**Applicants with Prior Advanced Degree: Which Masters Program Is Right For You?**

**Complete your program during the academic year (but may start in the summer)**

**Master of Science in Epidemiology (Academic Year):**
- **Eligibility:** Medical degree or graduate degree in relevant STEM disciplines (e.g., biology, bioengineering, or related social and computational sciences).
- **Credits/Requirements:** 45 credits, no thesis requirement.
- **Length/Structure:** On-campus, 1 academic year, full-time. (2 or 3 years, part-time).

**Masters of Public Health in Quantitative Methods:**
- **Eligibility:** Medical degree or doctoral degree in a health-related field; current medical/dental students after completing their primary clinical year; master’s degree in a health-related field plus 2 years of relevant health experience.
- **Credits/Requirements:** 45 credits, Applied Practice and Integrative Learning Experience.
- **Length/Structure:** On-campus, 1 academic year, full-time. (2 or 3 years, part-time).

**Masters of Public Health in Clinical Effectiveness**
- **Eligibility:** Open to physicians who have completed their residency, and the Summer Program in Clinical Effectiveness (PCE).
- **Credits/Requirements:** 45 credits, required (thesis proposal and contact information of local mentor required at time of application).
- **Length/Structure:** Completed over 3 summer sessions, some flexibility to take online courses during academic year through MPH EPI program.

**Complete your program during the summer term (July & August) with one of the following on-campus programs**

**MS degree**
- **Master of Science in Epidemiology - Summer-Only**
  - **Eligibility:** Medical degree or graduate degree in relevant STEM disciplines (e.g., biology, bioengineering, or related social and computational sciences), but enter program through Program in Clinical Effectiveness or Summer Session in Public Health.
  - **Credits/Requirements:** 45 credits, thesis required (thesis proposal and contact information of local mentor required at time of application).
  - **Length/Structure:** Completed over 3 summer sessions.

**MPH degree**
- **Masters of Public Health in Clinical Effectiveness Summer-Only**
  - **Eligibility:** Open to physicians who have completed their residency, and the Summer Program in Clinical Effectiveness (PCE).
  - **Credits/Requirements:** 45 credits, Applied Practice and Integrative Learning Experience.
  - **Length/Structure:** 2-3 summer sessions.

**Complete a blended online/on-campus degree with 2-3 on-campus sessions and the remainder of the program online**

**45 Credit Master of Public Health in Epidemiology (online/on-campus):**
- **Eligibility:** Medical degree or doctoral degree in a health-related field, Master’s degree in health-related field plus 2 years of health related experience or Bachelor’s degree with at least 5 years of health-related work.
- **Credits/Requirements:** 45 credits, practicum and culminating experience.
- **Length/Structure:** 2 years, part-time. Online/on-campus, see Program Outline below for more information.

Program Outline: This program requires that students are on campus for 2 sessions during June (with intensive on-campus course work), and 1 session in May (optional) in which they present the culminating experience. During the academic year (September-May), students participate in online courses.
