, up to $500,000 each, are available for research to evaluate solutions to these persistent problems.

American Cancer Society: Clinical Research Professor Award
Deadline: August 1, 2021
The American Cancer Society offers a limited number of grants to investigators who have had the rank of full professor for 15 years or less and made seminal contributions in the area of cancer control that have changed the direction of clinical, psychosocial, behavioral, health policy, or epidemiologic cancer research.

Genetech: F. Hoffmann-La Roache: Scientific Project Support
Deadline: Continuous
This project provides funding for general research, translational research, other research or development projects, and/or other initiatives of research organizations, labs, and academic institutions. As part of our company-wide commitment to ensuring a healthier future for all patients, we prioritize projects that build a more fair and just healthcare system.

PCORI: Broad Funding Announcements -- Cycle 2 2021
Deadline: Letter of Intent (LOI): June 1, 2021; Application: August 31, 2021
Applications should address needs of patients, caregivers, clinicians, and other healthcare stakeholders in making personalized clinical decisions across a wide range of conditions, populations, and treatments.

PCORI: Improving Methods for Conducting Patient-Centered Outcomes Research -- Cycle 2 2021
Deadline: Letter of Intent (LOI): June 1, 2021; Application: August 31, 2021
PCORI seeks to fund projects that address important methodological gaps and lead to improvements in the strength and quality of evidence generated by PCOR/CER studies.

PCORI: Broad PCORI Funding Announcements -- Cycle 3 2021
Deadline: Letter of Intent (LOI): October 5, 2021; Application: January 11, 2022
Applications should address needs of patients, caregivers, clinicians, and other healthcare stakeholders in making personalized clinical decisions across a wide range of conditions, populations, and treatments.

PCORI: Improving Methods for Conducting Patient-Centered Outcomes Research -- Cycle 3 2021
Deadline: Letter of Intent (LOI): October 5, 2021; Application: January 11, 2022
PCORI seeks to fund projects that address important methodological gaps and lead to improvements in the strength and quality of evidence generated by PCOR/CER studies.

Global Innovation Fund: COVID-19 Response
Deadline: Rolling
The Global Innovation Fund is a non-profit innovation fund that invests in the development, rigorous testing, and scaling of innovations targeted at improving the lives of the world’s poorest people, i.e., those living on less than $5 a day. For-profit companies located anywhere in the world can apply for funding for projects that address COVID-19 in developing countries. GIF supports innovators at all stages of their life cycle, from start-up and pilot-testing through to larger-scale implementation.

Deadline: July 20, 2021
The need to identify successful system alignment strategies has become increasingly urgent in the wake of the SARS-CoV-2 virus pandemic that causes COVID-19. This pandemic places people with unmet health and social needs at heightened risk of infection and complications, while propagating unmet needs through job losses, school and business closures, occupational risks, and social distancing policies. This call for proposals (CFP) will provide supplemental research funding to teams that are already engaged in the study of a promising system alignment mechanism, with the objective of learning how this mechanism performs in addressing health and social needs during the COVID-19 pandemic.

The PhRMA Foundation: Valuing Health Equity Challenge Award
Deadline: December 1, 2021
This Challenge Award aims to inspire bold and vital research on how value assessment can better capture evidence regarding diverse populations and drivers of health disparities.

Pfizer: COVID 19 General Research Grants
Deadline: Not indicated
Pfizer is currently accepting COVID-19 general research grant requests that address the following areas:

- Studies evaluating COVID-19 burden of disease and sero-epidemiological surveys among specific populations
- Epidemiology studies evaluating direct & indirect impact, including modeling approaches, of Pfizer’s vaccine particularly in specific patient populations
- Studies measuring the impact of efforts to overcome vaccine hesitancy and enhance vaccine uptake
LIMITED SUBMISSION OPPORTUNITIES:

Limited Submission - Brain Research: Foundation's Scientific Innovations Award Program
Sponsor deadline: September 28, 2021

OTHER NON-FEDERAL FUNDING OPPORTUNITIES:

NOTE: When applying for external awards, PIs and grant managers should closely review the terms and conditions for potential conflicts. Any questions should be referred to Harvard Chan School SPA. In addition, ALL sponsored proposals must be reviewed by SPA 7 days before the sponsor due date, so please allow appropriate lead time to work with your grant manager prior to the SPA deadline. Additional information on SPA proposal development policies can be found here.

The Gillian Reny Stepping Strong Center for Trauma Innovation: Stepping Strong Innovator Awards
Deadline: July 23, 2021
This program funds projects that fall into three main categories: preventing traumatic injury before it occurs, improving the treatment and care of traumatic injury when it does occur, and helping patients recover from traumatic injuries.

Lymphangioleiomyomatosis (LAM) Foundation: Established Investigator Award
Deadline: June 15, 2021
The objective of this grant is to provide funds to faculty level investigators for technician support and supplies to encourage the development of new information that contributes to the understanding of the basic biology of LAM expression, and the pathogenesis/management of LAM. In addition, consideration will be given to those projects that provide insight into the development of information that may contribute to new therapies for LAM. All proposals must be hypothesis generating or hypothesis testing and provide sufficient preliminary data to justify The LAM Foundation’s support.

Lymphangioleiomyomatosis (LAM) Foundation: Pilot and Feasibility Grants
Deadline: June 15, 2021
The objective of this grant is to provide funds to encourage the development and testing of new hypotheses and/or new methods in research areas relevant to LAM. Proposed work must be hypothesis generating or hypothesis testing, reflecting innovative approaches to important questions in LAM research or development of novel methods, and providing sufficient preliminary data to justify the Foundation’s support. Results from Pilot and Feasibility Grants should lead to the submission of applications for funding from other agencies (i.e. NIH). At the conclusion of the funding term, applicants are expected to apply for further funding by other mechanisms or from outside agencies. The award is not intended to support continuation of programs begun under other granting mechanisms.

Lymphangioleiomyomatosis (LAM) Foundation: Francis McCormack Career Development Award
Deadline: June 15, 2021
The intent of this award is to develop future principal investigators who focus their time and energy advancing the field of LAM.

Edward N. & Della L. Thome Memorial Foundation: Awards Program in Alzheimer’s Disease Drug Discovery Research
Deadline: June 4, 2021
The goal of this award is to support innovative drug discovery research that will lead to improved
therapies for individuals suffering from Alzheimer’s disease.

Facebook/Next-Generation: Data Infrastructure request for proposals
Deadline: June 2, 2021
Facebook invites research proposals that pertain to challenges of the next-generation data infrastructure.

L’Oréal-UNESCO: International Awards in Life and Environmental Sciences: 2022 Call for Nominations
Deadline May 31, 2021
This Awards recognizes and support eminent women in science throughout the world. Each year, five Laureates are recognized for their contributions to the advancement of science, in Life and Environmental Sciences or Physical Sciences, Mathematics and Computer Science in alternating years. The 2022 edition of the Awards will designate five outstanding scientific researchers in the field of Life and Environmental Sciences, working in the following regions: Africa & the Arab States; Asia and the Pacific; Europe; Latin America and the Caribbean; and North America.

Paralyzed Veterans of America (PVA) Research Foundation: Research Grants and Fellowships
Deadline: July 1, 2021
This Foundation supports innovative research and fellowships that improve the lives of those with spinal cord injury and disease.

AHA: Predoctoral Fellowship
Deadline: Sept. 14, 2021
Enhances the training of promising students in pre-doctoral or clinical health professional degree training programs and who intend careers as scientists, physician-scientists or other clinician-scientists, or related careers aimed at improving global health and wellbeing.

AHA: Postdoctoral Fellowship
Deadline: Sept. 15, 2021
Enhances the training of postdoctoral applicants who are not yet independent. The applicant must be embedded in an appropriate investigative group with the mentorship, support, and relevant scientific guidance of a research mentor.

AHA: Career Development Award
Deadline: December 6, 2021
Supports highly promising healthcare and academic professionals in the early years of first professional appointment, to explore innovative questions or pilot studies that will provide preliminary data and training to assure the applicant’s future success as a research scientist in the field of cardiovascular and/or cerebrovascular disease research.

Improving Postpartum Maternal Outcomes for Populations Experiencing Disparities
Deadline: June 1, 2021 (LOI); August 31, 2021 (Application)
This award seeks to fund large randomized controlled trials (RCTs) and/or well-designed observational studies comparing multicomponent strategies to improve early detection of, and timely care for, complications up to six weeks postpartum for groups more often underserved or experiencing the greatest disparities in health outcomes, including Black, American Indian/Alaska Native (AI/AN), Hispanic, rural, and low socioeconomic status (SES) populations.
Pfizer Global Medical Grants (GMG): Growth Hormone Research
Deadline: June 1, 2021
Research projects that will be considered for support will advance the medical knowledge of short stature. Projects submitted may include: Diagnostics, early treatment, new treatment paradigms; Clinical outcomes, quality of life, and patient reported outcomes; Medication adherence research; Translational or clinical research.

Pfizer Global Medical Grants: Acromegaly
Deadline: June 1, 2021
Projects that will be considered for Pfizer support will focus on: Morbidity and mortality in Growth Hormone Excess; Novel strategies including Quality of Life and Patient Reported Outcomes to evaluate and treat Growth Hormone Excess; Early diagnosis and treatment of Growth Hormone Excess; and Pathophysiology of Growth Hormone Excess.

Takeda Pharmaceutical Company Limited: Innovators in Science Award in Rare Diseases
Deadline: November 22, 2021
Takeda Pharmaceuticals and the New York Academy of Sciences wanted to draw attention to the urgent needs of patients worldwide affected by an estimated 7,000 rare diseases. The Innovators in Science Award recognized scientists from around the globe for their exceptional research in Rare Diseases. This global award recognizes a promising Early-Career Scientist's and an outstanding Senior Scientist's contributions to biomedical science and is intended to support their commitment to innovative research.

IBD Ventures: Crohn’s and Colitis Foundation of America
Deadline: Continuous (LOI)
This a funding mechanism is intended to accelerate the discovery and development of novel research-based products with the potential to alleviate suffering caused by inflammatory bowel disease (IBD). The IBDV program is not a traditional research grant mechanism. Its objective is to identify and support organizations that will benefit from partnership with the Foundation in pursuit of product discovery and development.

Merck: Investigator Studies Program
Deadline: Continuous
The Merck Investigator Studies Program is open to all academic and community-based physicians and researchers worldwide who are interested in conducting their own research. This program consists of committees of medical and scientific staff from different therapeutic areas who meet regularly to review our company’s investigator study proposals. Support is provided based on the scientific merit of the proposal as well as whether it is in alignment with the published areas of interest. Information related to areas of interest and requirements for submission can be found by clicking on the appropriate link for your therapeutic area.

Alfred P. Sloan: Economic Institutions and Behavior and Performance
Deadline: Rolling
This program supports rigorous and objective research projects on U.S. economic structure, behavior, and performance whose findings inform and strengthen decision-making by regulators, policymakers, and the public.

Alfred P. Sloan: Chemistry of Indoor Environments
Deadline: Rolling
The goal of this program is to grow a new field of scientific inquiry focused on understanding the fundamental chemistry taking place in indoor environments and how that chemistry is shaped by building attributes and human occupancy.

**Alfred P. Sloan: Program in Energy and Environment**  
**Deadline:** rolling  
The goal of the program is to advance understanding about the economic, environmental, security, and policy trade-offs associated with the increased deployment of low- and no-carbon resources and technologies across the energy system and the resulting impacts on the quality of American life.

**Alfred P. Sloan: Program in Digital Technology**  
**Deadline:** rolling  
The programs explore how the internet and computing technology are creating new opportunities to empower the scientific enterprise and expand the public's access to knowledge in three areas: 1. Data & Computational Research: The program goal is to accelerate scientific discovery by helping researchers fully exploit the opportunities created by recent advances in our ability to collect, transmit, analyze, store, and manipulate data; 2. Scholarly Communication: The program goal is to empower researchers by supporting the development and adoption of new resources for managing the increasingly diverse array of digital communication channels, enabling scientists to more effectively locate relevant research, network with other researchers, and disseminate their work to the scientific community and the public; and 3. Universal Access to Knowledge: The program goal is to harness advances in digital information technology to facilitate the openness and accessibility of all knowledge in the digital age for the widest public benefit under fair and secure conditions.

**Robert Wood Johnson Foundation: Pioneering Ideas – Exploring the Future to Build a Culture of Health**  
**Deadline:** Open  
The Foundation seeks proposals that influence health equity in four areas: Future of Evidence; Future of Social Interaction; Future of Food; Future of Work. They also welcome ideas that fall outside of these focus areas, but offer unique approaches to advancing health equity and our progress toward a Culture of Health.

**Arnold Ventures: Demonstrating the Power of Evidence-Based Programs to "Move the Needle" on Major U.S. Social Problems**  
**Deadline:** Continuous  
This initiative seeks to spur expanded implementation of such interventions in order to make significant headway against U.S. social problems.

**Fanconi Anemia Research Fund Research Grants**  
**Deadline:** Continuous  
The Fanconi Anemia Research Fund (FARF) seeks to fund interdisciplinary and translational research efforts that will lead to rapid discovery and development of therapies or strategies that treat, control, or cure Fanconi anemia.

**Charles Koch Foundation: Substance Abuse Research Grants**  
**Deadline:** Continuous  
This Foundation is soliciting proposals for projects to consider innovative, community-based solutions that seek to alleviate substance use disorders.
G. Harold and Leila Y. Mathers Charitable Foundation: Grants
Deadline: Continuous
These grants support basic science research in immunology, microbiome, genomics, structural biology, cellular physiology and neuroscience with potential translational applications.

Diamond Blackfan Anemia Foundation
Deadline: Continuous
These grants support research that helps to gain a clear understanding of Diamond Blackfan anemia, and that focuses on therapies or a cure for the disease.

Wellcome Trust: Innovator Awards
Deadline: Continuous
These awards support researchers who are transforming great ideas into healthcare innovations that could have a significant impact on human health.

Robert Wood Johnson Foundation: Evidence for Action: Investigator-Initiated Research to Build a Culture of Health
Deadline: Applications accepted on a rolling basis
This program funds ideas for innovative new research that explores how many policies and efforts in different sectors can impact health.

Brander Beacons Cancer Research
Deadline: Ongoing
This award invests in breakthrough research, scientists and programs to prevent, better treat and cure breast and prostate cancer by injecting funds into programs most closely connected to increased cancer prevention, better treatment outcomes, better access and, ultimately, a cure.

Robert Wood Johnson Foundation: Evidence for Action
Deadline: Continuous
This award funds research that expands the evidence base needed to build a Culture of Health. The program’s mission is to support rigorously designed quantitative, qualitative, and mixed methods research that yields convincing findings regarding the population health, well-being, and equity impacts of specific policies, programs and partnerships. The foundation is especially interested in research examining the health impacts of programmatic or policy interventions that address factors outside the domain of health care services or public health practice.

Amazon: Amazon Web Services (AWS)
Deadline: Continuous
This program funds eligible universities, faculty, PhD students and post-docs under the supervision of faculty, that are conducting novel research in machine learning. AWS's goal is to enable research that accelerates the development of innovative algorithms, publications, and source code across a wide variety of ML applications.

Irish Heart Foundation: Research Bursaries
Deadline: Continuous
These bursaries, funded by public or corporate donations, promote original innovative work in the area of cardiovascular disease which is not easily funded by other sources.
The Waitt Foundation: Rapid Ocean Conservation (ROC) Grants Program
Deadline: Rolling
ROC Grants provide small awards with a quick turnaround time for solutions to emerging conservation issues.

Carnegie Corporation of New York: International Peace and Security Grants
Application deadline: Continuous
The goal of this program is to build a more secure, peaceful, and prosperous world through independent analysis and action addressing critical global challenges. The focus areas are: Nuclear Security; Global Dynamics; Transnational Movements and the Arab Region; and Peacebuilding in Africa.

The Thrasher Research Fund: E.W. "Al" Thrasher Awards
Deadline: Rolling
The purpose of the E.W. "Al" Thrasher Awards is to improve children's health through medical research, with an emphasis on projects that have the potential to translate into clinically meaningful results within a few years.

Laura and John Arnold Foundation: Randomized Controlled Trials to Evaluate Social Programs Whose Delivery Will Be Funded by Government or Other Entities
Letter of Intent Deadline: Continuous
This grant funds strongly designed randomized controlled trials (RCTs) that evaluate social programs with highly promising prior evidence or that are widely implemented.

Tourette Association of America: Support for Research Consortia and Collaborative Research Projects
Application deadline: Rolling
This award supports research consortia working on large issues relevant to TS, including the TAA genetics consortium, neuroimaging consortium, behavioral sciences consortium, and deep brain stimulation registry, which have a direct impact on the patient and research community.

Crohn’s and Colitis Foundation of America: Broad Medical Research Program
Application deadline: Rolling
The BMRP is funding innovative research into the possible reasons for low and high incidence of IBD in different areas of the globe. Proposals should be exploratory in nature or designed as pilot. The research should shed light on factors that may influence low versus high global areas of prevalence of the disease. The research should ultimately be helpful in improved understanding of the etiology of IBD and the factors that enhance or prevent the genesis of the disease.

Robert Wood Johnson Foundation: Pioneering Ideas and a Culture of Health
Letter of Inquiry: Rolling
The goal of this award is to look into the future and put health first as we design for changes in how we live, learn, work and play; to wade into uncharted territory in order to better understand what new trends, opportunities and breakthrough ideas can enable everyone in America to live the healthiest life possible. The Robert Wood Johnson Foundation focuses on four broad areas: Health Leadership; Health Systems; Healthy Communities; and Healthy Kids, Healthy Weight.

Robert Wood Johnson Foundation: Evidence for Action: Investigator-Initiated Research to Build a Culture of Health
Letter of Inquiry: Rolling
This program funds research that expands the evidence base needed to build a Culture of Health. RWJF is looking for research that examines the health impacts of programmatic or policy interventions that address factors outside the domain of health care services or public health practice.

Simons Foundation: SFARI Explorer Awards
Application Deadline: Rolling
This award program is designed to enhance our existing support of autism research by providing timely resources to enable focused experiments highly relevant to our mission. A deeper understanding of the mechanisms underlying autism spectrum disorders or potential therapeutic approaches will require investigation at multiple levels, including but not limited to studies focused on gene discovery, molecular mechanisms, circuits, anatomy, and cognition and behavior. We will consider proposals at all of these levels.

Genome-Wide Investigation of Late-Effects Using the Childhood Cancer Survivor Study (CCSS) Cohort
Application Deadline Rolling
The CCSS leadership is now broadening the scope of this initiative to study the role of genetic susceptibility in the development of non-malignant treatment-related outcomes (in addition to subsequent malignancies) in cancer survivors. Accordingly, CCSS is announcing a request for proposals to collaborate with CCSS and NCI investigators in the use of existing genome-wide association study (GWAS) data and corresponding outcomes-related data to address innovative research questions relating to potential genetic contributions to risk for treatment-related outcomes. Requests will be accepted on an ongoing basis. Requests will be reviewed three times per year, in February, June and October (cut-offs for receipt of applications will be February 1, June 1, and October 1).

Alfred P. Sloan Foundation: Economic Institutions, Behavior and Performance Grants
Deadline: Continuous
The Foundation’s program on Economic Institutions, Behavior, and Performance supports rigorous and objective research projects on U.S. economic structure, behavior, and performance whose findings inform and strengthen decision-making by regulators, policymakers, and the public.

Crohn’s and Colitis Foundation of America: Entrepreneurial Investment Grants
Deadline: Continuous
This funding mechanism intends to accelerate the discovery and development of novel research-based products with the potential to alleviate suffering caused by inflammatory bowel disease (IBD).

Alfred P. Sloan Foundation
Deadline: Continuous
The goal of the program is to grow a new field of scientific inquiry focused on understanding the fundamental chemistry taking place in indoor environments and how that chemistry is shaped by building attributes and human occupancy.

Alfred P. Sloan Foundation: Energy and Environment Programs
Deadline: Continuous
The goal of the program is to advance understanding about the economic, environmental, security, and policy trade-offs associated with the increased deployment of low- and no-carbon resources and technologies across the energy system and the resulting impacts on the quality of American life.
Alfred P. Sloan Foundation: Support for Basic Science Research  
Deadline: Continuous  
This program supports basic scientific research that is led by outstanding individuals or teams, which exhibit a high degree of methodological rigor, which have a high expected return to society, and for which funding from the private sector, government, or other foundations is not yet widely available.

American Association for Respiratory Care (AARC) Research Program  
Deadline: Continuous  
The American Association for Respiratory Care Research Program was established in 1996 to sponsor research to determine relationships between clinical interventions by respiratory therapists and the outcomes of care. The primary purpose of the AARC Research Program is to sponsor research initiatives which can document the clinical and economic impact of respiratory therapists in the delivery of health care. Clinical trials and effectiveness research to determine how clinical interventions by respiratory therapists affect overall health of patients, including physiologic indicators and quality of life, will be considered for funding.

Wellcome Trust: Innovator Awards  
Deadline: Continuous  
These awards support researchers who are transforming great ideas into healthcare innovations that could have a significant impact on human health. Our current focus areas are mental health, neurological disorders and neglected tropical diseases.

grants.gov for other federal agency opportunities  
COS Pivot- Harvard University subscribes to COS Pivot, a comprehensive web-based resource of funding information which publishes more than 15,000 federal, non-federal, and industry-sponsored funding opportunities and is updated on a daily basis. New users must create an account using their Harvard e-mail before performing searches. One of Pivot’s most useful features is its ability to save and then automatically run searches on a weekly basis to notify users when opportunities matching their search parameters are announced. Please contact ORSD (orsd@hsph.harvard.edu) if you have any questions about this resource or need assistance creating an account.
